Wow!!! This is the second book in the Righteous Outlaws series and it was amazing! Kade totally got my attention in the first book and I'm so glad his story was next. He's a really good guy and has been in love with Sienna since they were in high school. There were times through the book where I honestly wondered what in the world he saw in her because she was so awful to him, but then she'd turn around and redeem herself. This book had a lot of emotional ups and downs and was not as easy a read as the first one, but it was still a great book and the supporting characters are so much fun. Loving this series!!!

Kade loves his life in the MC, he has his brothers and his bike, but what he wants most of all is Sienna, but she's off limits as she's the daughter of the MC Prez and she won't give him the time of day anyway. Except one night when they both have too much to drink and all Kade's wishes comes true, just for that evening. But hey, not for Sienna when she realizes a couple of weeks later that that night will be with her for years to come...yes she's pregnant. She still can't have anything to do with Kade, as her daddy will kill him if he finds out. What's she going to do? But Kade's a tough guy, he never gives up, or will he when he finds out about the baby? And if that's not enough to contend with, a rival gang is causing trouble for them all. A very enjoyable story. I'm looking forward to more from the Righteous Outlaws MC series.

I'm really enjoying this series even though we only get bitesize views of the bad guys. The books concentrate more on the romance rather than the action but it doesn't take away from the story.

At one point, I did think that Sienna would never soften so was glad when Aubree stepped in.

Melissa says

Now onto book 2 of the series. I, in all honesty did not enjoy this one that much, mainly because Sienna rubbed me the wrong way in a serious manner for most of the book. When I saw her in Beast and Warrant, she only played a minor role and seemed to be a pretty decent sort. But the way she treated Kade through most of the book was horrible, her past is no excuse and her actions weren't any better. By the end of the book, I didn't have the urge to throttle her as much, but my opinion of her still didn't improve overly much. I literally spent the whole book muttering to myself that Kade needs to get over her and there were plenty of much better fish in the sea for him (I'd put my hand up thats for sure). Kudos goes to Kade for his patience levels and quite possibly deserves the title of saint. Considering he's a member of a MC its a stretch, I know, but warranted. Apart from that Savannah has given another well written book.

Mindy Lou's Book Review says

Kade made this story for me. He has been in love with Sierra since they were kids but she doesn't give him the time of day, until one night she finally caves. Sierra is the daughter of the Righteous Outlaws MC Prez and is untouchable. I love that Kade doesn't care that he should stay away. He's in love with her and he's willing to lose his place with the Outlaws and take the wrath of the Prez just to be with her. Unfortunately, Sierra doesn't feel the same. At first Sierra doesn't come off like she cares for Kade at all, but the more you read, the more you learn that she is just trying to protect Kade from losing his brothers.

This is the second book I've read in this series and absolutely loved Beasts story. This one wasn't as good for me just because I didn't enjoy how badly Sierra treated Kade when she tried to dissuade him. Sometimes the pushing away can take some of the enjoyment of a story away and I'm afraid that's what happened with this one for me. I still enjoyed reading about the characters I got to know and love from Beasts book and I was curious with how these two got together. I just would have enjoyed it more if Sierra wasn't so standoffish, however, that was how her character was meant to be. ARC provided by NetGalley.

This is the second book I've read by this author and the second in this series; like the first book I long for the author to develop the characters a little more. We're thrown into a intense scene between Kade and Sienna but we're given only bits and pieces of their history together. I would have loved to read about how they kept each other at arm's reach or when they snuck looks at each other. Especially since we're supposed to believe that Kade in particular had feelings for Sienna for years.

A good story overall though. I just wish the author would have aimed for a longer book to support the characters and develop them a little further.

To be honest, I haven't read many MC's books, but i'm liking very much the Righteous Outlaws!!!

I loved the first book and i liked very much and the second installment, even though the heroine was a little bit of a bitch!!! *But i will explain you later about her!!!*

The thing is that those MC's are so adorable and scaring at the same time...

Yep, they are tough guys on leathers who are doing illegal things, but at the same time, they can be the best persons in the world!!! And i love them for that reason....

But let me talk to you about Kade and Sienna....

Kade Danielson ia another one member of the Righteous Outlaws MC and he is Cash's best friend from the first book!!! All his life is the club, his brothers and his bike... In the club, he found the family that he was never having...

But there is something more that he needs and that's Sienna Jacobs!!!

Kade is in love with her since he was a teenager, but she is always acting like a bitch toward him...

Except that, Sienna is the Prez's daughter and that means that he has to stay away from her, for his own good!!!

Sienna Jacobs is a badass chick. She is the daughter of the president of Righteous Outlaws MC and she will always be his little princess... Sienna adores her father and she will do anything for him to be okay...

She is tough, she doesn't tolerate bullshits, she is riding a bike and she is unconventional...

She doesn't care for love because she is afraid of what love could do to a person and she is oblivious about Kade's love for her... and about Kade in generally...

He is just another one of the rest of the guys in the club!!!

"Fear knotted my stomach, and pissed me the fuck off. I survived this life because I didn't allow fear or any other emotion to cloud my vision. I kept a straight head at all times, and had even been called heartless in the face of tragedy.

I wasn't heartless; I was smart.

Emotions ruined things. Emotions got you killed."

What will happen when after some drinks, Sienna and Kade will end up in bed together???

Sienna will be clear that it was just an one night thing, but Kade is insisting that was something more...

What will happen when Sienna will discover that from that night, her life will be always connected with Kade's???

There is a hope for them to be together???

Or Nick will kill Kade for touching his precious girl???

"Kade might have been a good guy, but he made me weak. Sleeping with him would always be my biggest regret. He made me let my guard down, and, with his baby growing inside of me, he made me want things that I told myself I would never have. I was content, living my life, taking care of my father, and having random one-night stands with guys in bars. I couldn't get attached if I never saw the guy more than once. Unfortunately, I saw Kade almost every single day, and it was getting harder and harder to resist him. But I would, because giving into my desires was a dangerous line for the two of us. Nice guy or not, he deserved better." {Sienna}

"After sex with Sienna, no one satisfied me anymore. She ruined me for all other women, but I would have her again. I would make her mine, president's daughter or not." {Kade}

To be honest, i liked very much Kade, but i'm having mixed feelings about Sienna!!!
But i have to admit that when those two were in the same room, the tension was thick in the air...

As for the sex scenes??? They were HOT and a little bit of aggressive...

Kade was so sweet!!! He knew what he wanted and he wasn't backing up even when the odds were against him... He was a very insistent guy and he wasn't about to leave Sienna alone...

They belong together and sooner or later, she was about to realize that!!!
Especially after he found out what was about to happen, he was more determined than ever to be with her...
Damn the consequences!!!
If Nick wanted to kill him for touching his girl, let him do it!!!!

"She wanted to push me away. Not that I could really blame her. You didn't get more forbidden than the two of us, but it was a price I was willing to pay if it meant more nights with the only girl whoever made me want more than the life I had. It would take some time, but I was a patient man. She would come around to my way of thinking. I knew there was something special between us and, sooner or later, she would see it too."

As for Sienna??? This girl was a little bit cold and cynical...
He made poor Kade's life a living hell!!!

In the beginning, she was oblivious about his feelings, but then, when she learnt, she just didn't care...
Okay, she cared but she was too stubborn to admit it and she was pissing me off...
But damn, i have to admit, that she was a tough nut to crack and she had balls!!!!

***"I didn't want his love. It would only lead to more pain...
If I learned anything from this life, it was that love destroyed you, and I was too strong to let that happen."***

Nope, i can't say more, but in this book weren't only the two of them...
The things were getting ugly as the time was passing and the war was knocking their door!!!

The only thing that i will add is that I really enjoyed and this story in the series and i can't wait for the next books!!!

Bulletproof is second MC love story and this one is about Kade and daughter of the president Sienna. For me this was so much better than the first book. I liked the plot better and the whole chemistry between Sienna and Kade was for me more appealing than in the first book. I loved Kade his presistent his love determination and his gut. But Sienna is whole another story I didn't like her at all. Her sassiness, the way she treated Kade. I didn't understand her attachment to her dad. But all in all it was interesting quick read I volunteered to review an ARC of this book for Netgelly

Sienna was a mean bitch to Kade. Kade really did seem like a lost puppy chasing after her. Sienna supposedly had feelings for Kade but denied them so hard to keep him safe from her father. They end up having sex. He wants a relationship with her but she refuses. She gets pregnant. I dislike books where I wonder if the couple are solely together due to the baby. It was aggravating to see him constantly pursue her then when he finds out she's pregnant he gets mad she pushes him away as usual. Then he lets a clubwhore suck his dick. He goes limp thinking of Sienna but I didn't care. She was horny pregnant and went to a bar for sex. She was turned down. I actually liked the words the guy said about her being pregnant trying to hookup in a bar. Poor Nick.

Savannah Rylan has done it again with the next one in her Motorcycle Club series continuing with Kade and Sienna. I loved that when we read about Cash and Aubree we saw parts of the chemistry between Kade and Sienna. Have to say these two are like hot and cold but when together watch out. I loved that Savannah Rylan brought us back to this crazy, funny and oh so sexy family of bikers with Sienna and Kade. These two drove me crazy with their denials and trying to just be there for each other it was awesome. Cannot wait for what else Savannah Rylan has in store for us and her hot bikers.

I received an ARC of this book free from Mark My Words Book Publicity in exchange for an honest review

Kade has been in love with Sienna since forever, but with her being the Prez's daughter she's completely off limits. Too bad his head, heart, and body didn't get the memo. He pines over her every time she's around. He's one determined man, and after he finally gets a taste, there's nothing in the world that could deter him from getting the woman he loves.

"Let me love you."

Sienna wants things she knows aren't possible and therefore even if they're right in front of her she'll run the other direction in denial. Happily ever afters don't happen in their lifestyle and to think they will is pure fantasy, which is something she won't allow herself the luxury of. However, when she wants something done, she's her father's daughter and will take no prisoners.

"It was getting hot over there. I didn't know something was going on with you two," Aubs said, as soon as I slammed the door.

"There isn't," I spat.

"Yeah, okay, because that's believable. You looked like you wanted to either kill him or rip his clothes off."

Even when Kade is being an ass it comes from somewhere sweet. Sienna is the exact opposite. She's mean and hateful sometimes and I just wanted to throw something at her. Pregnancy hormones be damned. But when their barriers both drop at the same time...they are left with sparks that rage toward inferno.

Bulletproof is book two in the Righteous Outlaws MC series and although the main characters are different in each book the underlying MC issues continue through each one. They definitely have to be read in order. And oh boy am I looking forward to reading book three, Dice.

My Favorite Moment: I always love those moments that can make you laugh one second and then be intense the next. When Sienna takes Dice's advice and goes to Kade for a little relief it's a mixture of humor and hotness.

Bulletproof (Righteous Outlaws, MC #2) by Savannah Rylan

This book!!! I haven't read the first in this steamy series and I was a tad reluctant to begin the series out of order however, it did not matter in the least! This sexy and steamy book can definitely be read as a stand alone.

Sienna and Kade. Where to begin. Sienna is the only daughter of the Righteous Outlaws President. She takes pride in taking care of not only herself but her father as well. With her mother gone at a younger age, Sienna learned to keep her emotions in check and how to provide for those closest to her. Sienna doesn't have a problem keeping people at a distance, she is afraid to take the ultimate leap of faith and allow herself to love someone. She watched her father suffer the loss of mother and she vows she will never allow herself to succumb to such an emotion.

Enter Kade Danielson. Kade has pined for Sienna for years now, much to her oblivion. Sienna thinks Kade will be satisfied with one steamy night of passion but little did she know, Kade is in it for the long haul. All he has to do is convince Sienna to take the leap of faith and he will catch her. Kade and Sienna share a hot night of unadulterated passion but when the night is over Sienna panics and begins to build her defenses against Kade back up from scratch. But how easy can that be when there is tangible evidence of their shared passion, evidence which will change their lives forever....will Sienna allow her heart to open and take a leap into Kade's arms and heart. Or will she allow her fear to drown out any chance at true love she may have?

Such a great and easy read! Definitely recommend!
