## **Chloe** P.D. Workman

Chloe had always been the perfect daughter. Diligent, obedient, good at caring for the other children when Mom wasn't home. She always worked hard and did everything she was asked.

But she couldn't please her mother and the parade of stepfathers. It seemed like the harder she tried, the worse the abuse got.

Chloe had known for a long time that she was two people. The Chloe who watched and the Chloe who experienced. She had been watching for so long, she wasn't sure she could feel anything anymore. But if she can't overcome her past and start living in the real world, she knows she will lose herself forever.

## Praise for Chloe

— I love that P.D. Workman takes you into the darker sides of life and makes you realize after reading one of her books that you shouldn't judge someone by how they act or look because you don't know all that they have been through. Chloe is a very shocking and riveting story about all the risks one girl will take just to try and keep a part of her family together, no matter what it costs her. This book will have you not wanting to put it down until the end because you can't bear to not know what is going to happen next.

—This is one of the more disturbing stories I have ever read... I don't think I will ever forget Chloe's story.

—It feels like I'm reading about my best friend or a family member. I'm thinking about the characters even when I'm not reading the book. [P.D. Workman's] writing style captivates me like no other.

—I could never be as strong as Chloe, the way she grows throughout the book with her strength and learning how to overcome the tragic things that took place in her life. I kept wanting to know more... [it] made my heart happy. Thank you so much for another great read!

## Praise for P.D. Workman

"Every single one of [P.D. Workman's] books has spoken to me in ways no one or almost anything else has. And I have found strength in the books I've read."

"The way that P.D. Workman writes just flows amazingly and allows the reader to get really invested in a book."

"This is one author I certainly will be looking out for, I can't recommend it enough. A fantastic book."

### **Cecily Wolfe says**

I love this series, and have been waiting for Chloe's story for quite awhile.

Chloe's behavior has been a mystery throughout the other books in this series, as her brother and sisters have acted out or fought back as their parents abused them, leading them into the 'system,' whereas Chloe has stood by her mother's side, supporting and defending her, when readers know that her mother must be abusing her as well. Chloe's story is horrifying yet hopeful, a harrowing read for anyone who works with children from an abusive background, in foster care, or situations where there are no responsible, loving adults to care for them and guide them, resulting in young adults who have no idea how to love themselves or others, or how to live in the world safely and successfully. Chloe's happy ending is hard-won, and a reminder that there are children (and adults) out there who need help, and that we should never look away when there may be signs of abuse or neglect.
