### **Rebecca says**

I'll never be ready to say goodbye to my favorite alpha Aussie Cowboys and their kickass women, but if it's time to move on then I'm glad Kasey Millstead gives readers final look into their lives, their love, and the friendships that have lasted decades.

Eden and Jackson will always be my favorite couple because they're the ones who started the series and brought readers into this tight knit community, but the rest of the twosomes added their own brand of steam, romance and drama, which kept us coming back each time, learning more about each couple and what they were willing to endure in order to be together.

What I love most about Cowboy Endings is that readers get to see each of their favorite couples over a decade later and immerse themselves in the reality of life with growing older, having kids who are teenagers or older, and going through situations that all couples may go through at some stage in their relationship.

Each novella is perfectly imperfect which speaks to the realities of life and the possibilities, both good and bad, of spending a lifetime together.

4.5 Stars!

Are you ready to go down under one last time? Who is your favorite... Jackson & Edie, Jeremy & Ava, Clay & Jules, Luke & Laura, Zeke & Sienna, OR Kye & Kennedy? Well now you get a chance to jump forward with them and see what happened years later after they each found their happy ending. It won't be easy for some and it can be challenging, but in the end it was always worth it.

You are going to laugh. You are going to smile. You are going to swoon. You are going to cry. Heck, you might even get a little angry along the way but one thing is for certain, you will definitely fall in love all over again. This author has given us something I have never seen by another author and I am so thankful for that. This book was absolutely perfect and the best ending ever in a series.

I highly recommend this book AFTER you have read this entire series.

This is the 7th book in the Down Under Cowboy series. It is a "wrap up" of all the stories and relationships. It consists of short stories of all the relationships as of now.

This book is strange to me. Ok we read the entire series and everyone lives happily ever after....or so we think. Fast-forward about 15-20 years and every single one of these guys go through some traumatic, life-changing, ordeal.

I was not a fan of this book at all. Why did every one of the guys go through some drama? I guess I didn't understand the point of the book. I do get these relationships withstood the test of time blah blah blah, but I don't know why the series ended the way it did. So strange. Anyway, happy reading :)

What a fantastic ending to this sexy sweet series. I both loved it and hated that it was over. I loved catching up with everyone years later and seeing how strong and sizzling these couples still are as they navigate real life problems along the way.

I give Cowboy Endings 4 hearts!

4.5 star

If you have not already I would recommend reading the below books in this series first:

Cowboy Town (Down Under Cowboy Series Book 1) - (Edie & Jackson story)

Sky Cowboy (Down Under Cowboy Series Book 2) - (Ava & Jeremy story)

Cowboy Dreams (Down Under Cowboy Series Book 3) - (Jules & Clay story)

Tatted Cowboy (Down Under Cowboys #4) – (Laura & Luke story)

Rogue Cowboy (Down Under Cowboys #5) – (Sienna & Zeke story)

Cowboy Redemption (Down Under Cowboys #6) – (Kennedy & Kye story)

This story takes you ten years into the future after the other stories in this series. Each couple has kids and is still together but you get a glimpse of a life changing twist for each other them. Each life change is different

from getting injured to a missing person you get all different stories. You also get to see just how these couples are coping with love and life years later. Are they just as in love as they were in their own stories or are they drifting apart? If you have not read the other books in this series this book will not make any sense as you need the background you receive in the other books to understand this one.

I loved these characters and also the side characters. There are some tear filled moments and some anger filled moments in this story. But all in all I felt I was able to connect with the characters and the story was a great read.

I highly recommend this book and this series.

Loved this book ! Kasey did a great job of giving up a look at all 6 couples in their everyday lives. In each story there was a real angst filled situation and you got to see how the couples and often times their friends and family handle it . I'm hoping we get more of "the parents " in the their "kids" books . Do not read this unless you've read all 6 books would be a super spoiler for you !!! If you've read the series ..you must read this book !!!

So I'm never quite sure how to write these reviews when there's several novellas or stories involved. But I will say this in case you missed it but this is a book of six of novellas of all of the characters in the Down Under Cowboys series. So if you've never read any of those books you'll probably be confused to what is going on in these short stories.

I have to say I have enjoyed reading all of the stories in this series and it was nice to have one more chance to see these characters.

This book of short stories catches up with all of the characters we have come to know and love ten years after Cowboy Redemption. Each one of the stories will either make you laugh or be teary-eyed. Some more than others.

As I said it was nice to see these characters one more time and it was a nice ending to this series.

I'm giving this book 4 out of 5 stars.

I loved the way Kasey has given us a glimpse into the future lives of the Cowboys series characters! I think a lot of the time whilst reading, my heart was in my throat at what certain couples went through! One being similar to something that happened to me! It was eerie! I have really missed the whole gang! I love the whole sense of family in that town and the way they are all there for each other in difficult times! Seriously want to find this town and go move there!! Great work as ever Kasey! You have given the series an incredible ending!!! Complimentary copy received for an honest review.

#### **Incredible endings. I loved this book.**

I'm so glad Kasey wrote this book. So many times we read a series that get so involved in the characters lives that we feel like we're a part of them. At the end of the series we just have to guess at what happens in their life after the book is over. Writing the novellas for the future of the characters is such a great way for closure and to see that they all have every day problems, and every day issues that most of us have as well. Seeing how all of the characters lives ended up was perfect.

I can't wait for more books from Kasey because I love her writing style so much. She really has a way of bringing you into the story and creating wonderful scenarios that are so interesting. Or characters come alive and you really feel as if you're right there in the story with them.

This is a must read series that everyone should read, you will enjoy it so much.

#### **Part 1 - Eden & Jackson**

Jackson is always ready for his woman, "mmm, got the place to ourselves tonight." He rubs his crotch against my arse suggestively. "Maybe I'll eff you against the kitchen wall for old time's sake," It was great seeing these two again and all they accomplished.

#### **Part 2 - Ava & Jeremy**

Ava she brought her 'A' game she was strong for her man, "having a weak moment doesn't mean you are weak. It takes a strong man to admit when he is down. A weak man wouldn't."

#### **Part 3 - Jules & Clay**

Clay is the most sweet out of all the boys, but at the same time he's still a manly man, "he shakes his head. Stubborn arse. "Don't want to take them if I don't desperately need them."

#### **Part 4 - Laura & Luke**

Luke that boy has his woman's number down to a 't', "what are you thinking about, baby?" he asks, his voice turning husky and I know he knows exactly what I am thinking about." This is one of my favorite epilogues in the book.

#### Part 5 - Sienna & Zeke

Zeke is very supportive of his woman, "you're hilarious. My balls," he mutters. "Now, go. Let me know if you want me to come in help you out," he says, squeezing my behind." Zeke is still such a good man.

#### Part 6 - Kennedy & Kye

Sometimes a man just needs his woman, "Kye takes my hand and walks back over to the table. He sits down and then tugs me into his lap. "I just need you close, darlin'," he tells me." I really enjoyed seeing all of our couples again.

This novel is made up of 6 novellas – one for each couple we love from the Down Under Cowboys Series. I love everything I have read by Kasey Millstead but I admit during a couple of novellas I really really disliked her for breaking my heart so much!

Ava and Jeremy's novella destroyed me with their pain, strength and love for each other. Kennedy's story was also heart wrenching to read. That said all the novellas were beautifully written and captivating the whole time, and I loved catching up with everyone in Pine Creek again.

I cannot wait for *Convoluted* now!

I was given a copy in exchange for an honest review.

It's ten years down the road and we get a look at all the lives of each couple to see where they are and how they are doing. I love that we got to see where they are, I enjoyed this book and hate to see this series end. I loved each and every couple, they each had their own unique love story. It is not a stand alone, you would

have to read each of their books and I highly recommend you do that.
