## **Dirty Little Secret** Brighton Walsh

*She's the last thing he needs, but she's the only thing he wants...as long as it's behind closed doors.*

It was supposed to be a one-time thing. No one would find out; no one would have to know. And then once turned into twice, and twice turned into several times a week, and now pierced, punk-loving, rebellious Tia Lanning is banging Mason Brooks, the big man on campus and Mr. All American.

But banging him isn't the problem. *Falling* for him is. Especially when he's content to let her remain his dirty little secret.

## From Reader Review Dirty Little Secret for online ebook

### Callixta says

Brighton Walsh est une auteure un peu inégale mais elle signe ici une nouvelle simple et classique mais très mignonne qui raconte l'histoire d'un quarterback, star montante du foot dans sa fac et d'une jeune étudiante en cinéma qui n'est vraiment pas issu du même milieu.

Quand l'histoire commence, Tia et Mason ont entamé une relation secrète qui dure depuis quelques semaines. Tous les deux sont tombés d'accord pour maintenir le secret. Mason, appartient à une fraternité dont il vise la présidence. Il est fils d'une famille bourgeoise et unie. Tia est d'un milieu plus modeste et ses parents sont séparés. Elle est couverte de tatouages et de piercings. Mason est propre sur lui et bien élevé. Rien ne les prédisposait à se rencontrer et encore moins à partager une liaison. Tous deux ne sont pas très sûrs de vouloir continuer et d'assumer tout cela publiquement. Quand le roman commence, c'est ce qui commence à tourmenter Tia, qui se sent dangereusement remise en cause par Mason.

### Tina ( As Told By Tina ) says

This review was originally posted on As Told By TinaThe cover of My Strongest Weakness caught my attention from the moment it popped up on my Amazon recommendations. Then I read the synopsis and I debated purchasing right that second. I was hesitant for two reasons it was only 81 pages ( according to Amazon, goodreads says its 150) and it was \$2.99. I kept asking myself if I should take the risk and be blown away by an author I've never read or be out \$2.99 for a book I didn't enjoy. I decided to take a chance and let me tell you I am glad I did.

My favorite thing about My Strongest Weakness is that it was one of the few novellas I read that didn't have a whole lot of insta love within those 81 pages. Oh and did I mention this takes place in the 90s?

Tia and Mason have already met and they have been hooking up for quiet sometime. Brighton Walsh gives you a bit of a backstory so that it didn't feel like it rushed. The story was pretty well developed as were the characters.

I also enjoyed that Tia wasn't your cookie cutter quarterback's girlfriend. She loved rock music, she dressed in all black, and she had piercings and tattoos. The complete opposite of what you tend to picture the quarterback's girlfriend.

I loved how even though this was a short story, it felt like a full-length novel. I especially loved the ending and I reread it a couple hundred times because it made me so happy.

I personally plan to pick up more by Brighton Walsh because if she can deliver such an amazing read in a couple pages then I can't wait to see how she delivers in a full length novel.

### **Vanessa McCarthy says**

Good read my heart jumped with tia every time he walked by

---

### **Priscilla Garcia says**

It's been too long since I read something like this, sadly it was a short novel.

I love reading about opposite attract. Celebrity with antifan (now is usually fan who is obsessed, wants to bang the celebrity and they get their way), Nerd with popular kid, Emo/punk/ with football/popular (like in this case), the age gap. Because usually in those situations there is always something that gets in their way; laws, pressure, because you don't want to risk being made fun off, lose popularity. And with those obstacles comes the thrill; the thrill of hiding, the persuasion, the I would never date you but I want you. Personally those situations I love to read about.

I Love Tina she is the type of FC I would love to hang out with. So funny that now her fashion sense is consider sexy to many guys including Jocks. The whole pinup look.

Sadly this was too short to know more about Mason in his POV for me he was more of what others want for him that what he wanted to do, like he talked more about that what other wanted him to do I wish I read more about what he wanted. I feel I knew Tina more when I read her POV than Mason.

I wish I could read more books like this. Overall I love this book.

### **Teresa Mary Rose says**

I can always count on Brighton to deliver a sexy and good story and that is exactly what she did with My Strongest Weakness. I devoured this novella and I really loved both Tia and Mason. I also loved that it took place during the nineties. That was fun.

On paper, Tia and Mason do not work and are opposites in every single way, but in this case opposites attract. The problem is they have both made a mess of things by keeping everything a secret. We all know how cliques work and both of them fall into those cliques and let others define how they acted. I liked watching them work through all of that though. Their chemistry was intense and I really felt the connection between them.

What I really liked about this one is that while it was a novella it never felt rushed or incomplete. I really felt as if I got the complete story and that was awesome. For me, that is always the biggest challenge with novellas. I actually love novellas as a rule but there are times where the story clearly feels rushed and that I don't like. We never had that problem here. I also loved the nineties setting. Leaving notes instead of texting

and mix tapes and walk men, it was a lot of fun.

My Strongest Weakness was a really good novella and I thoroughly enjoyed it. Once again, Brighton Walsh delivered.

---

### **Sarah Bailey says**

I loved this novella. In the short time we had with them, Brighton created multidimensional characters with insecurities, dreams, and fears. I loved watching them get pulled in by each other and the 90's pop references were awesome.

---

### **Timitra says**

I love a good opposites attract story and My Strongest Weakness so was that. The attraction between Mason and Tia was magnetic, they tried not to want each other but it didn't work the pull was too strong. I really enjoyed this story, I just couldn't put it down so I read it in one sitting. I didn't expect it to pack such an emotional punch being that it's a novella but it did. This is my first time reading this author but I won't be my last.

ARC provided by author in exchange for a honest review

---

### **Mandy Moffat says**

A really enjoyable short read.

Tia and Mason were well written complex characters. There was plenty of steam and passion, and a very touching and heartfelt HEA

---

### **Stacee says**

I've always been a fan of Brighton's words, so I don't even look at the synopsis any longer. As long as her name is on the cover, I'll read it.

I loved Tia and Mason. They're so different and yet so similar. I truly enjoyed reading them figure out how to make a relationship out of the twisted hook ups.

One of my main things I love about Brighton's work is that we're guaranteed a HEA, and this was no exception. My only complaint is that I would have liked a bit more from the ending, but that's mostly because I'm greedy.

Overall, a quick and chemistry filled read.

**\*\*Huge thanks to Brighton for providing the arc free of charge\*\***

---

### **Valerie says**

I love this author. Her stories are always easy to slip into, sexy to spent time with, and satisfying to finish.

Mason and Tia are strong characters that come alive on the page. Though this is a novella and we come into their relationship after it's started, the relationship feels real. These two come from very different worlds yet they are soul mates. They balance each other and I cheered for them both.

I loved the message that was woven into this one. We're comfortable with people that have similar interests, look similar and act similar. It's a product of where we came from and who we have become. But it doesn't have to be an ending place. I enjoyed that.

It's a great story that you can devour in a few hours. And you will want to devour it.

Find time for this one. You won't regret it.

---

### **Irene says**

5 stars

I loved My Strongest Weakness, it was a fun, emotional and sweet romance that grabbed my interest from the first page.

I really connected with Tia, loved everything about her and she holds a special place in my heart. Mason was hot and sexy and you couldn't help but fall for him but at times he was such a guy, totally clueless... I wanted to smack him a few times, but when he finally stepped up and acknowledged what we all could see that he loved Tia all was forgiven and I was left with a huge smile on my face.

I have a huge girl crush on author Brighton Walsh and her words. Once again she's given us a heartfelt story that will make you hold your breath and pull at your heartstrings.

*\*I received an advance copy from the author in exchange for my honest thoughts.\**

### **Sheryl says**

**\*4.5 stars\***

---

### **Jamie C says**

This had a really good plot and I liked both MC's. I only wish that it was longer!

---

**Bella Rokie says**

This is not a review. This is just a compliment which I think this book deserves from my point of view. The story is perfect!!! I love Tia so much. I love her character, her personality, her charisma, and I just love how when I'm reading her, it's like I was in her f mind (lol) But yes I agree that this book is perfect if only it was longer..
