Micah says

Jack Russell was having a nice day in the morning, when he noticed his boot was gone. He chews on it. He doesn't mind that it is gone. His bowl, blanket, and squeeker bone were all missing. Now he cares.

Jack went to find out who stole his things. I liked when he actually found the "person" who took his items.

I liked this book because there were a lot of misunderstandings that were worked out.

[read and reviewed by a 7 year old, typed by his mama]

Paméla B. says

These books (I have 3 of them from the series) made me so happy as a kid, combining my 3 favourite things to this day: books, dogs and puns!

A. Hunt says

This was a homeschool read for my son and I. We needed a short read and boy was it worth it. It's funny, filled with doggy puns and laugh-out-loud good. A Jack Russell has moved into a new home but shortly after, he's robbed. So he becomes a detective (his human landlord is an officer), and is on the case!

Kali Shrecengost says

Enjoyed reading this and the other 11 from the series with my son. They are not very long chapter books which is perfect for my 7 year old. The stories are fun little mysteries that kept my son guessing and wanting to read more to find out who did the crime in the book. Also loved how it was written....as Jack Russel would say it was "Pawfect". Great reads and recommend them to any one with younger children!

Tara says

Wishbone read alike. Cute mystery and a very sassy pooch!

Pamela says

Jack Russell, Dog Detective is told from Jack's point of view.

Jack's owner is Sarge and they are moving out of Sarge's Aunties house to a town called Dogeroo.

While you read you will find lot's of "jacks facts" as well as explanations regarding words that Jack uses like, "terriertory" and "terrierfying". This chapter book also has imaginative little maps and illustrations through out the pages that makes it really fun and funny. Yes, I LOL'ed a few times.

I think this series would be great for boys or girls and have been recommending it and getting good feed back about it at work.

L says

It was about a dog detective and he found a old dogden and he thout there were dog nappers. But it terned out to be no dog nappers. But he found a dog named foxy and he had stolen jack russell's toys and reds toys.

J Crossley says

This book made me laugh out loud. Although it is a child's chapter book, i enjoyed it. I wish that these books were on Kindle.

Ann says

Intended readers (ages 4-8) would probably love the broad humor of this series about (what else) a Jack Russell terrier's sleuthing.

Olivia says

I liked it so much i read it in one night!

Sophia says

It was a good mystery with really good characters.

Horace Mann Family Reading Challenge says

In this story, Jack's favorite items have been stolen. He finds out another dog named Foxie took his things. Auntie Tige wanted to take him home. L.A.

Marisa says

So cute, Jack is quite a character. Illustrations and silly Jack Russell-ism add to the charm.

Dharia Scarab says

My love of reading started when i was young, and it gives me immense pleasure to provide books to Spread the Word Nevada, an organization that passes them on to children in the community. They are a terrific organization supporting an important cause. If your local I encourage you to check them out. For those living further a field, look in your own community, their may already be a similar program in place. And if not, you can always help start one.

Myself, I go out on the weekends and shop thrift store and bulk book lots to rescue books and donate them. Sometimes I'll find a book I remember reading when I was young and will read it again before passing it on.

I don't rate these books using my normal scale, instead I give most of them three stars. This isn't a Criticism of the book, simply my way of rating them as good for children.
