## Evil's Root Michael Segedy

Award winning author Michael Segedy won the silver medal award in the 2013 Readers' Favorite International Book Award Contest for best terrorist thriller and the 2016 Best Indie Book Award for best adventure novel. Evil's Root was also a finalist in the same contest.

Publishers Weekly: Two journalists set out for the Amazon to cover a plane crash that has killed a U.S. senator. The Peruvian government claims the Shining Path rebels are to blame, but is that the truth?

When American expat journalist Steve Collins sets off for the middle of the Amazon Jungle to cover a plane crash with a U.S senator aboard, he has no idea how his life is about to change. The Peruvian military is claiming the Shining Path rebel insurgency launched a missile attack on the aircraft, and the U.S. embassy is backing the military's claim. Steve's editor informs him that Jennifer Strand, a gorgeous, spunky young journalist embedded with the U.S. embassy, will be accompanying him to the crash site. Though wide apart in their political views, they manage to set aside their differences as they attempt to unravel the dark mystery behind the senator's death. Their investigation places them at the heart of the conflict between the rebels and the Peruvian government while taking them on a terrifying adventure in which they uncover shocking truths that transform their perceptions of the world and of themselves. Evil's Root is not just a political thriller. It is a powerful tale of romance and courage, of dark intrigues and harrowing revelations, of absolute power and secular evil. But more than anything, it is an encomium to brave souls, past and present, who have shown the will and moral commitment to confront the dark forces that threaten civilized life.

## **From Reader Review Evil's Root for online ebook**

### **Veronica ?? says**

Firstly, I would like to thank Michael Segedy and Goodreads for my free copy of Evil's Root in exchange for an honest review.

Evil's Root is a combination of Michael Segedy's In Deep and Cupiditas.

This novel has it all drug lords, corrupt government officials, romance, drama, twists and political intrigue. In the first part of the novel I didn't feel the thriller moments, the hold your breath as you read moments. When Collins is sitting in the chair with a gun to his head you want to feel how scared he is, I just didn't feel it. I loved the twists and Indiana Jones style romance.

The second part of the novel gave the reader much more as the story started to evolve and escalate. The ending was definitely hold your breath drama and I loved, loved, loved it! This was no happy ever after romance story. Overall I enjoyed this novel, slow in parts, but well worth the read.

### **Bill says**

Now I understand why In Deep (Segedy's other political thriller), which I read back in November seemed to abruptly end. In Deep was really the first half of this book. I'm happy I decided to read Evil's Root. This is definitely a great climax for the first book. I recommend that readers buy this Evil's Root because it contains both In Deep and Cupiditas. I enjoyed the suspense, the intrigue, the minor and major characters, but probably more than anything, the romantic connection between the two major characters, Steve Collins and Jennifer Strand.

---

### **Jane Sloan says**

A wonderfully powerful tale of romance, suspense, and political intrigue. The novel has memorable characters and social and political commentary that is right on the mark. And it moves fast. Excellent writing. You won't put it down until the last page.

---

### **Best Indie Book Award says**

Winner of the Best Indie Book Award!

---

### **Mark Palmer says**

This is an interesting thriller exposing much of the merky world of politics and corruption in South America that you don't see on the news. The writer has lived in Peru, where the novel is set, and it shows as he clearly knows the country and its people very well.

The plotting is quite intricate but comprehensible, and there is a lot of guessing who are the good guys and the bad guys! The characterisation is good, and there is always plenty going on. Much more of a political thriller than an action thriller, this is definitely worth a read if you are looking for something to stretch your mind and horizons to a part of the world I was unfamiliar with.

### **Susie Spizzirro says**

I rec'd Michael Segedy's *Evil's Root: A Political Thriller* as a free give away winner. I was not aware he had other books before this one. This was my first read of Michael Segedy. I always read the free books I win on Goodreads, I always rate the book and give an honest review as soon as possible.

*Evil's Root* is a true political thriller. The book contains 43 chapters all appear to be in small print for an old woman. True to my word I began reading and realized in no time I had read 14 chapters. I could hardly wait to get back to my reading.

*Evil's Root* contains plenty of action, intrigue, romance and shows the power moves of our men in government. Politics, corruption and romance; who could ask for more?

Thank you Michael Segedy and Goodreads for my free book and for the opportunity to read another great book. I highly recommend this book to everyone. A good read. susie spizzirro
