Falling for Trouble Jenika Snow

Sophia Kidd has been in love with her best friend Abe Rochester since they were children. With both of their pasts scarred, the only people they can rely on are each other. Unfortunately, Abe has never shown interest in her as more than a friend.

Known as Trouble in their town, Abe enjoys women, bar brawls, and liquor—and not in that particular order. When one night of drinking results in Sophia and Abe in bed together, she finally has hopes that the man she loves returns her feelings. But when dawn arrives and Abe has no recollection of their passion, humiliation has Sophia fleeing.

She can't run forever though, especially when she finds out she is pregnant. Sophia has no idea how to tell Abe that he is the father when he doesn't even remember sleeping with her.

Angel Cade says

Such a sweet, short, angsty story. :) I loved it. I loved all of it.

The characters, the story line (however predictable), the dialogues. And Abe. Dammit, he was the fuckin' star of this book.

Let's break the plot down:

Sophia 'Kid' Kidd has been in love with her bestfriend Abe 'Trouble' Rochester for as long as she can remember. He's been there for her in need, in pain. He's sweet, has hot body covered in tattoos and a beautiful heart that only Sophia knows about. But... the thing is. Abe is a man-whore. He's borderline alcoholic and trouble always finds him. When it doesn't, Abe goes looking for it. And he has no idea about her feelings.

Unbeknownst to Sophia, Abe has been secretly in love with his best friend ever since they were kids.

But when things happen unplanned and a drunk Abe and a sober Sophia end up in bed together only to have Abe forgotten all about in the morning, shit goes down.

Of course, they have their happy ending but they need to tackle this gorgeous piece of a man called Hunter. Oh how I would love to read his own story!

Anyhoo... Its a really short read without alot of indepth and waiting. It doesn't drag in places and is fast-paced.

The best part, however, is that the author chose to help Sophia move forward after the "epic-night" disaster. I loved that Sophia didn't mope around for 5-6 years thinking Abe would come to her. Felt realistic that way. ;)

Couldn't help but keep singing Taylor Swift's Trouble whenever Abe was in the scene. He surely was one helluva piece of trouble. ;)

P.S. Thanks Aayesh. :* I went in blind and totes loved it. *hifi*

Leigh says

The story was too short and fast paced so imagine how all the drama, sex and blah blah compressed into it.

For me? Honestly, I couldn't feel the romance between the two, sorry. It was nothing bland - I just liked the friendship more?

Flavs is Mrs David Gandy♥~♥' says

Too Short :-)

The BookChick says

My Rating: ♥♥♥♥♥

VERY GOOD: The characteristics of a heart book include: a great story; I loved the characters; and there was an interesting plot and unique story elements; there may have been a few odd things kept the story from being amazing. I would read it again and I would recommend it to a friend.

My Thoughts:

Falling for Trouble was equally sweet and sad in parts. Abe and Sophia were both dealt some serious blows by life but their friendship and love anchored them. Through good times and bad; false starts and burnouts; they were always there for one another. I think the last line of the book summed the story and their relationship up perfectly:

"Who knew two scarred pasts could create such a perfect, beautiful little future."

Night Owl Review

Original Review Published here: <http://www.nightowlreviews.com/v5/Rev...>

Sophia Kidd had known Abe Rochester since they were children. They are best friends and Sophia is in love with Abe. But she thinks he only thinks of her as a sister. So she does not pursue those feelings until one night when they have sex. She thinks everything will change until the next morning. Abe has no memory of whom he had sex with and does not understand why Sophia is pulling away from him.

Sophia is a smart and strong woman. She loved Abe but is not willing to be one of the masses of women that

pursue him. She wants Abe to recognize her as something other than a friend. I cannot imagine having sex with someone that you love and the next day they don't even remember it. How that broke her heart.

Abe drinks too much, and sleeps with almost anyone. Sophia is always there the next day to help him with his hangover and make him breakfast. When she begins to pull away, he realizes how much he loves her. Once he finds out Sophia's bombshell, if she is right, he has to straighten up quick.

The chemistry between Sophia and Abe is explosive. They were great friends before anything sexual happened between them. I think Abe has not looked for anything permanent because he had Sophia until she began to pull away. The sex scenes between Sophia and Abe was hot and steamy.

I am not a fan of short stories, but I loved this story! Overall, this was a wonderful story. I hope to see more from these characters and this author in the future.

Riris Riris says

wellll.....usually i like this theme, friend to lover, pregnancy
but this book.....meh,,,
the heroine was so unfair, idk the motive she made friend with the hero earlier.....because ohhh he is so handsome and the eyes ohhh so blueeee or because trully friend
yes i know the heroine was afraid ruined their friendship, but just because he didn't know what happened last night, she shouldn't leave the hero in the dark and ignore him for a long time.

Nadia says

I loved it, a sweet and heartwarming story with just the right amount of angst. But I wish it was longer; It just had the perfect setting for a full length book.

B.E.Love says

Sophia and Abe grew up best friends both suffered more pain than most, they always had each other no matter what. But Sophia has been in love with Abe since they were young, the problem is that Abe doesn't look at her as anything more than a friend and sister. Abe drinks more than he should and sleeps with anything that can walk and Sophia is there to help with the morning after and making sure he makes it home safe. Abe lost both of his parents when he was in high school and he's gotten worse since. On the night of Abe's mothers birthday Abe gets very drunk and almost ends up in a fight and Sophia is there to take him home.

When they get to Abe's house things quickly get out of hand and Abe tells Sophia he wants her. Thinking she may finally have her dream Sophia and Abe spend the night together and Sophia loses her virginity. But when Abe wakes Sophia quickly finds out Abe doesn't remember anything. Broken hearted Sophia leaves, Abe sees the change in Sophia and decides now is the time to get his life in order and tell Sophia he loves her and has always loved her. But Pain and fear quickly get in the way, and now it seems Sophia may have

finally found the strength to move on. But Sophia has a huge surprise that will change both Abe's and her life forever she will just have to tell him first. And Abe will have to become the man Sophia deserves because he knows she deserves the best.

This was a really good quick summer read. Abe was a man wh*re in every sense of the word but I still loved him and he does everything he can to fix his life and be worthy of Sophia, he knows she is his everything and that he will never find anyone better or love anyone more. Another thing I loved about Abe was that he didn't run scared to the first woman he saw when things got hard or looked bleak, he took responsibility for making his self healthy and better so that he could be the man Sophia deserved. Both Abe and Sophia had painful pasts and wanted something better for their lives, while knowing the other would never be within reach. I fell in love with both Abe and Sophia and I was rooting for them the whole way, wanting them to figure it out and find love with each other. Jenika Snow again wrote a great book that sucked me in and had me hooked till the last page.

San-Dee Keefner says

Spoilers below *****

Let me get this straight. H has been involve with h since forever (they were best friends) and what does he do to show that he loves the h??? he sleeps with everything that moves., even if he does not like the girl.

SERIOUSLY????

so needless to say I did not buy one least bit that the H ever loved the h, And for the love of God, I can not read another book about a h who loves the pathetic hero so much that she never dates or has sex with any one else while the douche bag is sleeping with everything that moves. No sensible woman would stand by and watch this and not say "screw that!" I'm out" Seriously. and this Douchsicle supposedly loves her. Can not imagine what he would be like if he did not care for the h. I mean, the h has caught him numerous times in the throws of sex, just after having sex, or cleaning up after him from having sex all with other women. And continues to make breakfast for him every time. I mean like WTF?? Seriously lets canonize the heroine and be done with it.

Robin says

I received this book for free in exchange for an honest review. This does not affect my opinion of the book or the content of my review.

Falling for Trouble is an enjoyable, quick read by the always delightful Jenika Snow. Falling for Trouble had it all – two interesting characters that you are rooting for, a believable storyline, and a lot of heart.

Sophia and Abe have been friends since they were children. They bonded over their difficult childhoods and still took care of each other no matter what. Abe drinks more than he should and sleeps with just about any woman. Sophia is secretly in love with Abe but is afraid to tell him for fear she will lose even Abe's

friendship.

One night Abe has too much to drink and when Sophia drives him home, the two sleep together. The next day Abe has no memory of their passionate night. Sophia realizes that she must move on from Abe and she begins to date another man. But soon Sophia realizes she's pregnant and wonders how Abe will react when she finally tells him the truth.

I was fascinated by Sophia and Abe's relationship. There were closer than many couples I know, but they continued to pretend that they were just close friends. Each morning Sophia would show up at Abe's house to make him breakfast. She would just come late enough to ensure that she would not run into the girl du jour. Abe seemed to take Sophia for granted and she let him.

Abe is definitely the bad boy. He let his painful past haunt him to the point of throwing away Sophia, the only good thing in his life. Because Abe did not love himself, he could not believe that Sophia could love him. So Abe makes the decision to turn his life around. He works on making himself the kind of man that Sophia deserves. But is he too late? Even knowing that romance books have happily ever after, I was transfixed on the pages wondering what was going to happen next.

Ms. Snow was able to tell a lot of story in *Falling for Trouble* despite the limited pages. I felt Sophia's struggle dealing with Abe's lack of memory. I cheered when Abe turned his life around. Ms. Snow pulled me into the story from the first page and I read *Falling for Trouble* straight through until I got to the happy ending. They say good things come in small packages – *Falling for Trouble* is definitely a good thing.

Linda Sims says

SWEET ROMANCE

Short story about two lifelong friends Sophia and Abe. Sophia had been in love with Abe forever, but he only sees her as a friend. He even treats her like a sister. Abe was trouble, in fact that was his nickname in town. Sophia had to standby and watch him drink to excess, and work his way through a string of women. Then one night when he was drunk and Sophia took him home they had sex, Sophia hoped it would mean something. But Abe didn't even remember. Heartbroken she starts to distance herself from him.

This is the second book I've read by this author and I have to say I like her style. I just wish this had been longer. The characters are very well portrayed, the emotion and sexual tension that the author injects into this is very tangible. If you're looking for a nice romantic read this fits the bill IMO.

Heather in FL says

This was really sweet, if a bit angsty. Sophia and Abe have been friends for a very long time. Sophia's mother was a drug addict and not much of a mother, but Sophia had Abe so things were OK for her. Abe's parents were killed when he was a teenager, and he never really quite got over that. He medicated himself with alcohol and women. And Sophia was always there to pick him up and take care of him. It broke her

heart every time she saw him wasted and taking another woman home, but she couldn't handle Abe *not* being in her life so she just dealt with it.

And then Abe takes her virginity during a drunken stupor. Sophia doesn't realize how drunk Abe is, and he's calling her by her name and saying all the right things... she thinks he's at least somewhat lucid. But the next morning, he doesn't remember a thing, and Sophia is mortified. Even more so when the results of that night become apparent not too long after. But Sophia had started to pull away from Abe... she's not sure how to handle what's happened between them, especially since Abe doesn't remember. For his part, Abe has decided to try to make positive changes so he can be worthy of Sophia.

It ended up being really sweet. I was so sad for them while Sophia was trying to distance herself and Abe had no idea what was going on. I felt bad for Sophia when Abe jumped to the wrong conclusion and didn't believe what Sophia was telling him. But ultimately, it worked out in the best possible way.

Shanean says

"I received a copy of this book from the author in exchange for an honest review".

How do you tell your childhood friend that you're in love with them? Sophia has been in love with Abe for what seems like forever but Abe has never shown any interest in Sophia other than as a close friend and sister. Abe is known as "trouble" in the town and has quite a reputation with the ladies and drunken bar brawls. But no matter how much trouble Abe gets into or what demons haunt his nights he is still always there for Sophia, and for her that is enough if it is the only kind of love she can get from him.

Sophia is constantly there to bail Abe out of trouble, clean up his mess and make sure he gets home safe. On the anniversary of his mothers birthday Abe drinks himself stupid and tries to cause a fight. Sophia is there once again to defuse the situation and take Abe home to sober up. However her curious touches to an inebriated Abe turn into a night of passion with some very substantial consequences. The next morning when Abe is not surprised to see Sophia in his kitchen looking quit disheveled with no recollection of the night events Sophia flees in humiliation and hurt.

With Sophia distancing herself from Abe he finally takes notice of her and decides to make himself worthy of her love, but is not quick enough to act. Sophia has decided to move on with her life and maybe find happiness with another. Fate (it's a beautiful thing) steps in and Sophia now has to confide to Abe about their passionate night together and the child she now carries. Now comes the hard part convincing him that it all happened.

I loved this story. It pulled me in from the first page and kept me turning till the end. Author Jenika Snow has a natural talent for writing characters that make the reader feel what that characters are feeling. Her characters are real; their problems are relatable and could easily be your own. To be able to relate a character to your readers like she does is the true talent of a writer. I can't wait to read more by Jenika Snow.

CC says

Not a bad story but I really hated Abe. Never redeemed himself to me.

Lauren says

Sophia and Abe have been friends for years and years. and most of that time Sophia has been in live with Abe. But she watches as he frequently picks up girls in front of her and takes them home. And she frequently witnesses them i n states of undress when she comes over tonmake him breakfast in the morning. One night, she takes hiim home to keep him out of trouble, and ends up sleeping with him. But things change when he wakes up in the morning, and doesn't remember a thing.

I had a hard time with this book. I feel bad for Sophia and her unreturned affections. BUT it seems like she is a masochist because she knows what she will continue to witness, and acts like it doesn't bother her. And she's an admitted enabler. I had a problem with Abe's charachter, because he has no respect for Sophia to treat her that way and let her witness his shenanigans, even though she is supposed to be his best friend. And the fact that he didn't believe her when she told him he was the father didn't sit well.AND the fact that she got pregnant made me want me to SMACK her. I mean, she knows how promiscuous he was. It would NOT BE OK to have unprotected sex with him just because she "trusts him"

I like Jenika Snow, but this story was a miss for me.
