If Not For Love Miss Candice

Falling in love with the hottest, most hated kingpin in the drug game had changed Ivy's life for the worse. Hakeem was a force to be reckoned with and Ivy had definitely met her match. Still, after all their drama the love remained. However, the two could no longer be an item. After falling victim to a crime committed by a close friend, Keem shows his undying love and loyalty by seeking revenge. Hakeem Miller had relocated from New York, to the grimy streets of Detroit where he quickly rose to the top. But as they say – 'you can only stay on top for so long'. Flooding the streets with drugs, hood fame, and bringing in serious dough did nothing but fill larceny and greed in the hearts of soldiers he thought he could trust. The hustle he'd grown to love had done nothing but cause turmoil and bloodshed. Love had caused him to slip-up. Could that slip-up have cost him his life? Were the two really over? Will Ivy ever heal from the pain and heartache caused by Hakeem?

I enjoyed reading this book and the various characters.

I became engrossed with lives of Ivy and her girls. Along with Hakeem and his main crew and the interactions between both groups.

Good

Good book. I couldn't wait to read it. From beginning to the end it kept me entertained. The first book I wasn't so sure if I wanted to keep reading the series. But I must say it got better with each book.

The Best for last

This was the perfect ending for a BANGER series. With each installment it got better. I laughed, cried and was passed at times but it was all worth it. I really hope that Miss Candice gives me an update book cause it's hard to say goodbye to my favorite crew especially Ivy and Keem. But this book was truly a CERTIFIED BANGER.

Omg this whole series was off the hook. I couldn't get enough. When I reed that Miss Candice actually killed off Keem, OMG I was screaming and carrying on asking why would u go and killed off the main character like that. It didn't make any sense to me but I knew in the back of my mind that it was a set up to bring him back so he can reck shit. I'm so happy with the outcome and the ending, you did a fantastic job and I can't wait to read more of your books.

If Not for Love 3

Oh, wow! There was a lot of action and drama filled characters in this finale. Ivy told the story in the third person which kept me laughing out loud. I read this book without the expected suspense/mystery. Still a good read. Book 3 gets 4**** due to typos and grammatical errors.

The skillful author Miss Candice is back at it again with part three of this series. I'm happy that I gave her work a chance, and now I'm hooked on her writing style. She has a way of writing that makes you feel like you are in the story, which not a lot of authors are capable of doing in my opinion. Like the previous books, this one contained minimal if any grammar/ spelling issues (too many are irksome). The storyline in this series flowed from book one through this one as well. I don't have many if any complaints about this book or any of Miss Candice's other books (unusual for me when reviewing books). The songs I think fits this book is a mix between Bonnie and Clyde / On the Run: Beyoncé + Jay-Z.

Trina: Although, what I wanted to happen with her didn't happen (LOL), she will always have to suffer from

her actions. When you start growing up forgiveness is a must but usually forgetting never happens. In some cases, it should never be forgotten, like this one.

Ivy: Naïve...or Nah? She does have naïve tendencies, but she still shows she is not to be messed with either. The growth process for her is a positive thing. Sometimes pride can get in the way of happiness, which is why it is important to keep it in check. One thing is for sure she is a real survivor, fighter to the end.

Hakeem: One Intelligent man, to say the least, showed that love can make you do some abnormal/reckless things to keep it. A lot of people look for that “ride or die” person, and once they find it you do everything possible to keep it. He surprised me with his intuition and preparedness, but I loved that. The motto is always “If you stay ready, you do not have to get ready!

After this series, I am excited for the release of future work by author Miss Candice. Miss Candice is someone people shouldn't overlook if looking for originality and talent.

This part 3 was too good

Keen is dead and ivy is so miserable. Ivy wants revenge on anyone involved in his death and with the help of ocky she eliminate Fred. Ms. Miller keeps in touch with Ivy. Tosh learning money raped ivy she gets a abortion. Penny can't seem to find the right guy for her,now she in the hospital on life support. Ivy visiting new York stays with ms.Miller and sleeps in keems room only to get supicious. Jabar running into ivy seem stranged. Keem being alive was shocking to ivy but after disrespecting his mom,keem puts her in a hotel and leaves. Finally tired of keem ignoring her ivy heads back home only to have tosh tell her grow up, so she rushes back to keem but he's gone to handle his problems. Keem not following doctors orders, tracts down nate to kill him but ends up hurting himself more. Ivy worried about penny,sees her mother and has no emotions towards her,deals with keem being missing only to find him creep in in her house. Ivy killing jabar was crazy,but once the fbi come after her she leads them to keem and they flee the states. Finally ivy and keem are together for love with a baby,great ending Candice
