Interview with the Dom

Rylee Swann

Interview with the Dom Rylee Swann

There's just one condition to this interview... Will I survive the heat when we come together?

When the respected newspaper I work for changes owners and becomes nothing but a gossip rag, I quit. Bad idea. Three months later, I'm still looking for a job, watching my savings dwindle down into nothing.

Then a miracle happens... Glam magazine needs a journalist for their World column. I couldn't be more perfect. Except that their idea of news is vastly different from mine. Instead of writing award winning editorials about world hunger and sex trafficking, I'm assigned to interview Master X, the handsome owner of a sex club.

The Dom agrees to the interview... on one condition. He won't answer my questions about his lifestyle. He wants to show me instead.

Interview with the Dom is a standalone novella guaranteed to steam up your Kindle. No cliffhanger and a very happy ending.

Jo says

I received an ARC in exchange for an honest review and holy hotness, this book was unexpected in the most awesome of ways!! It may be a novella, but Rylee Swann managed to pack it full and create a work of art that balances the erotic with the steamy, the sensual with the sweet, and in the end it is pure perfection!

Caroline, the female protagonist, was an out of work journalist who accepted a job for a magazine she didn't mesh with out of sheer necessity. Her first assignment was to interview the successful Dom, Xavier, who owned the hottest sex clubs the world over. One interview, however, was all it took to change her life forever.

Xavier, the Domly male protagonist, was lonely despite his outlandish success. He was work centered and completely unprepared for Caroline and the feelings, long suppressed in his life, that she drew from him.

Sparks, inhibitions, and zippers fly when these two collide, proving that a book doesn't need to be full length to make you pant for more.

Mary Mutisya-Astin says

Wow! Hot, steamy and so much more than just an interview!

Well, Rylee, you have done it again! I loved this story.

Caroline quits her job as a journalist after being subdued by the chauvinistic men who run the paper she used to love to work for. Forced to eat through her savings until she finds more work, a job opportunity lands her in the world of GLAM magazine. Feeling unfashionable, not young enough and unconfident she finds that her first job at the magazine is to write an article on a new sex club in town, Club X and more importantly get an interview with the fiercely private Dom, Master X.

Armed with nothing more than her stubbornness and tenacity to get the job done she walks into the unknown world of Club X. What she doesn't expect to find is that it is not at all what she expected and the Dom himself can sense something in her. When the two meet they heat up the pages from the outset, but will this be more than just an interview with the Dom?

This book is shorter than some of Rylee's other work but you will not be disappointed.

I read an ARC of this book voluntarily for an honest review.

Bellereader says

Caroline and Xavier are so sensationally steamy and sizzingly sexy in their saucy Domatasic tale. Caroline is having absolutely abysmal luck when it comes to employment. Don't get her wrong she loves "Lois Lane"ing it but after 8 years her current job has turned her into a glorified tabloid stringer with a sexual

harassing boss really adding insult to injury. So fed up she quits and desperately tries to find another writing job - but with it being a dying industry the pickings are slim. Finally she gets a call back with Glam, but the youthful atmosphere just might be the death of the 30yr old. They send her on an assignment to find out about Club X New York's hottest new BDSM club. Once inside Caroline knows this world is outside anything she could have imagined. Xavier, or Master X, as he is known in these hallowed halls has been growing restless. So focused with expanding the Club X empire he hasn't had the time or inclination to play in quite some time - until a vision in blue walks into his opening night. A lost lamb he is desperate to shepherd. Turns out this woman is none other than the journalist that has been hounding him for an interview. If Caroline wants to know about his world he will give her a very hands on demonstration. His limits are finite and clear, but something about Caroline has him rethinking everything.

I voluntarily read an advance reader copy of this book.

♥?Fantasy Land Blog Book Reviewer♥? says

I loved this novella from Rylee. It hits all the right spots with hotness, romance, and characters. I could not put this book down until the very end and even then I wanted more. Great book. I voluntarily read an advance reader copy for my honest review.

JoAnne Carr says

Caroline works at the same newspaper but, lately the paper was becoming more of a gossip rag. Caroline lands another job and her first article is to interview Master X at his new sex club. Xavier was looking down from the balcony he spots Caroline who looked out of place.

Xavier goes up to Caroline and stands behind her and comments in her ear as she watched a Dom with his submissive. Caroline turns around and sees it is the man from the balcony. Xavier introduces himself to her she tells him she is a reporter from Glam who has been trying to interview him. Xavier tells her he will give her insight to the lifestyle and she will be gaining knowledge for her column. Caroline gives it a try because she did have questions for him.

Caroline and Xavier go to one of the empty rooms. He shows her a little of the lifestyle which she found enjoyable he did tell her up front that she only gets one night Caroline does get her interview. X asks her if she wants to take a shower as aftercare but tells him no. He tells her he will have his driver take her home.

Once Caroline leaves he realizes he might have made a mistake letting her go. His friend runs into him and sees his face he tells him about her being the journalist. His friend tells X that Caroline left crying and wanting to know what happened. Will Xavier go after Caroline and straighten everything out? Or does he just let her go and deal with his being alone.

I guess you will have to read the book.

Barbara says

Learn about it before writing about it.

At first I thought to give it 4 stars but the more I thought about it, I said no. No dom worth his salt would accept someone he thought was a submissive topping from below. That would NEVER happen...and if it did, there would be punishment involved. Checkout the Enthrall series if you want to read how real dom acts because this ain't it. What started out as promising fell flat on its face at the end.

Keri Loves Books says

Hot?Hot?Hot?

Caroline is about to turn 30. She's an out-of-work journalist looking for a job. When she finally finds something, it's at a fashion magazine with a bunch of 20 somethings and all their superficiality!

Her first assignment is at Club X. A posh, new sex club catering to an alternative lifestyle and fulfilling sexual fantasies. She wants to interview the club's owner Xavier Cross aka Master X and write an article.

Caroline finds herself inside the club. Curiosity and desire fill her unexpectedly. She had many preconceived notions but they are about to be tossed aside. She meets the eyes of a handsome man on the balcony above her. While she gets distracted watching a stage performance he approaches her. Their attraction is intense. And he makes his desire for her clear.

Upon an introduction, Caroline realizes he's the man she wants to interview. Xavier doesn't want an interview but is willing to give her a hands on experience that she can write about.

And so Caroline's night of exploration and pleasure and pain begins. Their experience is intense. One night, one scene, no strings. But after a night like that, never having that again is soul crushing. Maybe the rules we place upon ourselves are meant to be broken? Letting love in can heal a lonely heart.

This was a quick read and I wanted more of Xavier and Caroline! It's a sexy with a little bit of kink mixed in. Enjoy your Club X experience!

R says

Okay, Caroline. Let's face it dear. You have landed in an alternative universe. Apparently, GLAM is not your ordinary glamour magazine. No. That's right. It's a good thing you had those breathing exercises in today's meeting...

Give Life Alternative Meanings... Breathe in, Caro. Breathe out. It's gonna be a bumpy ride. Lightbulb noses notwithstanding, your new group of coworkers is... I know. Words fail me, too.

When a woman needs to pay rent, and put food on the table... and keep said table from being repossessed--

she accepts her assignment and goes to a sex club to interview the Dom. Of course she does. Breathe in, Caro. Breathe out. Your life will never be the same.

I was very hesitant to read this book. And I have to admit, I put it off for a few days. I usually avoid stories with Dom in the title. It just isn't my...thing.

Maybe I read it because, like Caroline, I wanted to see if I could understand.

In any case, the book is very well written. Caroline is really a wonderful character, and Xavier... Well, I may still not fully understand the lifestyle, but he certainly softened me up a little. And if Caroline was his kryptonite... well, together their fire was glorious.

Bottom line: 4 stars. Because the story is really well written, but I am not won over to the lifestyle. I received an advanced reader copy of this book, and this is my honest and voluntary review.

Ann Marie says

I voluntarily read an arc of this book for a fair and honest review. Short, not so sweet and sexy. "Licking balls is always better than breaking them" ...Was Roy Moore your editor? Lol. It's a remark like that and the support of remarks like that that leads Caroline to quit her job of eight years. Four months later Caroline is still jobless freelancing whenever she can, when she sees a job at Glam that is perfect for her skill set. Until she arrives to the interview. Suddenly 30 is "mature" and she's given an assignment of keeping a photo journal of the age lines around her eyes disappearing. When it's announced at a staff meeting that a new sex Club is opening up on Caroline's 30th birthday...she is assigned the job of interviewing the owner. Master X owner of the Club X empire has grown ambivalent about the activities at his clubs. There's no woman that interests him so he's stopped partaking in his clubs activities. After Master X (Xavier) has turned down 16 requests for an interview. Caroline decides the old adage about taking the mountain to Mohammed and goes to Club X. Xavier sees her immediately and is intrigued. Rylee Swann took a sharp right turn when she did not prolong or use the mistaken identity trope. I loved that both Xavier and Caroline knew who each other was. And that's why I loved this novella..it zigged when it should have zagged. Nothing predictable. Great job!

Space Cowgirl says

Caroline's Fantasy?, Master X????

Show Don't Tell!

ARC received for a voluntary and honest review.

Caroline??? has a wry twisted outlook on life, one older than her years. Maybe it's all the crap she's been through. She keeps a cactus? named Pete in her apartment and a ?picture of the cactus? at her desk at work. The cactus? is to remind her of her ex, Pete, a domestic abuser. It's a reminder to never get involved with a prick? like him again!

She's working as a reporter? for a newspaper?, and she's put up with the editor's sexual innuendos and

harassment for years. Finally she's had enough and confronts him. He fires her, and his HR guy is the same kind of jerk. So, that's the end of that job!

After a couple of months she finally gets another job at a magazine? called GLAM. It's a ridiculous place and she doesn't fit in. Everyone there is practically a teenager and she is 30. She gets her first assignment, and it's to go to the opening of a new BDSM? club called Club X. She's to interview Master X????, the owner.

Master X???? lives in a fantasy? world. He's tall, still has his hair, he's handsome, ripped?, and he can be with a different young, beautiful, submissive, woman every ?night. But after about ten years of that, he's totally ?burned out. At 42 years old, he's been there, done that, and he's lonely and bored.

Caroline?? comes into the club, and Master X???? spots her immediately. He knows she's very uncomfortable there, and he realizes she's the one that has called requesting an interview sixteen times! He tells her no to the interview, but he will PERSONALLY show???? her what goes on at the club! You Go Girl!?

YEHAW! Ride em Bareback?, Cowgirl!?????

This whole book is such a fantasy?, but it's a fun, sexy, sweet one, and so well written! Loved? it!
Recommend!

Barb says

In return for my voluntary and honest review, I agreed to read this book.

And I don't regret that decision at all!!

Rylee Swann has delivered a smoking hot story that looks into the world of BDSM. And here's the kicker ...

Not only is she accurate with her descriptions, she put it forth in a beautiful story of love & trust.

If I could give more than five stars I would. I HIGHLY recommend this book!

Melissa Ledet says

Hot quick read. Love how Caroline knocks Xavier down with the feelings he has for her. Love how he chased after her even though it broke his rules. A great read.

I voluntarily reviewed an Advance Reader Copy of this book.

Linda says

A hot, sexy short story.

Caroline quits a job as a journalist because of sexual harassment and goes months before finding a job that doesn't fit.

Xavier is the owner of Cub X, a sex club in seven different cities. He only sees women in the club once then moved on.

Caroline's job is to interview him, he refuses but they do meet in a different of and they get more than they

bargained for.

Lisa says

Here's a book I got back in 12/2017 . And took me to long to read . I hate when I do that .This book was everything I like in a book ... And I love this author . Xavier was one hot Dom. " I'm not having sex with you." I lift a casual shoulder . " That's disappointing ." Her eyes are so large, they are just this side of cartoonish. " It is?" " Yes it is. When I saw you enter the room, I imagined us together. Imagined my hands on your breasts, My mouth on your pussy. I imagined making you come over and over. Imagined you begging for mercy." Yea Baby !! Master X. Was that good.. :)

Linda Bran says

Awesome story. Interesting twist. Rylee Swann really did a good job with this book. Love the D/s turned true lovers component. Great read.
