Hardworking Susan Chalmers is 29 years old, ambitious, and desperate to be promoted to Vice-President, but her hated company rival is getting an edge on her with the boss.

Then Channing Crawford - the reclusive billionaire company CEO - makes her an indecent proposition. For one week, she must submit to his every sexual command.

Terry Towers - - - The Inheritance

Selena Kitt - - - Katie and the Dom

Her first Dom, Patrick, is woefully inexperienced, but thankfully, Liam interrupts his little brother's attempts. Liam is a true Dom, and he wants Katie, perhaps even more than she wants him.

Nicole Snow - - - Submissive's Hard Discovery

An untouched young woman with submissive desires. A wealthy Russian visitor who needs an heir as much as he needs to dominate. What starts as a kiss in handcuffs ends with his seed deep inside her...

Adriana Hunter - - - Surrender

There was something dark and dangerous in those beautiful blue eyes, but I was powerless to resist. He became my obsession and I accepted every opportunity to satisfy my desperate,

irresistible desire for him.

Linda Barlow - - - Color Me Blue

Hopeful that nothing worse can happen on a night when she's been ditched in a bar, Jo accepts a ride with a hot stranger, not realizing he's the sexy dominant she's been flirting with online.

Eliza Gayle - - - Watch Me

Tina says

Ok some were great and some were skipped! Over all just one would be worth the 99 cents.

Color me blue, Katie and the dom, surrender, and watch me were the best and would give the 4 stars to. These are by authors read before except the color me blue author which I will have to look up previous book.

Deborah Tatum says

I read it quickly, sign of interest. The characters were strong. The change in setting gave a different aspect to the book.

Leslee Anderson says

Oh wow!!! I have a review for each one of the short stories. One or two did not come up when I searched for them on goodreads, but I was completely blown away by all of the stories. I'm really amazed at these amazing women and their talent. I can't even pick a favorite. Normally there is one story in the set that doesn't work or just isn't as good as the rest. Not here, not this box set, not these writers. I don't give 5 stars out often because I really want it to count when I do and as a whole this set is a 5. Each story wasn't necessarily a 5, but together abso-stinkin'-lulty!!

Lizzie Ashworth says

It seems to be the case with collections like this that you get the good with the bad. Some very good, some very bad. I managed to flip through the bad once I spotted the telltale signs--head jumping, for one, where you don't know from one sentence to the next who is talking. But I enjoyed the good ones enough that I could get into the stories.
