Satan's Spawn: Spawn & Spitfire Volume One K.J. Dahlen

Buckle your seat belts and get ready to dive into the underworld where MC and organized crimes rule the streets...

Volume One of the Spawn & Spitfire Series

SATAN'S SPAWN MC #1

Deke Tory. He is respected by many and feared by all. As the president of Satan's Spawn MC, he is a man who knows what he wants and he will take what is his. But when he finds himself drawn to the spitfire girl who appears out of nowhere, he fights falling in love with her. Love makes men weak. Deke is a ruthless leader who lives to protect his club and family from harm. Love isn't part of his equation. Loyalty and allegiance is everything to him.

Growing up on the streets since the age of ten, the only rule Cassie ever learned was the rule of survival. Never trust anyone at face value and never let anyone in. She is a tough woman, many men would steer clear from. However, when her best friend Peaches is snatched off the streets, Cassie breaks her rule to save her and fulfill a promise she made to her long ago. Tracking her down to Troy, New York, she never knew how her world was about to change forever.

When a dangerous man from her past comes looking for Cassie, the same someone who would see her dead to keep his terrible secret, Deke finds himself more than ready to keep Cassie, his club, and family safe. Can he break down the walls she has built up to protect herself? Can Deke protect her—can he even hold on to her?

REVENGE AND RETRIBUTION #2

Just when Cassie thinks her past is over...someone comes looking for her. Someone she and everyone else thought was dead a long time ago. She has a man in her life and her dreams are coming true, so when Robbie comes after her, she has more to lose than she ever had before. Except this time—she isn't alone. She has friends with the MC and family to help her fight against the darkness that threatens her. Then she discovers yet another surprise—she has a sister...

BABIES & BASTARDS #3

Just as Cassie's whole world is coming together—it's ripped apart when Deke's dad, Sam stops the wedding. When Sam finds out who she really is, he asks about Flynn's older brother. No one realized he even existed and they scramble to find him before he comes after Cassie. Rumor is Donovan will kill the person who snitched on his brother and got him killed.

When the police come around asking more questions...Cassie reveals another dirty little secret. Detective Lance's partner isn't who he seems and he takes her back to Boston at gunpoint. Sam follows to rescue Cassie from certain death. He promises Deke that he'll bring her back to Troy—to him. Can Sam keep his vow?

Note: All Volumes in the Satan Spawn MC series are standalone, full length super sexy, raw MC romance novels. They can be read in any order and do NOT contain cliffhangers. It includes lots of steamy scenes,

biker slang, cursing, some violence, dark themes and elements about a fictional outlaw motorcycle club.
HEA guaranteed.

Jamie Ellis says

This is what I love about MC reads!!

MC genre is my favorite to read.....I kind of lost my love for it for awhile. Now BANG this series has brought it back for myself. This series has so many twists, turns, revelations, hot AF sexy alpha males and one kick butt female named Cassie. Cassie has been to hell and back in her young life. She has endured more than anything ever imaginable in your worst nightmare times five. She is an amazing individual whom has a heart so pure for the ones she protects and consider her own. She takes on burdens, beatings, abuse, for those she cares about and protects. She gives out warnings to NOT touch her and you better watch out if you don't heed her warning which by the way she gets the name Spitfire!! Loved the scene where she kicks 3 bikers butts lol!!

I know this was a boxset of 3 books but I am only writing one review. You've got so many secrets, tribulations, heartache, heartbreak, and atrocities that Cassie and her friend Peaches have endured you might shed some tears. This series of three books kept enthralled and glued to my kindle. And that ladies and fellow readers is a dang good read!! I think you as readers that love MC are going to love this series. The author definitely done her job in my readers mind of a freaking awesomely told storyline. Just freaking brilliantly written!!

Now off to get into boxset #2 on this series.....I gotta know what happens next.

Thanks Jamie Nibarger Ellis

This was a fantastic series! A must read for all you MC lovin' readers.

Book 1: This was a fantastic! I loved it but it had a sad story.

Book 2: I loved this book as well. Poor Cassie can't catch a break.

Book 3: Another great addition to the series. It just gets better and better!

Each and every one of these books were a 5*

Spawn & Spitfire

This is an MC read with not only sexy bad*ss bikers but a tough as hell woman who has one warning "Don't Touch Me". That is a fair motto for the life this woman has lived through since the age of three. As tough as it was she was the girl who tried to protect all the other children being held in this foster care home with a

special lifelong protection of her best friend, Peaches. Nothing was better than when Cassie took out three bikers. As president of the Satan's Spawn MC, Deke was amazed at the tenacity of this little spitfire and needed to learn more about her.

This story will break your heart and give you twists and turns that will have your head reeling. I loved Zeke and Cassie's story and cannot wait to read more on this sensational couple.

Revenge & Retribution

Amazing!! Deke and Cassie's story continues with another installment in the Satan's Spawn series. Just when you think these two are ready for their HEA all h*ll breaks loose. What you thought you had known from Spawn and Spitfire turns and hits you right upside your head yet again! Is Cassie ever going to find peace? Will Deke finally give in and admit his true feelings for Cassie or will being the President of Satan's Spawn hold strong to what he believes owning a woman is all about?

This is a great continuation on Deke and Cassie with some of the surprising events leaving you always wondering, what could happen next. I can't wait to read the next installment in this fantastic series.

Babies & Bastards

What a great follow up to Revenge & Retribution in the Satan's Spawn MC series with Deke and Cassie. How many more people can crawl out of the woodwork that threatens Cassie?! But oh, my, she is one tough woman with a great sense of right and wrong. There is no way you can't love her. Who wouldn't want the tough as nails bad*ass biker who would die for you?

I have to say this was one MC series that I couldn't put down and highly recommend it to anyone who is looking for that special book that will keep your mind going on every page.

Deborah says

I'm not rating this book because honestly I wouldn't know where to start.

This book is a disaster, I mean seriously it's riddled with mistakes, repetitions, terrible dialogue, unbelievable completely OTT characters and don't get me started on the plot. It's so bad and yet I read it to the end (skimming was involved at times) so what doesn't that say about me?

I didn't particularly like any of the characters well apart from Deacon, Gator and Reva.

I also have to wonder just how much liquid Cassie consumes to keep her hydrated because she cries more than any woman alive.

And the Satan's Spawn have the worst MC compound ever. As soon as the words Lock Down are issued you

know the villain is getting straight in.

This is really 3 books in 1 and in each book someone tries to get in and seriously a Little Tykes playhouse would be more secure. They're 0 for 3, actually 4 if you count Connie.

So twin sisters are separated at two years old. One has no recollection of the other at all and didn't even know they had a sister.

The other remembers conversations!

"I'm your sister Josette." Paige shook her head. "You always wanted to be called Cassie. Mom would call you Josey and you would get so mad at her. You used to tell her your name wasn't Josey, it was Cassie." Cassie gasped.

Dangerous men are at the compound so Cassie despite having a huge dog Demon to protect her goes walking alone. She may as well have a piece of paper on her back saying Kidnap Me!

There's tons of mistakes and the story became more and more far-fetched and crazy. But it was the inconsistencies that got me. This book seriously needs editing.

HE'S FALLING IN LOVE WITH HER.

"Oh baby, I don't hate you. I think I might be falling for you and that scares the hell out of me. I've never loved anyone before."

HE LOVES HER. ♥?

Deke whispered. "I need you to come back here. I love you baby."

Deke spoke quietly. "I love her and I think she loves me too..."

SHE DOES LOVE HIM. ♥?

"I love you girl, don't you know that?"

"How can I not love you?" Deke asked.

"I'm no hero either, baby. I'm just a man who loves you..."

Deke smiled. "I do love you."

"...I love you for who you are right now."

SO HE DEFINITELY LOVES HER. ♥?

"Are you saying that you love me?"

"No," he retorted. "I don't do the love thing."

Cassie felt her heart breaking. She could hardly breathe. "Then I'm nothing more than your whore," she whispered.

"You're my woman," Deke corrected her. "You should be happy with that."

SAY WHAT? ?

HE DOESN'T DO THE LOVE THING? ?

He couldn't believe what she'd said. Didn't she know? Couldn't she tell how much he cared about her?

IS HE BIPOLAR?

DOES HE HAVE DEMENTIA? ?????

Everyone has been telling me that you need to hear the words, so I'm gonna try. I do love you so much. Some days I feel like my chest is gonna crack.

HERE WE BLOODY GO AGAIN.... ? ? ?

A bit too much

In the beginning I literally wanted to put the book down and never read it again especially when Deke hit Cassie...really??? How is this even remotely right?

Apart from that the book was ok. But I couldn't relate to Cassie staying in the club..why? She kept getting beat up, kidnapped, left for dead. There's only so many times a woman will endure that before walking away and starting again.

The men were portrayed as rough with the women, so if you are reading my review please understand that any woman that thinks that it's ok to put up with any rough treatment from a man is obviously in a cycle of abuse. It's not ok to be rough handled or slapped in any manner.

I had never heard of this author & a friend of mine posted on Facebook they read the book & how good it was. I was blown away.. Loved the development of the characters and the story line.. The story kept you in your toes to see what was happening next. Can't wait to read more about the characters.....

Eva says

Awesome book grabbed me from start to finish could not put it down no spoilers but this is action packed great characters definitely recommend this book I voluntarily reviewed an advance copy of this book.

Marilyn says

Oh my goodness. This is such a great story. It made me laugh, cry, & get so angry about what happened to Cassie & Peaches. I'm so glad that Cassie met Deke & his club. I couldn't put it down. K.J. you did a

wonderful job of writing this book. I voluntarily received an advance copy in exchange for an honest review.

Jenn says

Interesting. Different. Which those two things are good. A lot of craziness happens and it's like everything bad thing you can make up about violence and abuse, basically happens to Cassie, aka: Spitfire.

I felt like she cried way too much for me. One thing I can say for sure, the story was never boring. It constantly moves forward with constant action and drama.

I wasn't a fan of the fact that Deke slaps her at the start, though she did it first out of rage. I also wasn't a fan of how fast Deke says he loves her. And I didn't feel like there was that fast of a connection between them. Also, I didn't like how she was so skiddish and terrified one moment- then four days later asks Deke to have sex with her. She's basically a prisoner in his care to do with what he wants.

On to the next ...

Poor Cassie

The first book was good. Cassie was a badass and the story was interesting, but by the time I got to the second and 3rd book of Cassie's tale I was ready to kill her myself. I literally had to force myself to finish this book. The same information is repeated so often, You're left feeling brow beaten. Cassie became a fragile whiner and basically helpless, the bad ass long forgotten.

Andrea Thompson says

I picked up this three-book set because it kept coming across my FB feed and it was free on KU. From the very beginning, I knew it was going to be a like / hate relationship. While there are some great scenes, some enjoyable characters and some really intriguing plot points, I struggled with the simply outlandish and overdone plot and the inconsistent characters. There's no reality base for most of the situations and I found that frustrating and unenjoyable. Some of the dialogue is just not good, and there are innumerable scenes that feel half-done and rushed but could be really great with some further detail. Other scenes I felt just the opposite.

I finished this because I had a lot of energy invested but I'm not sure I'll continue with the series. Cassie is quite the ridiculous paradox; badass enough to survive on the streets starting as a child and can take down

three big bikers, but she's a crying mess who barely functions most of the time even though she spent her young life learning how not to cry. Something bad is going to happen if she's left alone even for a moment. She's never known love, but gives up her virginity to Deke after four nights of being basically held hostage at the clubhouse. Some of her personality traits are explained, but many of her actions still don't make much sense. Deke is similarly frustrating. He's not about abuse of women, but he is. I just couldn't find many redeeming qualities in any of the characters except for perhaps the men of Redemption House and the couple Gator and Reva.

If you can get past some of the rough spots, you may enjoy this. For me, it's just okay. I can see why others enjoy it but I'm not sure I'll be reading any further.

Teresa Lara says

Amazing beautiful broken loving story.Loved Deke and Cassies amazing story.Very well written can't wait till the next book.

Laura says

This was the 1st book I read by K.J. Dahlen. This book is really 3 books, so it is a good buy if purchasing. There were several typos which threw off the flow while reading. The way characters speak in this book is choppy also. Satan's Spawn has good storylines, but is very repetitive repeating the entire story of the childhood abuse of Cassie and Peaches. Cassie & Peaches were both in an abusive home that stole & sold children underground. They ran away after 5 years at the age of 10. After that they lived on the streets of Boston until Peaches was kidnapped, then got away and started working at a strip bar. Deke, the Present of Satan's Spawn MC, & Cassie meet because she comes to the Spawn's strip bar looking for her childhood friend Peaches. The story expands to include other MC clubs, a mafia family, and a few Federal agents. The story weaves all the clubs, mafia, and Feds in a realistic and good story. However, it is unbelievable how they all end up getting along and helping each other out after problems are taken care of. When presidents of other MC's leave their club to join Satan's Spawn was a stretch for me. All in all, it was a good story.
