captivating and erotic

Loved the graphic love making. One could feel the emotions. The story line kept you in suspense. Loved the twist at the end. I didn't see it coming. Bravo!

Some times I just find a book series accidentally - that's how I stumbled upon this series. Who knew that each book seems to get even better than the last. The characters of Leo and Polly first meet in the second book. They both seem to have secrets but who knew they could be such deep, dark, secrets.

Leo is an FBI Profiler whose family is involved with the Mafia in New Orleans. What no one knows about Polly is that she has been in Witness Protection since she was a teenager when she was the only one who could identify a Mafia hit man who killed her parents. When they first meet the sparks fly but will their secrets keep them apart?

I won't go into details to avoid spoilers but as the hero you know that Leo has to be a good guy but sometimes wonder. I didn't see the big surprise coming. This book kept me on the edge of my seat and I loved the way it all turned out.

Intrigue,Mystery and Passion from start to finish!

Polly Benson has lived with a terrible secret since the age of thirteen. She's not who everyone thinks she is, yet she's made the best of the life she was dealt. When she heads to New Orleans to Jackson House, she's finds herself unable to let go because of everything she had been through.

Dr Leonidas Xanthus, known also as Z in the previous books, has been living a double life, the FBI agent has ties to the Marcello crime family. He's playing with fire and things are about to get really hot. When secrets are revealed he makes a choice to protect the woman he loves at all costs.

This riveting story is filled with sex, lies, pearls and so much more. Danger is always lurking but this extraordinary couple has fallen too hard to look back now, it's fight or flight time. Through everything Leo will not give up on his love for Polly even when she spooks and runs from him. He's determined to keep them both safe and find the notorious Shadow and live a happy and safe life with Polly.

Tanya Stewart says

Each is better than the one before!

The hot romance is just as hot, the funny lines and laughter are just as genuine, the characters are just as well developed and realistic as every book prior to this one. But the mysterious and intriguing storyline is the best so far!! I loved it!

Winnifred Sanderson says

Love the book... But was a little annoyed on how often he called her Cher...

Bette Stanek says

Some parts of this book were definitely 4 stars, others were 3-3.5 stars. I'm going on the higher end because I do like this series.

Polly Benson has been living a lie almost her entire life. There's a good reason for that, it's also the reason she keeps herself from getting close to anyone. Polly feels as if she's finally found a home with Mac and Samantha, but it's time for her to move on. She isn't quite sure where she'll end up or what she'll do, but she's going to start in New Orleans at Jackson House.

Leo met Polly through Mac and knew there was something special about her immediately. He's living a double life and has never allowed himself to get too close to anyone. He's ready for a change. That change may include Polly. He's invited her to Jackson House, no strings attached, to get to know her better.

From almost the minute that Polly arrives at Jackson House, their worlds collide and the action begins. It doesn't stop until the final scene is written. Most of the story flows smoothly, but once the action becomes

intense it seems to skip from one scene to another for awhile. In general, Ms Calvert weaves an engaging story that keeps you turning the pages.

Melinda Reed says

Liked it !

Lela says

Oh my! This book has been on my to-be-read list for so long and I'm so flag I finally got to read it! I love Kris Calvert's writing style. She had me hooked pretty close to the beginning and it was so hard to put the book down.

Here you meet a widowed mother, Sam, who is just trying to make life work with a 3-year old son, a new job, and an elderly grandmother who lives in a nursing home. Her grandmother means the world to her. You also meet Mac, the FBI agent who came to town to visit is elderly mother and try to close a case at the same time.

There's love, heartache, sex, and tangled webs here. What more do you need?

Mel says

Kris Calvert's Sex and Lies books keep getting better and better. I wish I could rate Sex, Lies & Pearls more than five stars. This third addition to the series follows Sam's best friend, Polly as she tries to make a life for herself away from her best friend and her family. Unfortunately, as Polly begins to pursue her romantic interests with the sexy FBI profiler, Leo, secrets from Polly's past come back to haunt her. The suspense in this novel is a little more intense than the first two novels. The end of Sex, Lies & Pearls left me craving for more about the pair. I hope we read about Leo and Polly in future novels. I will say I missed Mimi, Sam's grandmother, in this novel. Hopefully we get more of her and the rest of the gang soon. Again, I highly recommend this series to anyone who enjoys a good romance with suspense. I stayed up all night again to finish this one, too.

Catherine Crook says

Kris writes Southern style romance with such style and grace!

Elizabeth Robbins says

When Polly agreed to spend time in New Orleans with Z/Leo, I expected a typical romance plot; a little love, a big fight, and steamy makeup sex. That's what I expected, but that's NOT what happened! What I thought I knew about Polly and Z flew right out the window! Kris Calvert delivers a story that utterly blew my mind! Yes, there's romance, but there's also murder, intrigue, and mafia hit men! I can't wait to see what she comes up with next!
