## **The Peaceful Affair** Moshe Sipper

Renowned detective Noro Myx is called in by the President of the United States to search for the missing War Treaties, whose disappearance could wreak worldwide havoc. Along with his trusted assistants — Miss Lipps, the small giant, and the tall dwarf — Myx eagerly delves into the affair, to quickly discover the treaties are but the tip of the iceberg. The investigation twists and turns, leading the gallant operatives to open Pandora's Box — despite her vociferous protestations — and leap into the depths of a far more nefarious scheme.

As the battles rage and the plots thicken Myx plunges forward intrepidly in a gallant effort to save the country, the world, and the day (Tuesday, to be precise) from the most horrific nightmare of all: nuclear peace.

# **From Reader Review The Peaceful Affair for online ebook**

## **Anita Rudin says**

Very absurd, silly book. Not worth reading

---

## **Kelly says**

I gave up on this book..just couldn't get into it. I only read 30% of it.

---

## **Judith says**

Forget the story, it's hard to keep track of all the twists and turns. Read this for the wonderful use of language, word play, alliteration, great characters with playful names, and the fun use of real history twisted into a new story.

---

## **Julie says**

I did not finish this book. I just couldn't get into it. I don't feel this rating is accurate, though. Maybe it got really good later....

---

## **Chris Yorgason says**

I thought the premise was good, but the writing style was very difficult for me to embrace. Probably a good book for some, but not for me.

---

## **Susan Toy says**

This was a free eBook I recently downloaded. I did not read very far before I realized that this book was just not for me, hence the one-star rating. I did discover, however, that "flied" is an accepted term in baseball.

---

## **Susie Hargis says**

As soon as I read the characters in this book (Noro Myx, Miss Lipps, the small giant, and the tall dwarf) I knew I would love it. I knew this writer had a sly sense of humor and I was right.

The Peaceful Affair was such an amusing book to read. I could not put this one down because it made me

feel good. Sometimes you just get a book that sets a mood that amuses and makes you feel good about things. This was just such a book.

It's the sort of book I will buy in paperback for friends in chemo. I know that sounds odd, but I think it would go great with an opiate. It's a feel good book.
