The Revealing

Suzanne Woods Fisher

The Revealing Suzanne Woods Fisher

Naomi King, soft spoken, loyal, and easily overlooked, has a gift. She sees what others can't see. Intuition, she calls it. Others in Stoney Ridge don't know what to make of it and dismiss her hunches and inklings altogether.

When a young woman arrives at the Inn at Eagle Hill with a shocking secret about Tobe Schrock, Naomi fears the worst. She can't ignore the feeling that something sinister is at work-- something more than a threat to the tenuous love begun between her and Tobe.

As signs mount, they begin to point to Jake Hertzler, the elusive mastermind behind Schrock Investments' downfall. Soon, events spiral hopelessly out of control and Naomi must decide whether to listen to her head or her heart.

In this riveting conclusion to The Inn at Eagle Hill series, bestselling author Suzanne Woods Fisher pulls out all the stops with a fast-paced tale of deception, revelation, and just the right dose of romance.

Rosemarie says

As with all Suzanne Woods Fisher's series, I was sad to see this one end. The last in the trilogy, this novel sees the the eldest child (stepson) of Rose, the proprietor of Inn at Eagle Hill, find his way into adulthood. After accepting consequences for his actions in his father's defunct business (no spoilers!), Tobe has to reveal a secret while facing a surprise delivery waiting for him at home. As always, the author spins her story around faith that is tested and tried, and always comes out stronger.

I'm going to miss all the characters in Stoney Ridge. Maybe write some more for us???

Margie says

This was such a great book but I am not surprised - Suzanne Woods-Fisher is a talented writer!! This is the third book in The Inn at Eagle Hill series. I was a little sad to finish it knowing it was the last book. I would so enjoy reading about the other characters you get attached to in this series! Ms. Fisher writes in a way that draws you into the lives of a family and the inner workings of the Amish. I absolutely love her writing and enjoy her books immensely!! I would highly recommend this book/series to all!!

ANNETTE says

Naomi King soft spoken, loyal .she has a gift . When a young pregnant women arrives at Eagle Hill things start to heat up . Suzanne Woods Fisher did a good job keeping me on my toes In this book.

Robin says

In the conclusion of this wonderful series, the mystery continues surrounding Schrock Investments and the death of Dean Schrock. Getting rather edge of your seat. Again, well written and engaging characters people this book. Highly recommend.

Maureen Timerman says

I've loved all the books in this series and this one does not disappoint, I just want more! There sure were a lot of surprises here, and some will surely surprise you and yet not at the way they are handled, with love and forgiveness.

If you have not yet read the first two books, I highly recommend that you do, and although the author has made it so you can read this one as a stand alone, you miss so much! As in the first book Galen and Rose

have an on and off relationship, it is sweet and kind in all aspects, but will they ever marry? Naomi King is surprising everyone with her quiet way and where did all that spunk come from? Tobe is still in prison and grows so much in this story, but will he join the faith, he has straddled both roads? With all the twists and turns here, you wonder if the book will have all the answers, and yes it did for me. They might not be the way you want them, but I felt satisfied, and although I wish there was more, I really enjoyed this. Some of the things that happen will surprise you, as they did me, and how they all tied together. Others, you will be saying "No Way", really surprising, like a fourteenth cousin twice removed, ummmm? This book does have it all, sweet romance, mystery, and full of Amish culture. Enjoy!

I received this book through Revell's Blogger Tour, and was not required to give a positive review.

Julia Knight says

This author is very good and I enjoyed reading this.

Rina says

Third in a trilogy. A good Amish story. But still didn't like the cover; felt it did not tell much about the story. Continuation and ending of a family saga. Lovely and easy to read in between my psychological thrillers, etc.

Janet says

I so loved this series. So sad for the series to end. The characters were lovely and a lovely ending.

Beth says

I received this book from Litfuse Publicity for no charge in exchange for my honest review of this book. The opinions expressed here are my own.

Book Description:

Naomi King, soft spoken, loyal, and easily overlooked, has a gift. She sees what others can't see. Intuition, she calls it. Others in Stoney Ridge don't know what to make of it and dismiss her hunches and inklings altogether.

When a young woman arrives at the Inn at Eagle Hill with a shocking secret about Tobe Schrock, Naomi fears the worst. She can't ignore the feeling that something sinister is at work— something more than a threat to the tenuous love begun between her and Tobe.

As signs mount, they begin to point to Jake Hertzler, the elusive mastermind behind Schrock Investments' downfall. Soon, events spiral hopelessly out of control and Naomi must decide whether to listen to her head

or her heart.

My Thoughts:

The Revealing is the last book in Suzanne Fisher Woods series The Inn at Eagle Hill. In this conclusion, Naomi King is very intuitive. She sees and feels things that others can't. Her hunches are always correct and even with that, others in the community don't know what to make of it. Naomi and Tobe Schrock are trying to keep their budding relationship going and Naomi is trying to keep it from her brother, Galen, who doesn't approve of Tobe. A stranger makes her way to Eagle Hill claiming to know Tobe and reveals a secret that shocks the whole family. Naomi's sixth sense has kicked in and really feels that there is something very evil at work, more than just this secret.

As a huge fan of Amish Fiction, Suzanne Fisher Woods is one of my top favorite authors and her Inn at Eagle Hill series is great. I am very sad to know that this is the last book in this series. I have LOVED The Inn at Eagle Hill series, every book better than the last but Suzanne Fisher Woods did a wonderful job wrapping up the series. Suzanne Fisher Woods writes with authority about the Amish, art, and Ohio communities. I loved this series as it brought the readers back to Stoney Ridge to meet new characters but also to get to learn what is happening with the old ones, which I really like. Always hard when a series ends because of the investment into the characters lives so with this series readers are able to find out more. Suzanne Fisher Woods did a great job including the characters from her Stoney Ridge Seasons series and how they are part of the lives of the characters in this one. I loved the characters in this book and this series, they are real characters who go through real life situations and are imperfect. I think my favorite is Rose Schrock, she works very hard to support her family, while doing what she can to pay back the people who were hurt in the Schrock Investments downfall. Rose did what she could to keep her family together and to bless the lives of the guests of her Inn. I really enjoyed this book and this series. This book kept me into from the beginning right up until the end and it kept me guessing until the end. This story has some interesting twist and turns that as the reader I didn't see coming. I have to say that in the end, Suzanne Fisher Woods wrapped up this series in such a way that satisfied my curiosity as a reader. I really enjoyed this book and highly recommend this book and series to anyone who enjoys Amish Fiction, you will not be disappointed. I give this book and series 4.5 STARS.

Ronna says

I received the book free from Firstreads. This is my honest review.

This is the third and concluding book in The Inn At Eagle Hill series. Unfortunately, this is the first one that I've read, and I missed a lot of information about the characters and story line without reading the other two first. I would definitely recommend starting with book one to get the full enjoyment and impact of this excellent book about love, acceptance, forgiveness, God, and family.

Amish life is the background for stories about one particular family and all their different relationships. We have Naomi who is following her heart by visiting Toby in jail without anyone knowing. Toby, who has a secret of his own about his father's death. There is the widow, Rose, who is raising two step-children plus her own two younger boys. Rose's younger boyfriend, Galen, and his steadfastness. And a few other interesting family members who are all affected by a strange young pregnant woman who shows up at the Inn, with her possible connection to Toby. And a couple who meet in the town's cafe, and will affect everyone's lives.

I thoroughly enjoyed this story as I got drawn into the lives of everyone at the Eagle Inn. This was my first experience with Suzanne Woods Fisher, but it definitely won't be my last. I look forward to reading more of her books with fun Godly themes in intriguing circumstances.

Jenny says

I love this author. This is just what I needed.

Beverly says

The Revealing is the third book in *the Inn of Eagle Hill* series. The first two books in the group are *The Letters* and *The Calling*. Another novella, an ebook, that can fit into the series is called *The Rescue*. All throughout ***The Revealing***, references are made of some past events that may have taken place in one of the earlier books. I haven't read any of the previous stories but the background information offered in this book seemed adequate to me to read this book alone.

The title provides a hint that this story will have some type of unexpected end to it. By the conclusion of the first paragraph, it's confirmed that one of the main characters, Naomi King is shouldering a massive secret almost too large for her to handle. Somehow shy, unassuming Naomi had gotten into a secret relationship with an Amish man whose early years were spent living with a Mennonite family; one who had become restless enough the previous year to disappear awhile before returning to his Amish roots. Naomi's brother Galen didn't approve of Tobe Schrock. In spite of Galen's dim view of Tobe, Naomi was drawn to Tobe, and it seemed Tobe felt the same way. But then, as if to prove Galen right, Tobe was sent to prison to take responsibility for his part in a financial scam involving his father's business.

Rose Schrock is Tobe's stepmother. When Tobe and Bethany Schrock were young, their mother divorced their dad and left the family behind. A few years later, Rose took them under her wing and tried to heal their shattered hearts. Their new family was happy until tragedy struck and Rose's husband died in a drowning accident. Rose has been trying to pick up the pieces since then. Her next door neighbor, Galen King, has done what he could to help Rose care for her farm in the absence of adult men. Now there would be another romance brewing if Rose were to allow it to continue to grow from their budding friendship. But Rose senses they are at different stages in their lives and she's not certain they could make a relationship work.

Another potential romance could be developing between Rose's stepdaughter, Bethany, and Jimmy Fisher. Bethany has been making her desires known to Jimmy lately, but when the topic comes up between them, Jimmy gets a look on his face akin to panic and uneasiness. Bethany has been trying to figure out what is making Jimmy hesitate for awhile now, but at the same time she's being distracted by a secret she is harboring about her sister, Mim.

Mim Schrock is not interested in romance. She has an unusual gift for writing, and it has caught the attention of school teacher Danny. He's been trying to encourage her to improve her writing, but his efforts have not been overly appreciated. Mim gets distracted when a new family moves to Stoney Ridge. The Stoltzfus family, including the mischievous Jesse, are the new owners of the local grocery store. They had lost their mother to cancer recently, and their father, a preacher, wanted to start afresh in a new community. Jesse and Mim quickly become antagonists and competitive. Their sharp-tongued quips add spice and comic relief to

the mix.

The Revealing is one of the most light-hearted Amish tales I have ever read. There are some deep topics in the storyline, but they are well balanced with lighter moments. The humor is one of the things I like best about the book.

The basic gist of this character-driven story is about secrets...about twists and suddenly unexpected turn of events so common in life, and the hidden secrets we often hold close to our chests for a variety of reasons. Some secrets in this story are shared with the reader up front, some are only hinted at, which increases anticipation, while the most surprising ones are saved for the conclusion. In fact, there are more than a few revealings presented at the end. All these layers eventually come together to weave a beautiful tapestry about this small community. It's the anticipation which drives this story forward, keeping us on the edge of suspense until the resolution. Such artful writing makes this book a joy to read.

Now that I have read the final book in the series, I really want to read the first ones to fill in the gaps. The author has piqued my interest. If you enjoy Amish fiction with a touch of romance, and plenty of laughs, I'm sure you'll enjoy this book.

Disclosure of Material Connection: I received a complimentary review copy of this book from The Book Club Network on behalf of Revell, a division of Baker Publishing Group. Nancee says

The Revealing is the final installment in the series "The Inn at Eagle Hill," a spellbinding conclusion. New characters are introduced while the lives of existing characters develop even further depth as events in their lives evolve. Unforeseen circumstances impact the members of the Schrock family. Shocking remnants from the past rear their ugly heads while developing romances become strained as newly discovered facts are unveiled. Deception is revealed through unsuspected circumstances, placing those involved in compromising positions. The past is playing a destructive role in present relationships and placing significant strain in the lives of all involved with the Schrock family. Numerous unexpected developments present themselves while those affected question which direction their lives will take them.

Suzanne Woods Fisher has concluded this series with a strong story line that piques the reader's interest and holds enough suspense to make it difficult to put the book down. This is not a stand alone novel due to the history of many characters having been developed in the first two books in the series. The character development and maturation throughout the series truly comes through in this final installment, and unresolved issues converge. I thoroughly enjoyed this entire series, and found "The Revealing" to be a very successful conclusion, tying up all loose ends in an unexpected course of events.

Disclaimer: I received a copy of this book from Revell in exchange for my honest review. All opinions expressed are my own, and no monetary compensation was received for this review.

Elaine says

A beautiful story of love & forgiveness.

Ibjoy1953 Hannabass says

MY THOUGHTS ON THIS BOOK

I love this series, and I wish that this wasn't the end of this series. I would love to read more about Naomi King, and all of the characters at the Inn at Eagle Hill. A young women arrives at the Inn with some very shocking news, news that could change the lives of everyone there. Tobe should be coming home soon, but what will he find when he gets there? Naomi is still taking trips to the prison to see Tobe, with her brother Galen's knowledge, in fact Galen just will not admit that Naomi and Tobe have feeling for each other. And Rose and Galen are not always seeing eye to eye on things, so they break off their relationship. The sisters have a guest, their fourteenth cousin twice removed, and Jake Hertzler is still on the loose.

There is a lot going on in this book, and a lot of loose ends that need wrapping up. throughout the book I kept wondering how Ms. Fisher would pull this all together, but as usual, she does an amazing job. I was on pins and needles throughout the book, just wondering who was gonna do what, and what was happening to another. The relationships here are so real they feel like family, even though I am not Amish. Even after I finished this series, I kept thinking about the characters and wondering how they were doing. This is a wonderful ending to a wonderful series that I highly recommend. I would say that you will enjoy it more if you pick up the first two books in this series and read them all together.

I hope you will this book a try, and I hope you like it as much as I do. I received this book from Revell Publishers to read and review. I was not required to write a positive review. The opinions I have expressed are my own. I am disclosing this in accordance with the Federal Trade Commission's 16 CFR, Part 55.
