Berserk, Vol. 30 Kentaro Miura , Duane Johnson (Translator)

Thanks to Lady Farnese's selfless sacrifice, Guts, the Black Swordsman, and the rest of his companions are free to carry on their journey aboard the ship of Farnese's brother, Magnifico — that is, if they're willing to leave Farnese behind. But having to choose between their mission and their loyalties might not be a problem for long if the Kushan emperor and his legion of monstrous minions have their way. With a host of Kushan forces descending on Vritannis, there might not be much left of Farnese's family — or any of the citizenry — to worry about!

Berserk, Vol. 30 Details

Date : Published July 1st 2009 by Dark Horse (first published April 5th 2006)

Milie_Baker says

Après un tome calme, celui là remet les pendules à l'heure.

Le combat de Guts contre les tigres-démons est spectaculaire (les dessins sont tellement magnifiques !).

Comme prédit, la ville est à feu et à sang, des monstres affreux arrivent et font un carnage en dévorant tout ceux qui se trouvent sur leurs passages. Guts et ses compagnons vont devoir se frayer un chemin parmi ces monstres pour rejoindre un bateau et partir de là au plus vite.

Les scènes avec Dame Fernèse sont très touchantes et je suis ravie qu'elle ai décidé de rester avec la troupe.

Un apôtre a aussi montré le bout de son nez, comme l'avait prédit le chevalier squelette... Une rencontre avec Griffith est à prévoir très bientôt. D'ailleurs, son plan se met en place de façon discontinu dans chaque tome et on a du mal à savoir ce qu'il essaye de faire.

Bradley Prior says

So dark and so good. Every time I read one of these I have to grab another. It's my crack cocaine. This is just good.

Timothy Pitkin says

Good volume that allows underwhelming characters like Farnese to get a moment to shine and she is actually become a much better character. Also again we see Serpico use his wit and intelligence as we get another cool fight between Guts and him. Serpico is still my favorite character and would love to see him get more awesome fights. Also nice that the Church is getting more fleshed out as we finally get to meet some of the leaders of it and we get a glimpse of Griffith's plan.

Tanabrus says

Lo scontro con Serpico che chiarisce ciò che era già chiaro, e cioè che la forza bruta di Gatsu è superiore anche all'abilità e al tatticismo dello spadaccino.

E poi arriva la guerra, Farnese getta la maschera, e il gruppo rimedia due nuovi acquisti. Uno dei quali al momento più inutile di Caska, il che è tutto un dire.

Anirudh says

Puck's imitations are hilarious as always. One of the funniest characters I've come across.

Malon says

The introduction of the tigers was very well executed, being paced and framed like a horror movie. And the action that followed was pretty great (as was the fight with Serpico). It feels like getting to the confrontation with Ganishka was kind of rushed, but it had to be done right now since Guts is about to leave the mainland.

Maria says

this whole volume made me really happy. 100/10 teamwork. ?????? GOD TIER. I love these guys so much.

Dani Lane says

Thumbing through, looks like some kind of intriguing near-death experience by an old man and an image of an angel that looks like Griffith...

Quick read. Or maybe I'm just deciding to read. The art gets better and better. This story just moves us along, nothing really noteworthy happens, more Kushan monsters, more fighting.

Valentine says

Me han dicho que ahora viene lo bueno.
De todas formas, DIOS, ESOS DIBUJOS ME DEJAN MARAVILLADA.

Peter Barr says

Berserk continues as the group seeks their destination and obstacles continue to get in their way. It's a likeable saga.

Karissa says

This is the 30th volume of the Berserk series. Guts and Serpico face off and finally get their fight. Then Guts insists on seeing Lady Farnese; Guts and crew arrive at the fancy party just as evil tiger monsters attack the guests. Guts and crew fight and defeat said monsters; then an Apostle shows up. Lady Farnese makes the decision to continue traveling with Guts and her intended offers to take them to Elf Home on his ship.

Another well done volume in the Berserk series. This was a bit slower than the last volume and with the

tigers attacking (just like the lizards did) it felt a bit repetitive. Still the story does make some good progress and the action scenes continue to be well done. Illustration is awesome as usual.

Overall a well done volume in the Berserk series. I continue to enjoy this series and would definitely recommend to mature readers. Will our crew even get to the Elven Homeland? What will they find when they get there?

Hamid says

3.5 stars

Matimate says

The good old manga was picked up for the season. The blood is flowing, the carnage was almost on every second page as Guts, the black swordsman, made his way through the country. He saved little Elf named Puck, who became his unwanted but devoted companion and one would say he was making Guts remember that there is something more than gutting random people, monsters and accidentally some little girls.

Christopher says

Ojalá durara muchos capítulos más. Es de lo más reata u.u

Fugo Feedback says

¡Adiós, MangaLine! Fue bueno mientras duró... Jamás voy a olvidar todas las series que te terminé comprando por monedas, pero sobre todo, haberme presentado esta serie... ¡Larga vida a GATSU y su patota piola! Ahora, a seguir con el careta de GUTS y sus amigos...
