Because you demanded it! Following the blockbuster finale of the critically acclaimed Darth Vader series, the fan-favorite character begins an all-new journey! Following her time in the clutches of the Dark Lord of the Sith, Doctor Aphra has barely escaped with her life. If Vader ever learns of her survival, he'll hunt her to the ends of the galaxy. But for now, it's time to return to what she does best. With the droids 0-0-0 and BT-1 in tow, she's off in search of rare artifacts from the galactic center to the Outer Rim and everywhere in between.

## **From Reader Review Star Wars: Doctor Aphra #1 for online ebook**

### **Solace Winter says**

It's a brilliant setup for what is sure to come, but I can't help but feel that Aphra will not have a happy ending at the end of her story.

---

### **Mel says**

I did enjoy the first issue of Doctor Aphra. The fact that it was two stories really helped! Too many comics feel too short in a single issue and this didn't. We had Aphra in a little Indiana Jones pastiche though as the bad guy. The droids were brilliant. It was off to a great start. The 2nd story was Aphra at university pulling one over on her professor. I enjoyed it but think I will get the graphic novel rather than collecting the individual comics as the come out.

---

### **Nancy says**

Having faked her death to escape Darth Vader, Aphra's a female Indiana Jones - just not as nice!  
Will definitely look for volume 2!

---

### **rebecca says**

Star Wars AND pop culture archaeology? Yes, please!

---

### **Rachel says**

I enjoyed Doctor Aphra in the Darth Vader series, and was glad to read more of her in this spin-off. I look forward to seeing more of her adventure and learning more about her.

---

### **Patrick Factora says**

Throughout this issue, I just felt a majority of Indiana Jones vibe with Dr. Aphra and its just a wonderful read! Great artwork and I'm excited for more of her comic issues in the future.

---

### **Tom Gilson says**

Personally, i like the character, a female Indiana Jones feel. The artwork feels a little 'childish' but i can live with it.

---

### **Emily Dones says**

I really liked this however, I'm debating If I should read The Darth Vader comics before this? I mean; I don't know I just really like Aphra so far in this which is the first time I have read her. The point is, she is like the female Han Solo. They are so,so similar. I think I may read or at least start The Darth Vader comics before Doctor Aphra #6 comes out.

---

### **Michael Kieffer says**

Overall I liked it. Sometimes I was confused and just powered through, might be the fact that this was my first graphic novel and I'm not used to them yet, but I do intend to read this series. Biggest problem is I paid \$12 for this and I finished it in one night, for \$12 it should take much longer.

---

### **Tyyne says**

I don't really get it, maybe this gets a lot better? Why is her backstory somehow similar to Mara Jade's, yet she is in some ways more PG and in some ways somehow completely brutal? Why does this character exist, when there was already a much more interesting and awesome version of her?

---

### **Stacy says**

I really enjoyed this. The character of Doctor Aphra maintains those traits that made her likable in Darth Vader. She's scrappy. She's smart. She's arrogant enough to walk into mistakes and also know she can wheel and deal her way out of them. She's been likened to a female version of Han Solo but I feel there's enough there that makes her unique in her own right and I'm excited to see Gillen tell of where she came from.

My favourite insight into her personality is when she creates a lie to benefit from, and her friend from school enthusiastically thanks her for the chance to study the falsehood. Aphra had an opportunity to tell this individual the truth, and instead allowed her to spend the rest of her career disillusioned. That struck me more than anything in the issue, and it was so subtly done.

---

### **Andy Hickman says**

1 - "Oh, Master, it must be terrible to have your credentials questioned." - Triple Zero

“It is! I mean, OBVIOUSLY I cheated. BUT HOW DID THEY FIND OUT?” - Aphra

“Well, your questionable morality was always going to catch up with you eventually..” - her father

---

### **Ithlilian says**

I don't know about you but I enjoy murderous robots and main characters that don't mind getting their hands dirty. Aphra had a little too much of a Han Solo vibe in this one for my liking but still enjoyable. 3.5 stars

---

### **Belinda Missen says**

I liked it, but didn't love it. It'll be interesting to see where this goes, though.

---

### **Ria says**

I suspect I'm not a big enough Star Wars fan to fully appreciate this, but it was a fun adventure with a morally dubious heroine, written by the ever wonderful Kieron Gillen. So I'll give the next issue a whirl to see if I can get into the Doctor Aphra groove.
