## **Evangelism Is . . . : How to Share Jesus with Passion and Confidence** Dave Earley , David Wheeler

*Evangelism Is . . .* contains forty brief chapters of high-octane, rut-breaking equipment, empowerment, and encouragement for all who are ready to share Jesus more passionately and confidently with others. Each call-to-action entry stands alone but can easily be connected to other chapters, all of them finishing the sentence that begins with the book's title. For example, Evangelism Is . . . "Joyfully Intoxicating," "The Real Business of Life," "The Supreme Challenge of This Generation," "Leading People to True Conversion," "Washing Feet," "Praying Prodigals Home," "Empathy with Action," "Giving a Logical Defense of Your Faith," "A Family Affair," etc. The book's appendix also includes articles on what evangelism is not, evangelism in the early church, and sharing Jesus, plus sample plans for sharing one's faith.

## **Alec Bradley says**

Recommend Recommend !!!

---

## **Christina A says**

The material in the book was great! It had a lot of grammatical errors in the version I read.

---

## **Lacinda says**

Great book! Offers some really good advice.

---

## **Tanya says**

Read it for my Evangelism class. Was a simple but very informative concerning what Evangelism is. I learned new perspectives.

---

## **Maya says**

This book was recommended in Peter Boghossian's "A Manual for Creating Atheists" as an example of Relationship Evangelism in Christian practice (p. 96).

---

## **Joe Valenti says**

There are many obstacles that people encounter when attempting to share their faith in an accessible and understandable way. Dr. David Wheeler and Dave Earley provide an excellent and thorough text to help Christians in the process.

They deal with heart issues, prayer, and attitude while at the same time offering very practical ideas and resources to use in the real world. this is where this text shines. Too many evangelism books focus on convincing people that they need to evangelize instead of teaching them how to build bridges, serve those around them, and engage people in meaningful spiritual conversations. This book does both very well.

Additionally, the book is written in small chapters that do not need to be read consecutively, therefore it is a great resource for small groups or training sessions regarding one topic.

The only thing that keeps this book away from five stars is its length. Much of the content is visited multiple times. Wheeler and Earley have not done a good job of editing down their work for maximum impact.

---

### **Jeffrey Rybold says**

A great book that will get you thinking about BEING a witness, not just doing witnessing.

---

### **Aaron Will says**

Read all but a few chapters for evangelism class. Some parts of this are pretty good, but for the most part it's overly pragmatic and surface level. The best part for me is that it is actually convicting and encouraging me to be more personally active about sharing the gospel. It's more practical for the actions of sharing faith, but lacking in deeper theological foundations of evangelism and soteriology.

---

### **Brent McCulley says**

This book, quite frankly, was quite ridiculous. Lack of a solid theological foundation leads to some really fantastic evangelistic methods.

---

### **Jordan J. Andlovec says**

The book wasn't bad or uninformed, but like much evangelical literature it was campy and a little simplistic. Not a bad introduction, but not the first one I would point someone to.

---

### **Veda Sorrells says**

Very insightful. I have learned a lot from reading this book.

---

### **Ruth says**

Although a bit repetitive, this book offers the rationale behind Christian evangelism, practical tips on being effective, and plenty of Biblical support and anecdotal evidence. I have no doubt that both of these authors are excellent personal evangelists and teachers. Their message would perhaps be more effective had they made use of a ghostwriter and/or more proactive editor.

Do not assume from the low rating that there was nothing that I appreciated about this book. On the contrary: there was much to be gleaned. One section that I will take with me into the coming school year regards leaving behind a legacy: "The legacy of a man's life has nothing to do with his possessions. Rather it is the

God-given passion and influence he spreads to those under his care. It is more than being a mere example. It is living out a life that is multiplied through the attitudes and actions of generations to come! The legacy is an obsessive desire to impact the world for God!" May it be so.

Recommended for new believers and those who are new and/or nervous about sharing their faith.

---

### **Greg Dobbin says**

Great Read a lot of practical sound advice!

---

### **Tyler says**

This is the best, most comprehensive book on evangelism I have ever read. Each chapter is more or less self-contained as a short essay relating to a different aspect of evangelism. It provides a fine balance between biblical underpinnings and practical instruction. The writers make sharing your faith seem necessary, doable and hopeful. A must read!

---

### **Robin says**

His was an easy relaxed read despite the fact that it was for a class. First time I have ever enjoyed a book that was a required read.
