Forced Play for Libby

Hayley Faiman

Forced Play for Libby Hayley Faiman

Elizabeth "Libby" Lillian Montgomery-McGrath was born and bred—bred to be the perfect, polished wife of some well to do man who would probably never love her. Then she laid eyes on Pete McGrath, a bad boy who would undoubtedly be unacceptable by the standards of her family.

For Libby, it was love at first sight. To her complete and utter astonishment, her father not only accepted Pete, but encouraged and rushed them into marriage. She thought she had been given her happily ever after, but the honeymoon never lasts forever...

Pete and Libby appear to be the perfect couple from the outside. Affectionate, beautiful, successful and rich, strangers envy them and their friends adore them.

Pete McGrath harbors hidden truths that eat away at him daily, destroying the love he holds for his Libby.

One email threatens their picture perfect marriage, exposing their most intimate imperfections. Libby is devastated, Pete's eyes are opened, and he's forced to play for the woman he loves.

*Recommended for readers 18+ due to: Graphic Sexual Content and Language

**This is book 3 in the series and can be read as a standalone, but it is encouraged that the series be read in order.

1 ?- Ugh! Didn't like it or triggers or pet peeve!

Someone recommended and I downloaded the book without seeing the reviews of my friends.

My bad.

Zero spends 7 years mentally abusing Zeroine and cheating her.

Zeroine is an amoeba without a backbone who is depressed and suffering at home alone trying to please Zero. He is verbally abusive too, she feels like nothing.

Zeroine changes the body surgically and starves herself to become a bag of bones in search of perfection to try to please Zero.

They do not have sex for 7 years, she stays celibate and he fucks everything that moves and has a hole.

Then a picture of him with one of his lovers leaks to the press and she wakes up.

Zeroine packs up and goes to a luxury hotel to suffer. After all, she's rich, LOL!

Zero decides he wants her back, I think he missed his emotional punching bag.

Both declare eternal love, all shit he did is forgotten and we have an HEA.

Our doormat, aka Zeroine, is happier than pig in the mud.

Zero is all filled with love and declaring eternal faithfulness. He has the courage to be possessive and jealous and all alpha male about her. But he treated Zeroine as trash for seven years. WTF!

Nothing convinced me and I felt everything more fake than Zeroine's tits.

We also have an evil father, who is not really her father. A vain mother and doormat who enjoys luxury only and never defended Zeroine. A sister with a stick in her ass. An ex-lover causing scandal and that is a cheap copy of Zeroine, big tits and all. Drama that can not give credibility in the story, only fill in between the sex scenes.

Fre06 Begum says

One thing I have to say about female lead....HAVE SOME F*****G PRIDE!!

One thing I will say about male lead....YOU ARE F*****G NASTY AND THERE WAS NOTHING SEXY ABOUT YOU!!!

I seriously felt like throat punching them both, two losers who deserve each other!!@

lizparker says

wow- what a crock of crap. H is a total douchcanoe. Just some of his statements- they make him not only sound like an asshole, but just a complete idiot as well. This plot was awful- h looks weak and H looks like a

tool.

Lillian♥ says

so after reading 50% of the book I pretty much just skimmed through it. here's a recap of the book

1. virgin girl meat boy, virgin girl gives it up first day they meet.
2. 7 years later and they've been married for 7 years because her dad promised him a place in the a pro baseball team.
3. he resents her, treats her like shit and cheats kn her.
4. she hasn't gotten laid in 7 years.
5. she gets a photo of him with a knock of version of herself.
6. she moves out, friends tell her to give him a chance (wtf)
7. he realises his 7 year fuxk up and freaks out, wants her back.
8. he shows up at hotel, she's all sassy and bitchy and I'm like fuck yeah.
9. 10 min later shes begging to be fucked
10. he denies her getting fucked
11. she asks for a divorce
12. he says no and fucks her.
13. she wakes up to a note saying he'll give her the divorce.
14. shes pissed, dresses like a hoochie, shows up in the locker room, they argue
- 16 they fuck
- 17 tabloids get ahold of the picture of him and the ex mistress
- 18 she goes on a gossip show, says it was her fault blah blah blah
- 19 they fuck
- 20 they fuck again
- 21 more shit happens then they fuck (repeat 10x)

I never not read a book because there's cheating in it. I like to seeing how different characters react to betrayal and mostly I like seeing the cheater through hell to get the person they fucked up with back. but all he literally did was apologize and finally kept his dick in his pants with other woman. oh yeah and he finally fucked her after 7 years. that's its. seriously. ugh.

2 stars because the beginning actually caught my attention and the author wasn't boring... she just had shitty hero and a spineless heroine.

sraxe says

Cheating H/doormat and faithful h. [x]

EscapeNBooks says

4.5-5 stars

"It's never too late when love is on the table..."

Forced Play for Libby is book 3 in the Men of Baseball series by Author Hayley Faiman, and is the first book I have read by this author. It is a sports-related, second-chance, contemporary romance novel that can be read as a standalone (although it is recommended that you read the previous books in this series to avoid any spoilers).

"Being perfect is what's most important anyway; or at least appearing so. Perfection has been ingrained in me since birth. It is how I survive my chaotic life."

Libby and Pete fell in love when they were young. Coming from opposite sides of the tracks, each felt they had to prove their worth. Through some unforeseen events, they have grown apart and now struggle to make any connection with each other. We read their story as they divulge their secrets and deepest desires in hopes that they may be able to find love again.

"When all else fails, ride him until he can't remember the contract even exists."

Get ready to fall for the world's biggest manwhore. Told in dual points of view, Forced Play for Libby was a sexy and hot read with tons of humor, angst, and spicy moments. Pete was one of the most delectable male characters. His mouth was so deliciously dirty and he had this same type of risque love for Libby. I initially thought that Libby would likely be the good girl that played by the rules. But, when it came to Pete, the rules be damned. She was the kindling that allowed his fire to burn hotter. The storyline itself had me twisted in one sentence and in stitches the next; one minute I was furious, and the next I was laughing uncontrollably. Being set in the baseball world, the unique nature of the storyline held my attention without a problem, and fed my desire for romance and continuous steam. I look forward to more from this author.

"This is love. There is no timestamp."

Three Chicks says

3.5 Stars

I had a tough time with this book. I was familiar with Libby and Pete from the first 2 books. It was obvious something was wrong with their marriage. But even I was surprised at the truth. Pete had a pretty miserable childhood but he was such a talented baseball player that he was destined for great things.

Libby met Pete at a college party and sparks flew. But then things got complicated with her ultra rich father and a deal he made with Pete. Libby and Pete married quickly, and after the honeymoon Pete told Libby their marriage was in name only and he wasn't planning on staying faithful. (this is all in the first chapter)

Seven years later and Pete has lived up to that promise. But something happens, and he suddenly realizes what a gem his wife in name only really is and is determined to start over. That is where I couldn't move on- 7 years of doing whatever you wanted to whoever you wanted and now you want a second chance?

Ms. Faiman draws her readers in with her stories and her writing is concise and crisp and clean. I just couldn't move past the old Pete. The new Pete was almost gushing with his pet names for Libby and was contrite. Libby had her own reasons for staying in the marriage, and when she has enough-she is done and

makes Peter work for it.

Would I keep reading this series-yes. The characters are interesting and I like the series. Personally, I have issues with cheating and that is a hard line with me. I think if Pete had wised up a lot sooner, I would have been able to move past his infidelity.

Lisa Cooper says

Awful one of the worst books I've ever read

Kristina says

It's amazing and revolting to me how many condone Pete's disgusting cheating for years on his wife. Not to mention the mental cruelty he inflicts so easily and routinely on his doormat wife during their WHOLE marriage for years. This is an all-round turd who does not deserve a happy ending ever.

And just cause he's "sorry now" she just forgives him and all is well? Are you shitting me!

Anyone who condones this piece of shit's behaviour is someone I definitely do NOT want to know. You have nothing to say worth hearing. Go read a self help book.

Jessi says

I adored this book. This series just keeps getting better and better with each book. I have been dying to read Libby's story since her weird behavior in book 2. I was really surprised, I did not see the reason for her behavior coming. I enjoyed every aspect of this book, I can honestly say there isn't one thing that I didn't enjoy. I also enjoy how the author incorporates all the characters from past books into the new books, it's like getting a continuation of their story.

I really enjoy how Hayley writes her love stories. They are believable and pull you in right away. She adds more elements than just the romance to keep readers interested and wanting to read more. If you have not read this series, you really should check it out!

Leo (Queen of the Rants and the Crazy) says

and this is a romance book?

Gi's Spot Reviews says

Cheating for seven years WHILE married and wants forgiveness... No way in Fucking Hell!!!

A Klue says

This is no exaggeration. I think this is the WORST book this book reviewer has ever attempted to read...in my entire life! After exchanging a few emails with the author I hesitantly received an ARC...knowing I would have to take into account a hero who had a lot to make up for (dumped heroine after the honeymoon/marriage in name only/was with OW...all due to his greed in pursuing his baseball career/wealth due to a twisted contract agreement with her fake father, but taking his own self disgust for doing so out on her thinking she was a spoiled rich girl who deserved to be unhappy). Yeah, what was I thinking? In my defense, I wanted to give this guy a chance to redeem himself and figured she would grow a backbone & bring him to his knees. Hey, I read dark mafia romances. I've seen a lot of tough bad boys brought out of the darkness and into the light of redemption.

Unfortunately, I absolutely wasn't prepared for all the other things I would hate about this one. #1 A spineless, stupid heroine who talks tough but is another but, #2 A hero whose idea of making things up to his wife for the past 7 years of hell is calling her Baby, shrugging it off, & telling her now things are going to be great #3 Crude, crass language that doesn't fit the characters and isn't even necessary. Heck, even rich, elitist, insanely wealthy grandma talks like a sailor on shore leave. #4 Silted/wooden writing, #5 Characters actions/words don't fit how they would act under these circumstances. (I.e., heroine leaves him, finally has had ENOUGH but then has sex with him.)

I could go on...but what's the point. I think I've made mine clear enough. Here's to hoping those who read the previous two books enjoy this one. It completely missed the mark with this reviewer.

PS. What did I expect/hope for? A strong heroine who leaves...and actually makes him work for her forgiveness/another chance.

Deserie williams says

note :cheater hero!

Shai says

I hated it. The H is an cheating asshole and the h is very dormat. Her friends and psychiatrist are bad infuence who gave bad advice. The H was forgiven so easily because he fuck the h.
