## Je Suis à Toi Pepper Winters

*“Life taught me an eternal love will demand the worst sacrifices. A transcendent love will split your soul, cleaving you into pieces. A love this strong doesn’t grant you sweetness—it grants you pain. And in that pain is the greatest pleasure of all.”*

Q made me the happiest esclave in the world. He gave me his heart, his empire, his ruthless unforgiving love. And life finally left us in peace.

A man like my maître has special needs though, growing stronger as our lives intertwine. The only way to survive his monster is to agree to all his desires.

Including his latest wish.

I’m his.

And I won’t refuse.

## From Reader Review Je Suis à Toi for online ebook

### Lea ★ says

**\*Arc kindly provided by TRSOR Promotions in exchange for my honest review\***

**5 fantastic stars\*\*\*\***

I was so excited when I received my ARC copy the other day, because I have a feeling I've been waiting for this for ages.

Holy crap, Pepper Winters, I applaud you! You are a master of your craft.

Je suis a toi is a Monsters in dark novella, great addition to the series and our final farewell to Quincy Mercer and Tess Snow. This is a short intense read and you will probably finish it in one sitting. I know I did. I loved every minute of it!

Monsters in dark is one of my all time favourite series. I was completely mesmerised from the moment I read Tears of Tess. I questioned my sanity many times while reading this series, but I couldn't contain myself from flipping pages.

If you're a fan of dark, twisted reads, you probably know what I'm talking about. I am not sure it can get better than this.

This novella has it all. Great storyline, romance, hot sex scenes, fair amount of BDSM and HEA.

Both characters have already been through so much, but they are survivors. They healed.

Past is in the past.

I had a feeling we finally see them in a different light. Tess changed everything for Q. She is still very much in love with her monster maitre and a strong heroine we grew to love. She would literally bleed for the one she loves. I never saw her as a weak character, but although she went through a great deal of traumatic events, she stayed true to herself.

Q is not the same person we had a pleasure to meet in previous books.

I'd say he eventually made peace with what he is. Is he a monster? Yes. But one with a huge weakness - love. Make no mistake, he is still one hell of mysterious, messed up individual, but trust me when I say, he is a changed man. Their love is unconventional, but so, so perfect.

They both still indulge in some steamy activities between the sheets, and there is plenty of emotional turmoil and tender moments.

Although, I know this whole series is not for faint hearted, Q and Tess are one of my favourite characters, and even though they're both twisted in their own way, their bond is unbreakable.

They finally got the ending we all hoped they will.

I feel that this series ended with a perfect ending for both of these characters, and one more thing... we will get another Pepper's new dark romance series soon!

I am so excited!

### Jenny••Steamy Reads Blog•• says

This is a beautiful ending to a great story and series. I assumed I knew what Q's issue was in the beginning of the book, however the dark, twisted man kept me guessing with his over heated ego. I smiled from beginning

to end, this book had me hooked from the first page. After reading Twisted Together I felt like I wanted more closure to Tess & Q's story and this book does exactly that. Q and Tess got the ending they deserved and I love them even more than I did before, definitely one of my favorite couples, twisted and all. ❤

---

### **Katy Loves Romance ❤? says**

Ok ok.. I loved this!!

#### **4.5 Stars**

If you ever read my reviews and listen to my rants and raves on the books I read and review, then listen to me here: READ THE MONSTERS IN THE DARK SERIES, I'm talking dark, epic, LOVE of the raw primal animalistic need of LOVE.. And Q MYYY Q you will want to meet him.. And boy have I missed him.. So did I enjoy this? Hell yes.. Actually this series made me love dark romances, I fell in love with edgier reads because of this series so if I can love them then I bet your Ass you can.. Just saying..

**I didn't need sweet sincerity. I needed a man. A monster. A master to fuck me. I needed him to take away my choice because then I could give in. I could stop thinking. I could be nothing more than Tess with her Q and scream and cry and beg and pant and thrust and thrust on the majestic cock of my saviour and husband.**

#### **So what's it about?**

To me this was an epilogue to their romance, and a great edition to closing what we've read up to now. Tess has been brought, been through the mill and Q has dark needs.. So they have a relationship that is full of need and want and boy do they still **WANT AND NEED EACH OTHER**. This ending is full of sexy moments. And there's also moments of them as a couple loving each other and seeing what any relationship worries about, yet for Q he worries he's too dark and twisted for a normal relationship..

#### **My thoughts and feelings**

Do not worry here, Pepper has still made us love Q and Tess and continue to enjoy their ups and downs as a couple, as a twisted couple, but also as a different couple.. There is the added notion of them being a normal couple in a normal relationship, butttt they have an edgier sexier need that is still there and is theirs.. I loved every sexy moment, every part that was full of worry and all those endearing moments.. I will forever love Q and Tess and listen to me read this.. It's a ride, at times hard but then at times wonderful, beautiful and this book was a perfect conclusion to their very twisted relationship..

***I wanted her. No, I was beyond that. I was fucking obsessed with her.***

Enjoy Xo

**4-4,5 STARS**

**"..I'll never get over how much I need you. How much your body calls to be mine."**

Did you miss Tess and Q? Because I did! And I'm happy that we got this novella with these two, It was nice reading about them again! It's nice to see that there is still the love, the passion and the devotion between Q and Tess. They are perfect for each other even though they are not perfect, still both have something to give to each other.

Q is the same possessive, protective, super hot and dark man we know and Tess is strong, stubborn, funny and sweet! I loved them both and I enjoyed their moments in this one!

**Chris- Bookaddict says**

I loved getting more Q & Tess!!

---

**Amber says**

I know this is going to be about Tess & Q, but damnit can I get a Suzette & Franco book! I NEED IT!!

---

**Christine says**

Is it terribly sad that I actually have tears in my eyes at seeing that there is going to be a novella?! More Q and Tess? Can. Not. Wait.

## Hulya Kara Yuksel says

*"Dear Esclave,*

*If you wish to please me, you will do the following. Do not dally or disobey. Do not touch yourself or do anything to displease me. Obey me, my dear Tess, and I will reward you. I'm coming for you. Your Maître."*

I remember just like it was yesterday... When I first read "Tears of Tess" I was speechless. That book was my first dark romance and it was my first Pepper Winters book I ever read. After I read Q & Tess's story I was blown away with the story and also with the sexual tension too... After I finished "Monsters in the Dark" series, I became a huge fan of Pepper's work because my God, that women knows how to write dark and twisted love stories. She's my queen and I'm addicted her words... :)

Before I start to read this novella, I already knew that will be a fucking perfect ending for Q & Tess! Because how cannot it be? We're talking about Maître Q in here. Everytime he says that word "esclave"... Argh my body is so fucking ready for him. After all, how can that man disappoint me huh?

Q, Master, Maître, Quincy...

I love everything about you, I'm obsessed with you and

I'll never ever get enough of you...

Thank you so much for the mind blowing hours Q.

I'm gonna miss you so fucking much... :)

**WARNING: If you're under age 18, pls think twice and then read "Monsters in the Dark series". :)**

---

*"She was more than my world. She was more than my lover, best friend, and partner. She was the blood in my heart, the breath in my lungs, the fucking marrow in my bones. Without her, I wouldn't exist. Without her, my body would be nothingness: no heartbeats, no mind, no man...no animal..."*

*ARC provided by author in exchange for an honest review*

**“Q was my destination. He was also my journey. My test. He was me.”**

I can still vividly remember the first time I read *Monsters in the Dark* and was utterly consumed with Pepper Winter’s scintillating, vibrant, dark and hypnotizing prose. She didn’t hold anything back when she literally ingrained Q and Tess into our hearts, mind, and souls. Their passion, addiction, sexual need, and love for each other was brimming throughout the pages and I knew I couldn’t get enough of them. And so when I found out Ms. Winters was doing another installment to this series, I knew I couldn’t wait to dive back into the world of Q and Tess.

**“If anyone tried to convince me that Q wasn’t capable of love, that he was a monster with deep dark urges, that one day he might hurt me far beyond my tolerance of pain, I’d laugh in their disbelieving face. The way Q stared at me in that picture negated any naysayers or skeptics. Our love was unique. And I would never, ever take it for granted.”**

**Je Suis a Toi** is a novella to the *Monsters in the Dark Series* and it follows up on one of most favorite and beloved couple, Q and Tess. If you haven’t read this series, then you are truly missing out on reading of my favorite dark romances and so I urge you to go to read this series.

**“I want our vows on my body until I’m ash and bone. I want our promise to seep into your blood and taint your soul.”**

Since this is a novella following up on Q and Tess and their relationship, I consider this installment to be somewhat an extended version of an epilogue. Following up on the last book, Ms. Peppers allows readers to see that there are some challenges that Q and Tess must endure. They love each other dearly but there is

something holding them back. And in true Pepper Winter's fashion, she will douse her readers with all the feels through the eyes of Tess and Q. And if you are wondering if Q and Tess will have that happily ever after, then I will happily tell you yes. It will passionate, raw, sexual, dark and of course twisted.

### **Candace says**

Q and Tess are one of my all-time favorite couples. I love that they have overcome so much to be together, embracing their kinky darkness. If you've followed the 'Monsters in the Dark' series, you know that theirs was a long and harrowing journey.

At the end of 'Twisted Together', it seemed that Tess and Q were finally getting their happily ever after. Of course, this isn't a couple that anything comes easy to. It was no surprise that the fairytale ending would take a little work.

While their love for one another is absolute, Tess and Q struggle with settling down. In many ways, they've wholeheartedly embraced their new, slower-paced, domesticated lifestyle. However, they find their lives to still be lacking in many regards.

When Tess plans a birthday getaway for Q, it becomes clear that the two need to address some issues that are causing a rift between them. Q, in particular, continues to struggle with his darker urges. When he reveals a secret that he was keeping from Tess, he also confesses thoughts that had been plaguing him. He begins to question his sexual relationship with Tess again, turning their world upside down.

In the end, things work out beautifully. There isn't anything that can stand between Tess and Q for long, even themselves. It was great to have a little more time with two of my favorite characters, especially during a time with less danger when they've finally settled down. I really enjoyed the closure and warm-fuzzy feelings that this book left me with.

As an added bonus, Ms. Peppers provides a sneak peek into her upcoming book. Based upon the teaser provided, I'm already dying to get my hands on a copy. It is bound to be another great one.
