Vanessa says

I liked this book, the only fault I found is that it needs editing.

Adrienna says

Rayna and Sheila are best friends and colleagues that attended the same school. Rayna received her degree in Political Science/Pre-Law, while working at a law firm, as Sheila took up Sociology and currently a Domestic Violence Counselor.

Michael and Bryan are identical twin-brothers with different lives and personalities. Besides their differences, their undeniable love for one another is noticeable in the beginning of the storyline. Sheila and Michael both have past hurts, will there be a future for them or relationship? Flipping through the pages to see where 'love will find' them?

From the prologue, I am clueless who this young girl is and reading the pages until I receive clarification. The suspense is intense--hurry up, I cannot wait to know. All the characters are brilliantly written where it captures the readers emotions-soul immediately. There was not one character that I did not want to know or lean more about!

Vanessa Richardson delivers a compelling inspirational suspense story where you are begging for the sequel!

Melissa says

This book is a good combination of faith, suspense, and romance! I enjoyed reading it and look forward to the next book in the series.

J.K. Muta says

Vanessa Richardson has created interesting characters that captures ones attention quickly and they keep you wanting to know more about them and what is going to happen next. It is a love story mixed with some struggles that the characters have to overcome to find their happiness. Through family, friends and their faith they find ways to deal with their troubles.

From the Montgomery family to best friends Sheila and Rayna Vanessa manages to balance the book well. She mixes faith and romance in a very creative way which is not always easy.

I really enjoyed reading this book.

Yolonda says

This book is AWESOME!!! I enjoyed it from cover to cover. If you haven't read it yet, I suggest you get a copy ASAP. There is more than a story here. There is WORD! WORD=LIFE!!! And life is what the author conveyed..... From this book I learned that with God ALL things are possible, even when evil is on your trail.....

Allison says

Honestly, I couldn't finish reading this. It was horribly written and had lots of typos. The story just wasn't going anywhere and I found it incredibly hard to stay interested. I do not recommend this.

Dream 4 More Reviews says

Vanessa Richardson delivers an electrifying, undeniable love story between two people who do not believe it is happening immediately before their very eyes and their hearts beating at a rapid rate. Their first encounter speaks for itself.

We first meet Michael and his twin brother, Bryan, and see their agape love for one another regardless of their different lifestyles, paths, and personalities. Then, we see Shelia Lawton, who does not want to go back in the house of God with her best friend and colleague Rayna Peterson. These ladies met at college and remained friends since. We see Rayna go from graduating in Political Science/Pre-law major to wanting to become partner at Hudson, Fist, and Hudson law firm. Shelia majored in Sociology is now working as a Domestic Violence Counselor.

Vanessa captures the readers attention from the Prologue, where you do not want to stop reading in one-

sitting. I enjoyed reading every character in the book, also seeing love electrifying over the emotions and souls of the characters--where I can picture them in my mind as if it is a TV series on Lifetime. I cannot wait for the sequel. This is a must-read, especially if you love inspirational-suspense (or Christian Fiction, Contemporary Romance).
