Stefanie says

Awesome comic! Even without words (or very little words) this is one of the best comics so far! Totally loved the idea that the critters saved Ponyville. And in which way. XD

Mya says

you like this one so much that you made me read it is twice in a row

Joy says

This issue does not have a lot of dialogue because the pony's pets take the stage.

Angel Bunny wakes up to find that Fluttershy is missing. Worried, he finds the other pets wandering Ponyville, also without their owners so they all team up to find them.

Jessi says

this one was not the best. It was just ok. The characters seemed too smart and too out of character. Like it was too perfect of a situation. It was more meant for little children.
