**Owned by the Marine** Renee Rose

*A dominant wounded warrior. The vanilla-sweet girl next door. A trauma that brings out the hero again.*

When Marine Sergeant Rob Gentry moves into his apartment, the last girl he wants to date is his new neighbor. Smoking hot and so cute it makes his teeth hurt, she's not his type. Too sweet. Too innocent. Too vanilla. But when her date with an online suitor goes south, he busts into her place to rescue her. Because that's what a Marine would do.

The trouble is, now she requires comfort. A safe place to stay the night. Distraction. And by the time he's through owning her hot little body, he discovers a natural submissive, one he's not sure he can ever let go.

**\*\*This story, which contains elements of BDSM including spanking, was originally published in the USA Today bestselling box set *Hero to Obey*.**

I lovvvvvvved the H, but this was one of those shorties that you wish were longer. I needed more character development for this type of story but didn't get it.

It was still a sweet story though, can't win em all.

### Maria says

Well, this was a total hoot! I really enjoyed it. It was kinda silly and smokin hot. Not much heavy brain power involved but that's okay after the hectic holidays, I needed a little break. There's a June Cleaver kink thing happening that I thought was a total riot. Hee, Hee. Bad boys indeed.

#### A WOUNDED WARRIOR AND THE GIRL NEXT DOOR

Marine Sergeant Rob Gentry moves into an apartment, and the last thing he wanted was to deal with nosy, friendly neighbors. He is angry, bitter, harsh, and really not coping well after his last deployment in Afghanistan that took out the rest of his team with a roadside bomb. Rob is scarred by mentally and physically. A neighbor, Kaitlyn Lattigard, is all bubbly, bouncy and so sweet it gives him a toothache, he doesn't do sweet vanilla girls, at all. When her online date attacks Kaitlyn, he comes to her rescue, and something snaps, he offers her help. Can he help this feisty young lady recover from nearly being raped? And will Kaitlyn be able to help Rob fight his demons? Maybe, in the process, he will learn that she is made of stronger stuff than he gave her credit for. "He was at his best in Dom mode—sensitive to her needs, exacting in his demands, and constantly pushing her boundaries."

This had shades of some of my favorite tropes: Beauty and the Beast/otherwise beautiful hero coping with scars. It also had a light feel for a BDSM romance. I think fans of Alexa Riley will really enjoy this.

Rob and Kaitlyn.

This is a very short sexy read. Rob is a big, scarred, angry ex-soldier with ptsd. Kaitlyn is his cute perky neighbour who is crushing on him. He's a total ass to her until he is the only person who can save her. Forced into proximity with her when she needs emotional help, he finds himself willing to give it... and more (nudge nudge wink wink). Somewhat kinky with some spanking, but not really BDSM.

The MCs were really cute together and the sex is HOT. Although they seemed like opposites at first, it turns out that they compliment each other.

### **Kerry says**

In a world where things go wrong in an instant then go to where recovery is an on going chore, there is always something to challenge even that. Went grouch meets sweet, it might be he who gets rehabilitated after all.

Really enjoyed this short story. Well written, a little kink, loved the characters. Definitely a keeper and one to read again. I voluntarily reviewed a complimentary copy of this book.

### **Metalkarin says**

I loved the first chapters (75%). Likeable main characters, nice story, good interaction and hot scenes.

The reason this story didn't get a 5?? Rating?

The last chapter felt a bit rushed. There's too much telling and too little showing what's happening.

Nevertheless a good story and a nice way to spend part of my Sunday ?.

Spanking Good Read 4.5 stars

Finally home in San Diego from his four tours in Afghanistan, Rob Gentry shows his battle scars inside and out from what he's endured. Rob has survivor's guilt. He's still reeling over the loss of teammates, and left angry by the loss of his military career in the Marines due to injuries he sustained. Rob's gorgeous features are scarred by wounds to his body, and feels he's no longer attractive and desireable to any woman, and just wants to be left alone. Until he meets Kaitlyn Lattigard.

His cute, girl-next-door neighbor is all innocence and temptation. Stubborn and persistent, she's got a way of cutting right through his hardened shell. But Rob doesn't do nice. As a Dom, the sex he has with women is all about submission, rough and dirty, just the way he likes it.

Kaitlyn's work as a social worker in Family Resource centers around focusing on people's needs. She sees the pain the ex-Marine struggles with in maintaining some normality, and he is so alone. Kaitlyn is determined to whittle down his defenses. When she is attacked from an abusive date, Rob's protective instincts kick in and he's right there to rescue and comfort Kaitlyn. Kaitlyn's kind, solicitous nature brings on a fantasy Rob has never entertained: a 1950's housewife girl. Oh, and what a delicious journey of discovery for both. I just loved Rob's firm but gentle guidance of Kaitlyn's initiation into a world of kink and domestic discipline.

Owned By The Marine is a sexy, military romance novella. The writing is fluid which made for an enjoyable read. Ms Rose brings us characters we can relate with, and sexy scenes that sizzle. I just loved the connection between Rob and Kaitlyn. And the epilogue is sigh-worthy.

I voluntarily reviewed an ARC of this book.

### **Dar says**

This was an okay read, and a good way to pass the time. A sweet, positive woman, moves in next door to a cranky, damaged, PTSD'd marine, and tried to be nice. He isn't in the mood, then she has a date go bad and he saves her. Now, he can't live without her

---

### **Talltree says**

Hot, well-written and short spanking romance between scarred veteran Dom H and innocent, spunky h with a heart of gold. The PTSD-ridden H was rude and unwelcoming and his neighbour, the h, was like a puppy chasing at his heels, trying to cheer him up, but still the MCs were relatable and it was a fun read.

3.5 stars!

### **Maria Dimitrova says**

Actual rating: 3.5

Short but smoking hot. But don't bother reading if you want adequate handling of problems such as PTSD. Actually scratch that the handling is really bad and I had problems at times abstracting myself from it so I could enjoy the rest of the story. And by story I mean the sex scenes.

### **Linda says**

This story is a kinky, sweet romance about a scarred Marine and a sweet social worker. Kaitlyn isn't scared of the big man with the scars. In fact, she can't stop imaging what it would be like to be held in his arms. Nothing in Rob's world is right anymore and when he meets Kaitlyn, the girl across the hall, he thinks she's too nice for him even if she does seem to be attracted, until one fateful night changes everything.

I really loved this story because it's not just about kinky sex. It's a romance with a lot of heart.

I voluntarily reviewed an Advance Reader Copy of this book.

Rob & Kaitlyn were so very different. This is a short story with kink & romance. I loved everything about this book.
