## **Possession of my Fate** Kia Carrington-Russell

The time to fight is now. With loved ones lives on the line, Karla must continue to fight the war that beckons. With limited control of Misfeata and what she might do next, Karla begins to discover the truth about the Elders and their past.

Her group find themselves amongst a bunch of travelling Shielders who fight alongside Karla against Eden and in search of Sebastian's grave.

With mixed emotions, Karla finds her love for both Paul and Lucas to conflict her beliefs, and the world of which she should be a part of. The human world or the Shielder world.

Paul continues to protect Karla's sanity against her internal fight and Misfeata. Lucas is in turmoil as he tries to find ways where he can contact Karla without the Elder, Tyran within trying to kill her.

Both friends and allies, true identities will be revealed. So, who is really fighting by Karla's side and when will this war end?

## Dianne says

Are any of us in possession of our fate? For Karla, her fate is intertwined with that of a powerful entity with an agenda of her own that resides within her and Misfeata is getting stronger and stronger.

Kia Carrington-Russell is back with **Possession of My Fate** as Karla's story continues and more truths are laid bare, leaving her to decide where she stands and what she will face in the next unavoidable battle. Meanwhile, Elder Misfeata is determined to kill Elder Tyran who resides within Lucas, a young man who should be Karla's enemy, but their relationship is far from combative, still they must avoid the inevitable battle they will be forced to engage.

Karla's heart also lies with Paul, the human who has stood by her, fought at her side and held her in his arms. Will Karla need to choose more than the man she loves? Will she have to choose between the Shielder world she belongs to or the human world she grew up with? When the final battle comes, who will stand as an ally and who will betray her as truths are revealed one painful piece at a time.

Kia Carrington-Russell has put her pen to paper and unleashed another emotionally chaotic tale filled with action, turmoil and characters that will keep you guessing as to their true intent. Karla has come of age, grown into her power and faced her own "inner" Elder, all while uncovering the mysteries behind the last human vessel for Misfeata.

Involved, detailed and charged with a magnetism that shows just how far Ms. Carrington-Russell has come as a brilliant storyteller. Each scene is well thought out, the dialogue is excellent and the twists are shock-worthy! Highly recommended reading for fantasy/action readers who don't mind staying up late to consume every page until the end!

I received an ARC edition from Kia Carrington-Russell in exchange for my honest review.

## Sydney Hopke says

What a great book! This series is amazing, has such great bunch of characters that have you wondering what they'll do next. Karla is still heading to fight a war that appears can't be avoided while battling Misfeata.

Meanwhile she's trying to figure out her feelings for Paul and Lucas while trying to work with a group of shielders who will fight with them. And who can she trust and not everyone is who they appear to be.

The author does a great job telling this part of the story. Once you start you really don't want to stop because there's really no good place to stop without wondering what will happen next. You'll have love (not just Karla), fighting and a bunch of OMG moments that you won't expect but are great! Highly recommend this series!

## **Nook Books and More Blog says**

It's fun, intriguing, yet adventurous. Prodigious and dark at times. Leaves you on the edge and brings you back at a snap! - Nook Books and More Blog

Karla is still heading to fight a war. She can't seem to avoid the battle ahead with Misfeata. She battles her feelings still between Paul and Lucas. Which one will it be? Who can you trust in this story? You'll have to read. The questions roll around in your mind as you read. She still works and continues with the group of shielders. In the story. You are not sure who are allies. Not many are who they appear to be. There are dark secrets, intrigue through out!

The author pulls you in within this story and intrigues you through out. You have moments of "wow where did that come from" as you read through. The flow is epic and runs smoothly as does the authors writing style. The flow is impeccable and reads smoothly, transitioning one scene to another with no flaws. The author takes each characters POV which gives you a better understanding of the overall picture.. You're able to follow along with all of it well. You are intrigued through out never getting lost or bored. Her writing skills are both exceptional and phenomenal. I high recommend anything she writes.
