## **The Enchanted Bathroom** Liam Stalls

Sandy Warner finds more than she bargained for in the Three Lillies bathroom. Overcome by the moans and groans from the couple in the next stall, she begins to fantasize a hunk obeying her every wish.

Richard Leere didn't expect to find the woman of his dreams flustered in his restaurant. After a surprise grab to his groin, he smiles.

Sandy, unsure if the man before her is real or her imaginary hunk, steps back. After an embarrassing moment, she now must decide if she should make a move while the smile is plastered on his face, or apologize and walk out with her dignity.

## Rochelle says

Sandy Warner finds more than she bargained for in the Three Lillies bathroom. Overcome by the moans and groans from the couple in the next stall, she begins to fantasize a hunk obeying her every wish.

Richard Leere didn't expect to find the woman of his dreams flustered in his restaurant. After a surprise grab to his groin, he smiles.

Sandy, unsure if the man before her is real or her imaginary hunk, steps back. After an embarrassing moment, she now must decide if she should make a move while the smile is plastered on his face, or apologize and walk out with her dignity.

Excerpt:

Having finished the pukes and cussing I took out my handy mouthwash and rinsed several times at the mirror and sink area. The door opened and I heard footsteps approaching. When I looked up I had to take a double take...

"Miss, are you all right? I heard...well...someone being sick and just wanted to make sure no one needed my help."

I stared at him from the mirror. My hunk! My imaginary hunk stood behind me. In a daze I turned around and grabbed his crotch.

"Hey!" He stepped back.

I must have turned all shades of red because I felt the embarrassed heat flaring my cheeks and neck.

"I'm...so...sorry." I just grabbed this guy's crotch. What am I? Nuts? "I just wanted to make sure you were real and not a part of my fantasy. Oh my God, you must think I'm nuts."

Totally surprised, he didn't run out like a mad man. He actually approached me and...

I don't normally read erotica, but between the blurb and the excerpt I just had to read Enchanted Bathroom. There were so many questions. How did Sandy go from being turned on to being sick? Or if she went into the bathroom because she was sick, how did she get turned on while being sick? And what did Richard do when he approached her and... ?

The only way to answer those questions is to read the story. It's only sixteen pages long. However, I have two warnings for you when you read it. First, there is graphic sex in the story. And second—be sure you're in a chair you can't roll out of when you laugh, because you'll be laughing hysterically. Even if you normally aren't fond of graphic sex, it's worth reading this book for the humor. You might even find yourself wishing there was an Enchanted Bathroom near you.

## **Lin Holmes says**

I will NEVER look upon a public bathroom quite the same way again after reading this short, but oh so spicy story by Liam Stalls...

This author's writing is so incendiary I'm surprised my eyeballs and brain synapses can still function after reading all the way through this book...THE ENCHANTED BATHROOM!

Imagine, if you will, our heroine's predicament...(pretend it's you)...Nature is calling at the Happening Bar, so you zip, as quickly as your complaining bladder will let you, to the closest bathroom with that internationally known sign indicating it's for humans of...well, the GIRL persuasion.

Are you picturing it? Good. Let's go a little bit further.

Gratefully you flip the lock on your stall, wrestle your drawers until you can lower your bottom down to tinkle your release. You're almost ready to let the stream loose, a sigh of relief forming on your lips, ready to escape...when you hear it...a sound..., actually...a LOT of sound...the kind of sounds one does not expect to be coming from the stall right next to you, sounds that involve not one...but two people, one of which should NOT be in THIS bathroom.

To make matters worse, your pee-er is no longer concerned with the tinkle pressure needing to find its outlet...oh no...now your wayward down-below parts are starting to get all too hot and bothered to think about bladder health.

This is one of the WILDEST books I've ever read in a very, very long time, and although technically a SHORT read, it is NOT short of hot, BUTTERED ZING-A-LING-A-LINGING!

How Liam Stalls manages to pack so much punch in such a short read shows him to be the truly gifted writer he obviously is.

I've heard via a whispered grapevine, this is the first in a series...I HOPE the rumors aren't JUST rumors, because this is a series I am already standing in line waiting for the next installment of. THE ENCHANTED BATHROOM deserves MORE than five stars, but I am limited to being to JUST give it FIVE STARS.

Well Done Liam Stalls.
