## To Serve is Divine R.E. Hargrave

\*\*\*Contains explicit sexual content (including multiple partners and gender pairings) and mature situations which could be trigger-inducing for some readers.\*\*\*

Catherine O'Chancey is a reserved, demure, and graceful submissive. All traits she trained hard to enhance when she discovered the world of Dominance and submission in college. In an attempt to start fresh after the unexpected death of her last Dom, Catherine moves to Dallas, TX to escape the shroud of darkness he left behind in her life. She has tried to fight the need that resides deep within her to submit, but finally has to admit she can't for it is not a choice, but part of who she truly is. After months of mental preparation, she ventures back into the lifestyle by attending a coveted open-night event at Dungeons and Dreams, an exclusive BDSM club.

Is it fate or coincidence that Catherine garners the attention of one of the club's board members who happens to be on the hunt for the perfect sub – a partner who enjoys receiving pain and pleasure as much as he enjoys doling it out?

Jayden Masterson is many things: a firm Dom, a shrewd businessman, and a gentleman. What he isn't, is someone who partakes in relationships outside of contractual ones with his multiple, un-collared, regular submissives. While he likes rough sex, he is not an animal, and can find pleasure only if it is consensual. What his harem is missing is a pain slut; could there be one in his future?

Upon meeting Catherine, Jayden feels an instantaneous spark inside him that has him wanting to know not just her body, but her mind. He wants to unravel her mysteries and discover her secrets. Through pain can they find the pleasure they seek? Can part-time pain lovers find full-time fulfillment when it's not in their contract?

## From Reader Review To Serve is Divine for online ebook

### Karisa says

I won this book in a give away and was really happy because I would have purchased it anyway. I really enjoy this genre and because of this I am a bit hesitant to add new authors to my must read list. I am glad I read this! The scenes were hot and realistic, the story line was pretty well developed especially toward the end and I am excited to read the next story about Erin's development as Jayden's sub. The only thing I really didn't like was Catherine spoke in the third person. I understand it's a common practice in the lifestyle but personally I am not a fan! So really my only issue was not an author issue but my own!

---

### Sapphire Kande says

Well to say this book is addicting is putting it mildly. The amount of details used in this story is incredible. Since the first paragraph of the book I instantly feel like I am the main character. I can feel the chill as the author describes the cold. The interior of the club was so detailed I actually felt like I was there. The mystery man she describes is enough to cause anyone shivers and then when they finally meet, the first words he says to her. Perfect.

The instant bond that Jayden and Catherine grow together has me falling in love with them. The moment they go into the locked room and he begins questioning her... it's obvious of the chemistry those two have. I've never read about two people so in tune with each other without even speaking. Then the truth coming about her previous Masters didn't dis-concern Jayden but in fact it made him want her more. Made him want to show her how it can be when done right. Their first scene together was incredible. It had me shivering while reading. HOT!

The dirty talk and dominance of Jayden is wonderful and not overly done at all. He is dominant and caring, very rare for some stories. The game he creates is one of excitement and fun for her as she tries her best to beat it.. but when she sees the toy he wants to play with she becomes afraid and he cares for her instantly instead of becoming mad. Being a proper dom he ends the scene and takes her away from the club. He gives her a card and tells her to call him again if she wants to continue.

He helps her heal from her past abuse and then the unthinkable happens. That four letter word that we all know. LOVE. How can a cold hearted man learn to love so quickly? What happens now? What happens when other subs come into the picture? What happens when her submission is tested? Well I won't spoil anymore for you! You need to read it for yourself, you must! Go go go! Do it now!

I found myself unable to do anything until I finished the story... I couldn't put it down. The characters are brilliant, super thought out and detailed. I feel as if I've known Jayden and Catherine for a long time. At the end of the story... I needed more, I craved more. She drew me into the story so quickly, it became addicting! The story is so delicious it leaves you engrossed in the story unable to do anything until it's complete! I'm easily going to read this story over and over again and then buy the sequel when it comes out this summer!

Can I just say, as a reader of Fifty Shades of Grey... this story beats it by 100% I am so thrilled with this story and love the BDSM aspect of it. The author really knows what she is talking about and her details are incredible. I highly recommend this book with all that is good and holy in this world.

---

## AnnMarie says

To Serve is Divine was truly a roller coaster of emotions for me. And while the relationship of the characters was one of a BDSM lifestyle, I found it to be more of a background to the story. And yes there are sexually graphic elements, it really was not at the forefront and not what the story was on a whole.

The BDSM lifestyle is one that is very misunderstood. People have very strong opinions as well. I personally find it fascinating as I always felt it was more about the emotions than the sex. Pretty much why I loved this story. It was the emotions and the relationship that was at the foreground in the story line.

Jayden Masterson is a Dom. He is also very powerful, self assured, successful, handsome, and knows exactly what he wants. Jayden is the type of character that when he walks in to a room, the air is sucked out of it by his presence. He has no interest or time for relationships or love.

He is as he says, *"a cold hearted bastard."*

Until Erin...

Catherine O'Chancey discovered the world of BDSM while in college. Erin, as she is informally known, thrived in her training and submissive tenancies. It wasn't until she meets Master Spencer that her world comes to a crashing end. He is a brutal and abusive excuse for a Dom on every level. The suffering, torment, and abuse Erin endures is just jaw dropping. After his untimely death and Erin's escape. She makes her way to Texas from California leaving everything behind, including her father, for a fresh start and to try an exercise the demons brought on by her previous relationship.

Erin has tried to fight the need that resides deep within her to submit, trying to live a so called "normal" life, she finally admits she can't for *it is not a choice, but part of who she truly is*. After months of mental preparation, she ventures back into the lifestyle where she meets Jayden.

There is an instant spark between these two that they have never experienced before. These feelings are foreign to them both and something they both struggle with to understand all the while trying to stay within their agreement.

I loved watching their relationship unfold, change, and blossom in to something neither of them ever expected, dreamed of, or initially desired. I also loved Jayden's reactions to Erin once she finally started opening up about her abuse. You could actually feel the emotions rolling off of Jayden listening to Erin recall the demons.

I really wanted to hug these two so much. They were completely engaging. Very real in emotions and reactions.

I love R.E. Hargrave's writing. It is gritty, raw, powerful, and shakes you to core emotionally. I love her too and stalk her relentlessly to see what she is up to next.

I am looking forward to book 2 in the trilogy and the continuing blossoming relationship of Erin and Jayden.

Go ahead and give To Serve is Divine a try, it is a powerfully written emotional story, don't let the BDSM aspect scare you.

*\*As a side note - TSID is a P2P. The author has made no secret about that. Whether you are for or against them, TSID is one of those rare instances where the author truly reworked the story so that it no longer reads as the FF. Book 1 is all new material. It is actually the prequel to the FF. You have never read it, it has never been posted, or is it an outtake excluding chapter 1. In my opinion, if you are going to P2P, this is how it should be done. TSID is the epitome of a truly reworked story making it the authors own, including the characterizations that make FF derivative.*

---

### **Jennifer Garcia says**

I loved this book. I loved the characters. Jayden was my fantasy man, tough as steel but such a soft and caring heart. Handsome, tall, dark, and very handsome.

The story of a natural and very well behaved submissive, Catherine was abused by a cruel and wanna-be Dom. She was rescued when he died and ran to a safe place. She scored the best Dom as his replacement, but honestly she deserved him and so much more. Her new Dom, Jayden was a multi-sub Dom that never believed in anything other than the D/s relationship. However, he's learning he can love ... I think. :) Maybe we'll see that in the next book.

The relationship they created and the patience and care he extends to her helps heal her soul just a little bit every session. Until she's done confessing every detail of abuse from her last ... abuser!

The growth and trust and his caring heart just touched me. Every descriptive Hargrave used enabled me to picture every detail of the story.

Truly amazing and I can't wait for the next one. ;)

### **N. Wood says**

When I first began reading TSID, I wasn't sure I could finish it due to the genre. Reading BDSM has always been uncomfortable for me, and yet I just couldn't put TSID down!

The scenes R. E. Hargrave painted were easy to picture in my mind as I read them. The characters were easy to give form to in the mind's eye and though there were detailed scenes of a BDSM nature, it didn't unnerve me in the slightest.

The only downside to the book is that it ended so abruptly, I wanted to read more! Thank God for scrolling down to see a sequel is in the works. Can't wait!

---

## **Kaylyn says**

I really enjoyed this read. It was heavy on both the sex and the plot and those are my favorite kinds of books. It is too intense to be something I read every month but it will definitely be making my re-read list. I think the second book will be even better.

Catherine has suffered a lot at the hands of an abuser who thinks he is a Dom. As I was reading it I got a little upset at the fact Catherine didn't try and run but eventually my anger was re-focused on where it needed to be. She is submissive to the bone and the way R.E. wrote her was breath taking. I like the fact she refused to move in with Jayden saying she needed her independence.

Jayden oozes hotness and dominance. He is a great Dom but I struggled early on with him having more than one sub. Then I realized how many he cared for them and the Catherine was his main focus. He did his best to try and help Catherine through all of her "issues" and that made him even hotter.

The sex scenes were explosive. The BDSM was very well written and you could tell the author knows her stuff. The wax play scene was beautifully written and I thought I was going to need some ice water after because it is just so insanely hot. The only thing I really didn't like was that Catherine was supposed to talk in third person about herself. That drove me batty, but eventually I got used to it. I can't wait until the next book because I think it is going to be epic! This is a good read for BDSM readers or anyone looking to branch out.

---

## **Robin says**

I received this book for free in exchange for an honest review. This does not affect my opinion of the book or the content of my review.

As an avid reader, I am always on the lookout for new books and authors. A friend recommended reading R.E. Hargrave and I am so glad that she did because with only one book Ms. Hargrave has won me over. As soon as I began reading *To Serve is Divine*, the first book in The Divine Trilogy, I was hooked. I was so absorbed in the relationship between Catherine and Jayden that I begrudgingly any interruption, including sleep. *To Serve is Divine* had everything I could want in a book from characters that I could admire and care about, to a story that pulled at all my emotions, and hot sexual encounters that left me panting and wanting more.

Catherine is a submissive who is seeking a new Master after the unexpected death of her last Dom. She immediately catches the eye of Jayden and the two embark on a relationship. At first glance, Catherine seems to be the perfect submissive, but she's been hurt in the past and it has had a profound impact on her. Meanwhile, Jayden doesn't believe in commitment and his growing feelings for Catherine are beginning to scare him.

I absolutely loved the two characters. Catherine had so much pain from a past relationship but her determination to get past it earned my respect and admiration. Her emotional journey to healing really

touched me and I was so excited by the progress she made. Jayden was the perfect Dom for Catherine and I loved how caring he was of her and his efforts to help lead her to a good place caused me to fall in love with him.

The sexual scenes were full of the minute details that elevated it from just sex to a physical, emotional connection between two lovers. I could easily imagine each sigh of pleasure or gasp of pain as if I was in the room. Ms. Hargrave showcased the beauty of a D/s relationship and how pain can be healing. To Serve is Divine was the appropriate title as Ms. Hargrave was able to focus and shed light on why a submissive would want a Master and the fulfillment they receive from serving.

Because To Serve is Divine is part of a trilogy, the book ends mid-story. You will need to read the second book in order to know about the next stage in Catherine and Jayden's relationship. Luckily I have the second book waiting for me on my e-reader. So if you'll excuse me, I have some reading to do.

---

### **Jennifer Theriot says**

I loved this book! Catherine (Erin) comes into her own meeting Jayden, her ultimate master. She's a submissive at heart and had a really bad relationship prior to meeting Jayden. She's damaged goods from that nasty relationship and just needed the right master to bring her around. I love how Jayden dominated her, yet made her feel like she was a queen. The journey was incredible. She was brought out of her tumultuous past and made to feel that being submissive to the right man was paramount. I felt like I was right there with her, experiencing her angst, her fears and her inability to fully let go. Her past tugged at my heart. She is an incredible woman, strong yet weak. She just needed the right man to let her play out her submissive side. Jayden took her to the height of being a good woman, submissive, desirable and a good person. I can tell you this is a page turner and will have you from page 1. The sex is incredible but the relationship that forms is more than incredible. It is a journey that you won't regret going on....and in book 2, A Divine Life you will fully see the depth, the love and the meaning of this crazy relationship. Thank you R.E. Hargrave for giving us a beautiful look at the BDSM lifestyle! R.E. is a master story teller...you won't regret any part of this series...

---

### **Sarah Aisling says**

When I was approached to read and review To Serve is Divine, I was a bit reluctant. Erotica is not usually my genre of choice, and I have no knowledge of the BDSM lifestyle.

I'm not going to spend a great deal of time explaining the storyline—that's what the book blurb is for. Catherine (Erin) is a previously abused submissive who captures the attention of a Dom in search of a sub who enjoys pain play. As the story unfolds, readers are given an intimate look into their developing relationship.

R.E. Hargrave drew me into the story with her crisp, descriptive writing. She gives enough details for the imagination to take over without overloading the reader. I thought she did a great job "thinking like a man" when writing chapters from Jayden's perspective. There was no question I was hearing Jayden's "voice." There was no love at first sight; it was a gradual change for both of them. Was it hard to read? At times, but it was far more realistic.

There wasn't enough plot in the first half of the story to suit my taste. The beginning portions were hot but didn't do much toward making me care about the characters. That completely changed in the second half of the book. I was able to connect and sympathize with Catherine and Jayden and found myself invested in the outcome of their relationship.

As I mentioned before, I don't have any personal knowledge of the BDSM lifestyle, but my impression while reading was that the author did her research and portrayed it in a realistic way. Reading *To Serve is Divine* certainly gave me a new sense of respect for the BDSM community and a better understanding in general.

Poor editing has become one of my pet peeves when dealing with published works. Although this was an ARC (advanced reading copy), I'm pleased to say I only saw a few minor errors throughout the entire book. \*big smile\*

There were a few places in the book that allowed R.E. Hargrave's descriptive writing ability to really show through for a few brief moments. I'd love to read a non-erotica story by her that lends itself to lengthy descriptive passages; it would surely be a treat.

The ending was a bit abrupt and unresolved for my liking, but I understand the necessity since this is a trilogy—and I'm looking forward to the next installment!

3.75 stars rounded to 4

---

### **Indy says**

To clarify my rating, this book's spin in BDSM was just not of my taste - however it was fairly well written and for others could warrant higher marks. My biggest gripe is the reference to sub Erin as "slut" throughout the novel, that and how Jayden was sharing his attentions with THREE submissives at once all juggling for

his favors. I know there are elements of humiliation to the lifestyle, but this book just had more of them than were to my liking. I see Jayden beginning to lose his playboy ways at the end and starting to reveal vulnerability in his affection towards Erin, but I'm not committed enough to the pair to continue the series at this time. (\*This book has plenty of kink for those who like that! ;-))

---

### **Katie(babs) says**

Twilight fanfic To Serve is Divine by TexasBella. You P2P Twilight fan fiction, you get 1 star from me.

---

### **L.J. Harris says**

From the moment I began reading about the mysterious but confident, damaged but well-trained submissive, Catherine (Erin) O'Chancey, I was immediately hooked.

Jayden Masterson, who reluctantly visits an open night at the BDSM club he is a member of, cannot help but notice Catherine the moment he sees her standing alone outside its doors...

If the moment they catch one another's eye is electric, nothing can prepare you for the moment they actually meet. A Master who has another female and male sub to scratch his itch whenever he so pleases, Jayden has been searching for a third submissive...one who finds true pleasure in the pain he is capable of inflicting.

The moment he lays eyes on Catherine, he knows she will be the one to fulfil that need.

After an extremely intense and erotic test scene, Jayden decides that although she clearly has demons to contend with, Catherine is the submissive he's been searching for...a perfect addition to his stable of submissives.

And thus, their journey begins.

As the story progresses, it becomes apparent that Catherine's feelings toward Jayden begin to change...and she finds herself thinking of possibilities which are well beyond the norm for a Dom/sub relationship. Though Jayden is essentially a man who requires nothing more of his Catherine than for her to be one of three submissives, the boundaries he himself has set, slowly begin to blur. It isn't long before Jayden discovers he has broken every one of his self-appointed rules.

Even coming from a traumatic past, Catherine continues to be the perfect submissive for her Master, but as her story unfolds, she finally begins to exorcise the demons that have continued to plague her.

What this story offers is more than a sensual portrayal of the first year of a relationship between a handsome Dom and his beautiful sub. Woven between the intense and thoroughly delicious encounters that she and Sir Jayden share, is a thoroughly engaging plot line...the story of a woman who has had to deal with a past that has left its indelible mark on her.

If you want to read a tale that not only hot as hell and gets your heart well and truly racing, but whose characters you can't help but fall in love with, To Serve is Divine is the story for you.

Not only does R. E. Hargrave possess a wonderful way of drawing the reader in from the get-go, she continues to keep said reader thoroughly enthralled throughout.

I'm very much looking forward to reading the next part of the trilogy, and I give this wonderful story a rating of 5 stars!!

---

### **Erzabet Bishop says**

Story Rating: (paddles) 4/5

Sting Factor: (kink) 4.5/5

Review:

Sub recently relocated seeking new Dom to be her very own...

Catherine is dealing with some pretty heavy issues. After the death of her last Dom, she flees to Dallas and saves up enough money to go to a club. She misses the lifestyle with a burning passion that only those who know and understand it can feel. The connection with those of like mind and the experience of acceptance spurs her back to the club life. It is what Catherine longs for and is ecstatic to find again. Inside, she meets a variety of folk, like you would expect. When Jayden crosses her path, sparks fly and she feels something inside of her give way.

Jayden is entranced when he spies Catherine outside of the club. She is lovely and sets parts of him afire that have not been touched in a long time. He has two submissives, but they are not really his-they serve a sexual purpose but that is not enough. He longs for a sub to call his own. In Catherine, he finds just that.

The interesting dynamic in this story is Catherine and the wounds she received from her last Dom. They are surface and psychological and Jayden has to get past her inner walls to discover the beauty of his new sub. To do that he has to get beyond the horror she endured at the hands of a truly sadistic man who completely disgraced what it means to be a Dom.

From the first page, I was engaged in the story and how Catherine responded to the club and then to Jayden. Her inner fears and longings triggered something in me and I felt what she felt. That is why most of us read. To feel that escape. The club scene was good and the subsequent interaction with Jayden was toe curling.

The kink factor in this story spans a large range. You have your BDSM elements (wax, impact play, nipple clamps, anal play, oral, voyeurism and the like) and you also have f/f and m/m. I loved it.

The story development was excellent and as Jayden breaches Catherine's walls both physically and mentally, you see a very healthy BDSM dynamic. He is a caring Master. The contracts, the concern over her health as her body changes with all the sex, the aftercare...all the things that you don't always see in a BDSM tale are here.

The only thing I had a hard time with was the shorter clips of chapters toward the end of the book and the abrupt cliffhanger ending. Everything else was top notch. From the way the author sucked you into the story to the different elements, I was hooked from page one. Catherine is a character that you get to know from the bottom most places in her heart. The journal entries she keeps for her Master are key to understanding the abuse she endured and how a BDSM relationship, just like any other, can go wrong if an abusive personality is at the helm. There are triggers for those who have been sexually traumatized in the journals but it is handled in such a way that it didn't bother me at all, but only served to illustrate an integral part of the story. This book brings living and breathing characters from the page and into the reader's mind. I found myself wanting to get back to the book when I wasn't reading it to see what the next scene would be. This author has really captured the BDSM experience and I am looking forward to the second installment.

## **Chris- Bookaddict says**

I received an ARC from the author for an honest review :)

This book is full of BDSM, Male on male, and threesome action, if this is not your kind of read , then I suggest not reading it . With that said Let's get to my review .

Book Blurb :

Catherine O'Chancey is a reserved, demure, and graceful submissive. All traits she trained hard to enhance when she discovered the world of Dominance and submission in college. In an attempt to start fresh after the unexpected death of her last Dom, Catherine moves to Dallas, TX to escape the shroud of darkness he left behind in her life. She has tried to fight the need that resides deep within her to submit, but finally has to admit she can't for it is not a choice, but part of who she truly is. After months of mental preparation, she ventures back into the lifestyle by attending a coveted open-night event at Dungeons and Dreams, an exclusive BDSM club.

Is it fate or coincidence that Catherine garners the attention of one of the club's board members who happens to be on the hunt for the perfect sub – a partner who enjoys receiving pain and pleasure as much as he enjoys doling it out?

Jayden Masterson is many things: a firm Dom, a shrewd businessman, and a gentleman. What he isn't, is someone who partakes in relationships outside of contractual ones with his multiple, un-collared, regular submissives. While he likes rough sex, he is not an animal, and can find pleasure only if it is consensual. What his harem is missing is a pain slut; could there be one in his future?

Upon meeting Catherine, Jayden feels an instantaneous spark inside him that has him wanting to know not just her body, but her mind. He wants to unravel her mysteries and discover her secrets. Through pain can they find the pleasure they seek? Can part-time pain lovers find full-time fulfillment when it's not in their contract?

I loved the Characters in this book .

Catherine a Submissive who was in the hands of a rude, uncaring Dom , who abused her and did whatever he wanted with her without a thought about her or her feelings . She escapes him when He dies ( I wont tell you how it comes out in the book) . A yr Later she NEEDS to get back into the life of being a Submissive and does some internet research and decides to go to an Open-night event at a the local BDSM Club Dungeons and Dreams. As she is standing in line waiting to get in she feels an electrical charge and looks up to see a Dark Handsome man at the door who is going in . they Make eye contact and she immediately puts her eyes to the ground .

Jayden , Hot, Alpha Sexy , Caring, Dom . Only he does not have just one Submissive , he has 2 at the moment and partakes in relationships outside of contractual ones with his multiple, un-collared, regular submissives.Until he see's Catherine .

The relationship they start to createis full of patience and care he extends to her helps heal her soul just a little bit every session. ridding her of her demons . Until she's done confessing every detail of abuse from her last ... Dom the abuser!

As the relationship between these two progress over the months Jayden is finding that he is having feelings for Catherine he never thought he would have or wanted to have with one person . he has collared her in the first week of being together ( something he has **NEVER** done before) but he is finding there are lots of things he has never done before with Catherine. Could Jayden be falling in Love with his submissive ? Could Catherine have fallen in love with Jayden and not told him her feelings ?

I did not realize at the time of starting this book it was a trilogy , with the next book due out in August . Although we get an Epilogue with this one as well as the first chapter of Book 2 it still leaves you with unanswered questions and wanting more NOW ...

---

Thank you R.E. For the opportunity to read and review this great Book and I look forward to reading more about Jayden and Catherine in the next one .

### **Erin says**

I love finding a really sexy BDSM story that isn't glammed up to make it more of a contemporary romance with some kink to it. To Serve is Divine takes a realistic look into the erotic world, while dealing with the emotional and physical turmoil that Catherine (Erin) suffered and the healing that Jayden's devotion brings her. Jayden was the epitome of the sexy, strong, practiced Dom, exactly what Catherine needed to help her return to the life that had both freed her and broken her. But when the boundaries started to be crossed and lines blurred, Jayden's rules had both of them questioning if what they had was going to work out in the end.

I knew Jayden was going to have me mesmerized the moment he strolled into the story, because he was absolutely a commanding presence. Catherine was like this wounded animal who needed protection, and Jayden scooped her up and eased her into the sensual and comforting role as his submissive that she was so desperate to experience. She'd never known the life of a chosen, cared for sub, having had just a brief exposure in her training before she was thrown to the wolf that was Master Spencer. Jayden opened her eyes to a whole new world as they gave each other exactly what they needed in every way, and it was as though her healing brought out a side of him that he didn't know existed. Even though his intentions were to keep the emotions out of their Dom/sub relationship, the more of her painful past she shared, the more he became invested in her beyond the physical.

The romantic in me wanted Jayden to make a commitment to Catherine alone, and whenever he'd turn to one of his other subs it made me angry for her. But at the same time, this was a man who had never even had a collared submissive, so even making that choice with Catherine was a huge decision for him. She was happy enough with their situation, but every once in awhile there was a hint of hopelessness in her thoughts that

made me wish for so much more for her. She sure as hell deserves it!!

Things are left with a bit of an open-ended question at the end of this first book of the series, and it's clear there are some tense moments coming up in the sequel, *A Divine Life*. This was one hell of a sexy, erotic story that drew me in with its intriguing characters, and I'm already itching to read on and see if Catherine/Erin and Jayden can find their happy place together!

Quotes:

When Jayden attempted to get the scoop behind her fear of canes, Erin felt the blood drain from her face, and whispered her request to save that talk for a sunny, warm place. ~p. 56

"You may come when you like, Catherine..."

Sir knelt between her legs, looking down at her with wanton desire. He grinned and licked his lips with a slowness that made her groan with an involuntary shiver. ~ p.73

He was everything to her, though, and Catherine would rather have a small part of him as opposed to none of him. She knew that if she allowed her feelings to be known, that's just what she would have. Nothing. ~ p. 130

---
