## **Blood Tears** J.D. Nixon

Book 4 in the Little Town series. Is Senior Constable Tess Fuller really as resilient as she thinks? When faced with the tragic consequences of her own stubborn decision – further inflaming her lifelong feud with the large, revengeful, and violent Bycraft family – how will she cope? And can she rebuild her trust and relationship with her newly returned partner, Sergeant Finn Maguire, while they work a puzzling accidental death case?

## From Reader Review Blood Tears for online ebook

### **Jo Ann Reinholt says**

This book, the fourth in the little town series was an amazing emotional read. Tess and Finn are reunited and must work at re-establishing their relationship as partners in policing Little Town against the crimes of the notorious Baycraft family.

Once again the Baycrafts are out to inflict as much pain as possible to Tessie while Finn fights to help keep her safe.

Touching, emotional and a great story.

Fantastic job JD Nixon! Absolutely love these characters and can not wait for the next book!

---

### **Jennifer Greenleaf says**

There is so much I have to say about this book, it is an awesome story. I have been a fan of JD Nixon for a long time, waiting....I would like to say patiently, but that would not be true! For each new book in the Little Town Series. This is book 4, and it does not disappoint! Tessie is an amazing character, She's been through so much, and while she may not see it, she comes through swinging. Several things happen in this book that you've been waiting for, I can't say much more than that or it will give it away. But there are extreme moments of happiness, tears, camaraderie, love, angst, joy, and of course F\*\*\*\*ery! Which all leads up to an explosion! All the characters are so well written, they seem like friends. She keeps the characters true to form, and handles something that I was worried about, just how I wanted to see it happen, and not sensationalized just for kicks. Read this Book, it is worth every penny, and second spent reading it.

### **♥Sharon♥ says**

There were parts I loved and there were parts that were a bit lacking. But holy shit the last 30% was crazy.

Full review to come!!

---

### **Cristi says**

Ready ready like really ready for this book! Please!

---

### **J.L. says**

I don't think this series can be anything but 5 stars for me. I love Tess and Finn and anxiously anticipate each book so I can read more about them. This book was no different. I'll say that this one was harder for me to

get back into since it had been longer between books. I should have reread the books before this one but even then it is still a five star book. I loved (and hated) the ending and can not wait to see how the next book develops.

---

### **JJ says**

Just finished book 4 and it is definitely a "WoW". This book was so captivating, there were so many twists. It was inevitable that Tessie & Jakey would never have that happily ever after. I was really hoping Finn & Tess would have moved their relationship to the next leave or at least explored what could have been. This entire series is awesome and book 4 kept me reading every free second I had. There was always something going on. I hope book 5 allows Finn & Tessie to date & stop dreaming about each other. I am so looking forward to book5. Any idea when book 5 will become available? This is a must read for all who likes suspense, drama, action(Tess is a badass) & unspoken romance.

### **Delaney Fields says**

I can't wait to read this book! I have read this serise at least 3 times!! I can't wait!

---

### **Jeanie Jackson says**

It is amazing how some books can draw us in until our world goes away. Every book that JD Nixon writes does that for me and Blood Tears was probably the best of all.

Tessie has felt trapped ever since she was forced to move back home to care for her ailing father. The malevolence of Little Town's Byncraft family hangs over the whole town, but their ongoing battle against Tessie and her family her whole life has filled her existence with physical and emotional pain. For a while she felt she had some support in her fight against them in her sergeant Finn McGuire, but as this book begins he has been out of town for months and during that time the battle has escalated. The buildup of Tessie's anger and frustration at feeling alone and helpless to control the situation is paralleled with the increasing aggression of the Brycrafts. To Tessie the town feels as if it is about to explode.

### **Childspirit\_hamilton1 says**

when does it come out can't find release date anywhere? And who is Finn's connections that he hints about?

---

### **Pamela says**

First of all I have to say that I have loved the author's writing, but there is no sign of the author actually finishing this series. I don't want someone else to be like me; buying four books to find out that there is no

end in sight.

I have seen all of the excuses, but before you fry me on the bonfire of popular opinion let me say this: I have been through two serious illnesses. While undergoing treatment I was surrounded by people that were there on their lunch hours and were holding down full-time jobs. Look at the last two years of comments on Facebook from the author and see the inconsistencies.

### **Jeannie Smith says**

I'm on a book hangover with this book. I loved it, and I can't wait till the next one comes out. It will be sad though, since that is the last book in the series.

---

### **Deanne says**

Love this series - cant wait for this 4th instalment

---

### **Sheila Bex says**

Can't wait to read read it, Tess needs to have a happy ending!

---

### **Paula says**

Loved it!!
