Hooked

A.M. Hargrove , Terri E. Laine

Hooked A.M. Hargrove , Terri E. Laine

I've had my eye on him since we were teenagers.

I even managed to kiss him once.

But once wasn't enough.

He stars in every one of my dirty fantasies.

Now it's time for my dreams to come true.

He's smart, sexy, and gorgeous, and currently single.

When I hear he's in a position to act as my caddie for a week,

I decide to bite the bullet and jump on him. I mean it.

Who am I kidding?

I have one week to blow his mind and other things too.

I can only hope my heart survives every one of our heated encounters and that he gets *hooked* before I do.

Heather andrews says

Mark is never one to mince his words, "I lower my hand to slide down her back and pat her butt. "Stop, you're getting my ***k hard. You're going to have to stand in front of me the rest of the time if you keep at it." I loved this book loved Mark he was very attentive to Riley, and Riley didn't put up with anyone's crap.P

[MC met and kissed (once) when they were teens. After they came together no sex with OM/OW. h's ex was present way

Crystal's Book World ~ Crystal Cordova says

Can this sports romance series get any hotter? This is book is the newest in the Wilde Players Dirty Romance series. We get to be part of Riley Wilde's crazy new world when she finally lets her walls down to try at love. Or is it lust? Riley is the top LPGA champion. She has had a passion for golf since she could hold a club. She has never gotten over the one that let her get away, The one she dreams about. The one that has starred in all her fantasies night after night, She tried to move on. Even had a relationship with a fellow golfer, until found her now ex in bed with another woman

Riley has caught Mark James eye since they were teenagers Since their first kiss, he has never been able to replace her from his mind night after night. He has even tried a relationship with a high school sweetheart that he was best friends with. Well, that didn't have a happy ending as his ex broke his heart. Then he swore he was done with love. Until an opportunity arises to be Riley's caddie for a charity game.

The more time these two spend, the more they can not get enough of each other. I enjoyed this book. It was a little hard to get into at the start, but after the first couple of chapters, I was in their world. I loved that this was a sports romance with golf. I have read about football, baseball, and hockey. This was my first golf sports romance and it was awesome! I was frustrated a time or two with these two stubborn characters. I even wanted to swing a golf club at Riley's ex Justin for just not having any common sense. Ha! There were times I was laughing so hard, my family may have thought I lost my marbles. That is what this story did for me. I just let loose and had fun with the book. The sexy scenes make you go wild! I definitely recommend this book. A.M. Hargrove and Terri E. Laine are great co writers. The Wilde Player's Dirty Romance stories are worth picking up as a new series!

Patricia says

Another great story by these author's.

Riley is a character that I found extremely appealing. She is strong, independent, and is in a profession that

takes strength and dedication. And not to mention one of the best. I love her sass, her family and the moment her and Mark connect.

As teenagers Mark and Riley had one day and a missed chance then life got in the way and time passed by. Now years later a new chance is offered with the memories of a not forgotten kiss. These two characters both have amazing talents and strengths which causes obstacles they have to work around. The hidden emotions give a butterfly in the stomach effect, yet their romance has a sweet undertone. Don't despair...there is plenty of heat to keep things interesting.

Everything I have read by these two author's have been gold. A complete story with some great characters along with a touching side story.

Felicia Eddy says

I love Terri E Laine and AM Hargrove as separate authors but when they write together magic really comes through and Hooked is no exception.

Riley and Mark have liked each other from afar for years, their attraction has always been there but they have only acted on it once years ago by sharing a kiss. Now thrown back into each other's orbits when Mark's best friend and Riley's twin brother fall in love. When Riley asks Mark to caddie for her for a charity sparks start to fly and their feelings for each other is something they can finally act upon. The hard part is both their lives are in transition and trying to find a way to be together may be more difficult than it sounds.

What I love about these two authors is they way they can bring you into their characters lives and make you feel like you are there with them, and they do a fantastic job here with not only Riley and Mark but all the characters. This being the third book in the Wild Players series we have had the privilege of meeting Riley and Mark before so it was great to get more of their backstory and their steamy romance. The story is short and extremely hot so I did find parts of it to feel rushed but really other than that I absolutely loved the story and would recommend it to anyone who loves a good romance with a sports backdrop.

Nikki Costello *Crazy Cajun Book Addicts Blog*** says**

I received a complimentary copy of this book through Crazy Cajun Book Addicts for an honest review.

Another fantastic read by these two very talented ladies. I have to say this is my favourite book so far of this series Mark and Riley's story was totally hot and I was addicted from the very first page.

Mark and Riley have known each other since they were kids and one summer years ago shared a kiss neither of them have ever forgot, but the timing wasn't right for them and over the years life has just got in the way. Riley is a now a professional golfer and is need of a caddy for a few weeks she asks Mark if he would mind filling in for her. He's just left his job and has the time on his hands so he accepts. Could this be second time lucky for them can true love really win out against all odds or will there just be to many obstacles in the way

for them to have the chance of getting a relationship off the ground?

K.A. Lightle says

Wow another amazing read from Terri!

This is true my a love story from start to finish. Seeing mark at a time in his life that has him making decisions for his future and while not evident at first but also for his future with Riley. The love these two both have for each other just shows how connected they are and that's not just because of growing up together each summer as kids.its truly amazing to see this written in a book!

Now miss Riley what to say about her she's everything mark wants and more. She's strong independent and has a hell of a swing plus I only dabble as a golfer and makes me want to be like her on the corse and that says a lot really *ok I'm girl crushing big time here*

Trough thick and thin and a few wild roller coasters they get what they are looking for buuuuttt Terri you have left me wanting more from both mark and Riley like lots more! And if you read this *thats you the readers* you will know what I'm talking about when I say more;)

Great work and can't wait for more from this series

Liv says

This was a fun and entertaining story with lots of hot sex. It actually was a bit too much sex for my liking because it left no space for the sentimental part and became too focused on the intimacy which also made it hard for the characters to even admit to their feelings.

The Story:

Riley and Mark have known each other for years since his friend Fletcher is her cousin. Though besides the one kiss all those years ago, nothing else ever happened between them because the time never was in their favor, meaning either she was dating someone or he had a girlfriend.

Now when Mark volunteers to be Riley's caddie for the charity golf tournament for Make-A-Wish they both hit it off pretty quickly though Riley has to concentrate on the tournament and she's not sure how to do that when gorgeous Mark is on the green with her and all she wants to do is do him.

Will they both finally get their chance? And how will their different lives fit together?

Thoughts:

I liked Mark in the previous books and was really excited to read more about him but even though I really enjoyed this book I liked Sidelined and Fastball a bit better. Mark and Riley knew each other for years but there was never anything more than a kiss they shared. Now they are pretty fast involved and it felt a bit rushed because when they've really liked each other that much, there could have been something sooner between those two – despite both of them having partners in the past years – because come on, they saw each other every now and then and never did anything happen?

There was a lot of sex in this book and besides of figuring out how to manage their different work schedules there wasn't much else which was a pity and because of this I couldn't connect at all with the characters. I wasn't a fan of Riley because it seemed to me that whatever didn't work out the way she wanted, she was hell-bent to change it (no matter the opinion of others) and she was pretty selfish when it came to Mark

which annoyed me.

I really enjoyed reading about the other two couples from the previous books. I think that the authors did a nice job altogether with this story which was a fast read for me and I am excited to find out what's coming next in this series.

Cindy M. Green says

This is another great read by Terri E. Laine and A.M. Hargrove!

The continuation of the Wilde Family does not disappoint. Mark and Riley have been long-time family friends, but something sparks between them when they're young. Fast forward after college and Riley is a successful pro golfer and Mark is a successful Wall Street type. Riley needs a caddie for an upcoming charity tournament and Mark is between work. Does she ask him to help her out?

It's clear that the attraction between the two of them has not wavered. I love that Riley is a strong and independent woman, determined not to be thrown off by the likes of a good looking Mark. He is simply irresistible as the smart book worm type, all alpha male when we get to know him! I think he just might be my favorite male in this swoon worthy series!

The story is as heart-felt as the chemistry is between Riley and Mark. The steamy scenes between them does not disappoint.

I look forward to reading what else this author duo has in mind!

Three Chicks says

Review by Lisa Kane

Riley Wilder is one of the top LPGA players. She's Ryder's sister, whose story with Gina was told in *Fastball*.

For as long as she can remember, she's had a thing for Mark James. He's friends with her brother. Years ago they shared one hot, special kiss but since then, their timing has always been off. When she was single he wasn't and she was dating someone when he was available.

But even though we've seen each other every year after that kiss, that special moment is lost to us.

But they are both single now and Mark has agreed to caddy for Riley's charity function. When they find themselves in the same house, subject to the animal sounds coming above them from Gina and Ryder getting it on-the temptation is just a little too strong. Mark has always wanted Riley-maybe the timing is right?

Jerking off to thoughts of her haven't compared to the real thing.

Commence hot wicked sex! But things are a bit awkward afterwards...

Mark's been hurt before-to keep things complicated Gina was his first love. If you've read Fastball then you know she had huge commitment issues and so she broke Mark's heart. But they've stayed best friends. Mark learned a tough lesson-if the girl isn't as interested in him as he is in her-he's out of here. He wants Riley but she doesn't seem to want anything more than a booty call. He's got enough on his plate right now.

I'm not sure I'm ready for any commitments, especially with losing my job and wondering what's next.

Riley has had her share of guys walking all over her. She wants Mark, but with both their careers important to them (Mark may be accepting a new offer to set up his own investment services) they don't have a lot of time to work on a relationship. It's obvious these two are perfect for each other, but circumstances keep getting in their way. Does Riley have the right swing to hook Mark? Will it be a hole in one or will their relationship end up in a sand trap?

"I've told you before you're my forever girl, and I mean it."•

Ana Rente says

Here is another wonderful book from these two great ladies: A. M. Hargrove & Terri E. Laine.

I had the opportunity to read it first hand. Also, I haven't read the previous books which means I read this book as a standalone. And now I just want to go back and read the others! That's a secondary effect, I guess.

This is Mark & Riley's story. Who are they? She is a young but determined golf player and Mark is her old time crush. And what a crush!!! I can't blame her! Mark is absolutely everything a girl can ask for: gorgeous, sexy and with a lot of stamina!

The sex scenes are steamy and hot, capable of making you sweat!

If you're acquainted with A. M. Hargrove & Terri E. Laine's work you will find this story a little bit different. This is a fun, fast, flirty, sexy reading!!

I loved this story from the beginning and I can safely say that Mark & Riley will leave you breathless! You'll get angry with them at some point but love will prevail and once again A. M. Hargrove & Terri E. Laine proved that those four hands can write anything they want! They are just perfect.

- Standalone: yes (third in a series)

- POV: dual

- Creativity: 4 stars

- Cover: 5 stars

- Plot: 4 stars

- Characters: 5 stars

- Darkness: N/A

- End: 5 stars

- Hotness: 5 stars

- Angst: 4 stars

- Editing: 5 stars

I give it 4 HOT stars.

Andrea says

5 red hot stars!!

*ARC received in return for an honest review

Get me a bucket of ice NOW!! Jeez, that was one **HOT** & dirty book I couldn't read fast enough, I practically devoured it! I've said it before and I'll say it again, this series just gets better with each book and hotter too!

Hooked started off as it meant to carry on, at a fast enthralling pace, with the heat ramping up until the very end. If you've been following this sports romance series, and I truly recommend that you do, then you'll know *Hooked* is Riley Wilde's story and boy, is she wild!

Mark was introduced in *Fastball*, the second book in the series, and I have to admit I didn't really notice him other than to guess he held a torch for Riley. But he's certainly proved himself to be a red hot blooded alpha male and damn, is he hot!! I'm drooling just thinking about him. Who knew golfing could be so hot?

If you're looking for a quick read that will have you laughing out loud, leave you hot under the collar and ready to pounce on the next poor guy who walks by then 1-click this baby and get **HOOKED**. It will take you for a hot and fast ride, leaving you breathless and reaching for a cigarette, even if you don't smoke!

A.M. Hargrove & Terri E. Laine have definitely scored a hole in one with *Hooked* and I can't recommend it highly enough.

Addicted2Books says

Whew, fan yourselves, ladies and gentlemen, because *Hooked* is on FIRE! This is the novel that makes golfing look cool; not for boring, rich old fogies! (Sorry, had to add that!)

Returning to the Wilde family is perfect in every sport ever, Riley's dedicated to golf. But she's had a deep crush on Mark James since she spent a summer with her cousin Fletcher's family. Her brother's now engaged now so Riley has to hear Ryder and Gina humping like wild animals 24/7. Such a turnoff! But, Mark's visiting. Maybe she'll take him for a ride. So, she has hot, monkey sex with Mark. They try not to make it a huge deal but everyone knows what's going on! So, why hide it? Afterward, they aren't sure how they feel about each other except once is never enough.

Hooked is an entertaining, raw, funny, and hot romance! I loved the plotline (although, it's like the other 2) and I adore the authors' writing style! I could see the sparks flying when Mark and Riley got together! Hooked is a one click must have! It's sexy, steamy, and oh so yummy!

Don't Get "Wilde!!" Read The Rest Of My Review!

Kelly - Words We Love By says

I'm hooked on Riley and Mark. I love this duo together! Annie and Terri know how to write a perfect combination of romance and hot steam sex with a side of sports mixed in.

Once again Hargrove and Laine have me "Hooked". I love the Wilde Dirty Player Romances. A series of standalones about the Wilde Family and their love for sports of all kinds.

We meet Riley Wilde a top player for the LPGA. She is in a difficult situation because she has lost her caddy and needs someone to fill in for a charity event she is participating in. Her longtime friend Mark James decides he will step in and help out. The chemistry between the two is off the charts from the beginning before they can even get on the golf course. Riley finally decides to give into her desires for Mark and they start a relationship that is full of ex-boyfriends, long distance problems and things and people that seems to get in the way. Mark wants Riley to know that no matter how many miles that separate them. She is exactly what he wants and he sets out to prove that to her.

Fans of the Wilde Player Dirty Romance books get to see all of their regular Wilde Players – Fletcher, Cassidy, Ryder and Gina. And for fans of other Hargrove Laine books you get to see another beloved character make an appearance or two.

You don't want to miss this fun, sexy, hot and steamy book.

Jan says

Another hot sexy read from Terri E Laine

I haven't read Sidelined with Cassidy and Fletcher but I read and loved Fastball the previous book

with famous Baseball player Ryder and Gina, I did prefer their story more than this but Hooked is still an enjoyable, hot, fun and sexy read.

Riley Wilder is one of the top LPGA players and Ryder's sister from the previous book.

If you read the previous books you would already have been introduced to Riley and Mark, whose occasionally popped up in the story in Fastball, Riley had discussions with her brother about looking for a caddie and mark was in between jobs.

Mark does indeed take Riley up on the offer to help Riley out on a golf tour for charity and this is where the fun begins.

Mark is a guy who definitely doesn't mince his words he's a hot dirty mouthed talking alpha.

Riley seemed more reserved and professional but she still has her moments.

Riley: I've had my eye on him since we were teenagers.
I even managed to kiss him once.
But once wasn't enough.
He stars in every one of my dirty fantasies.
Now it's time for my dreams to come true.

Hooked is a fun read with hot intimate moments, great characters and an enjoyable plot. I would love to read more from this series.
