## **Londyn Falls** Jennifer Domenico

He's like two different men. There is sad, melancholy Luca and passionate, ambitious Luca. Both intensely beautiful to me.

He makes me want to ease his sorrow. To know what broke his heart. To help him heal. When he's near, my breath catches, my heart races, my body sings. His very presence ignites my soul with desire.

All I want is to love him.

I just wish he knew it. ~ Londyn Harper

She makes me want to open my heart. Ask her to love me. Tell her my secrets. She makes me want to try again. When she's near, my heart begins to heal, my body yearns to touch her, the darkness disappears.

All I want is to love her.

I just need to tell her. ~ Luca Di Roma

**\*\*This is a full-length standalone novel with an HEA. It doesn't contain a lot of sex, but where it does, it's hot. It's for adults only.\*\***

"This was truly a lovely love story. The professor is very sexy and romantic, and Londyn is so loving and starts to believe that she is as beautiful as everyone else sees her to be." - Fierce and Fabulous Book Diva Blog

"I thought it was a spin off of "Gabriel's Inferno." I was wrong. And then I was dreading it being one of those "insta-love" stories that drive me crazy. It wasn't. This story is so well written, keeping you engaged from beginning to end. The characters and story progressed so naturally, the POV changes were done to perfection." - Undeniably Addicted Blog

"I think this has become one of my most favorite romance stories of the year. I loved every aspect of this book. I love the double POV's. Jennifer makes me feel every word from both Londyn and Luca's views. I love the friendship, the secret "crush", the walls breaking down and the romance of the whole thing. I love erotic books-one of my fav genres- but even though the sex in this book wasn't in every chapter, it was exactly where it needed to be in this love story. It wasn't over the top but it was so romantic that I felt like I wanted to step in the book and be Londyn." -Hopelessly Hooked on Books Blog

Loved this book right up until about 50%. Once the secret came out, for me it was downhill. I had a hard time respecting the hero after hearing the details of the secret. I also had a hard time believing some of the details surrounding it. The love story was beautiful and I really liked the heroine! 3.5 stars

3.5 stars. I don't like to compare books, but this storyline was very similar to others I have read. I enjoyed some parts and others were missing that spark. Overall a decent read!

Have you ever been in a book funk and then you pick up a book and it just pulls at your soul? I normally devour books, typically reading 2-3 a day at least. But when I received an arc for Londyn Falls and sat down with it reading the prologue I knew this was a book to savor. I took my time reading this book.. taking days to go through it page by page not wanting it to end. I could have easily devoured this book in a few hours but, I just could not bring myself to do it. I wanted it to never end. Watching Londyn and Luca's story unfold was breathtaking. It was THE story of stories! I never wanted to put it down.. I forced myself to read slowly to really take in their love because this my friends is an EPIC Love Story! The Dual POV was done so masterfully that you feel so connected to these characters. Really getting to know their back story and their love for each other. I sometimes have a hard time with Dual POV because it typically rehashes everything you just read.. this book definitely breaks the mold with that. You see and feel the love radiating from the pages as it penetrates your soul. The hurt, the soul burning love, the temptations it all is just beautifully written. I think this is Jennifer Domenico's best work to date! As you see I really did not give a synopsis of the book in my review, I know its popular to do that but instead.. I want you to read and really feel the story as it happens and not know ahead of time every detail. I want you to savor this story, take your time to fall in love and feel the love between Londyn and Luca. It is their story to tell not mine. Trust me it is worth it to take the time to hear them tell the story of their love.

Another great book by Jennifer Domenico. The characters are amazing Londyn, a girl who loves to read and could be a potential boring person is full of character and surprises. Although there is reference to her low self esteem her character is not weak. and LUCA well he is every womans dream, good looking, emotional and smart. The story line flowed flawlessly. right when I thought I could foreshadow what was going to happen Jennifer tricked me and took it in a diffrent direction. The only thing I would have liked to have seen happen was Ella's character in the book played out a little more. As with all of Jennifer's books they are not

"short stories" they are lengthy novels that keep you interested and wanting more. Its like taking a mini vacation from reality without the expensive of a travel agent.

This just wasn't for me. I was bored from the get-go. It kept reminding me of Fifty Shades for some reason. Girl going to interview, she's clumsy, thinks she's ugly, blah, blah, blah....I just wasn't feeling it.

♥?LONDYN FALLS IS A TRUE LOVE STORY..JENNIFER DOMENICO NAILED IT!!♥?

First of all, this is the first book I've read of Jennifer Domenico's. In fact, I'd not heard about her until I saw a recommendation about her on FaceBook...Isn't that how we get all of our recommendations now?? Anyway, I messaged her to see what books she recommended I begin with, and LONDYN FALLS was one of the books she recommended, and there is no mystery, now, as to why she recommended it...However, I will be reading more of her books, as she has gained a new fan.♥?

♥?LONDYN FALLS is the love story of Londyn and Luca, and while in some ways it is different from any book I've read, it's also exactly like the books I love to read...While Luca isn't the uber-alpha male about which I usually love and still do love reading, he is one of the best male characters written, and I fell in love with him, right along with Londyn....♥?

♥?I don't like spoilers, because I believe it takes the joy from the next reader, and I am glad I knew nothing about LONDYN FALLS before I read it, because I was able to fall deeper and deeper into this story, and, honestly, I couldn't put it down. There are so many emotions, infatuation, a truly deep love, secrets, problems that only love can conquer, and PLENTY of heat, plus a Happy Ending...This may sound odd, but I will say, don't skip over the Prologue....It is sorta connected to the Epilogue, and the Epilogue is perfect!!!♥?

♥?This is a true love story of two interesting characters, Luca and Londyn, and it will be on my To Be Read Again List...Don't miss it!!....Thanks, Jennifer Domenico.♥?

At first I thought this book was promising, setting in Harvard, between Italian Literature-hot professor with his timid English assistant. I was reminded of Sylvain Reynard's book. I thought I would be charmed the same. I was so wrong. First, how come such a cultured professor like Luca Di Roma insulted a woman, supposed to be his date in first 10 minutes of their date? No matter how disturbed was the woman, he should have not done that - he was a Harvard professor!

Second, his songs choice. There are a lot beautiful arias, and if Ms. Domenico would like to portray Luca as cultured person, she should have studied more of classical Arias as her reference, not Nessun Dorma or Per Te. The songs were ok, but they came from popular floor, or songs that people associate as classical songs. Third, this book is thick (part of the reason I chose to read), but don't expect intricate story or descriptive

narrative that would invoke your soul. Too many one liners, ones you expected from new author, which Ms Domenico is not - so why then?

I loved this story. This was the love story between a professor and his student assistant. I really enjoyed how the book was written. I thought that Luca and Londyn story was passionate, intense, and beautiful. I thought the story was more interesting when I got to understand more about how Luca became the man he was at the beginning of the book. I also loved the secondary characters, especially Maddie. She is the best friend that everyone wants. It was a very nice book. Overall, an amazing read.

Luca and Londyn..... I enjoyed this book so much!! Only a great story can make you choose to suffer through a book hangover the next day! This is one of those stories!! I just could not stop reading! Such a heart-warming story of love and healing. I could feel their pain and their happiness. I think I may have smiled though half the book. To all the those who still believe in true love and soul mates, this is a book that must be read!

**\*\* JOSIE'S 4.5 STAR REVIEW \*\***

I have read other books by this author and my favorite was her Turns Towards the Sun Trilogy. I was captivated by her writing and have been a fan of her work ever since then. When I saw she was releasing a new book Londyn Falls I jumped at the opportunity to read it. The author has a way a writing a story where as a reader you can't help but feel like you have become part of the characters in the books.

When I started reading Londyn Falls Luca the moody professor and his timid assistant Londyn grabbed my attention. The two characters were different and unique and I was eager to find out more about the characters. Londyn is a quiet, smart and timid person. She is at Harvard following her brother where she applies for a job with Professor Luca Di Roma. Luca is a very moody, a high tempered character so as far as first impressions go, they both were left speechless.

*"You're late,"*

*"I thought I was on time. I apologize."*

*"I don't tolerate lateness, Miss Harper, it's extremely rude. Are you always so flustered, Miss Harper?"*

*"No, I'm just a bit nervous is all."*

Luca and Londyn are different from each other but yet have many things alike. Luca has a tragic past and he has not gotten over that pain so he keeps people away. Londyn is a strong-minded female character. She has worked hard to get where she is in her academics and working with the Professor is another one of her accomplishments. That is all it took. That one interview and now she is his assistant but the chemistry between the two was palpable.

Although the chemistry was there things between them did not occur fast. Londyn and Luca's relationship was slow to happen. They were both smart and appreciated each other's intellect. Luca knew that Londyn's presence was a calming one for him. He has never been able to keep an assistant for long periods of time but her knowledge and attitude slowly opened his heart again. Luca's effect on Londyn was similar in nature. She slowly became more positive and challenging in her work and personal life. They really brought out the best in each other.

I will admit I was skeptical of Luca and his personality but the more we get to know his character I found myself falling in love with him. It turns out he is not that cold hearted person he comes off as. He is really quite the passionate man. There are times where we see his possessive side where Londyn is concerned. As he begins to realize and accept his feelings for her he slowly let's go of his past to make way for his future with her. I enjoyed reading his inner dialogue and his battle to move on and forgive himself for his past. He

knows he needs to do this if he wants a life with Londyn.

*“You do something to me, Londyn. Something no one else ever has. Your presence calms me, your words nurture me. Your kiss heals me. I want to make love to you now. I need to be inside of you. DO you want this, Londyn?”*

*“More than anything?”*

*“The way I feel about you right now is overwhelming, I want all of you, every part. I want you to be mine. No one else’s”*

*“It’s not crazy. I want to be yours.”*

I love that this story is told in both POV’s. Getting to know what the other is thinking and why they are the way they are. I love how their coming together is based on a strong foundation of respect even though they have issues they are able to find joy in each other. What will happen when Londyn learns the truth about Luca’s past? Will she understand or will she see him as a monster? When a nosey and sneaky student suspects something is going on between Luca and Londyn, will it send the pair running in opposite directions? Jennifer Domenico has created a story that is memorable, believable and touching. I found myself caught up in the characters and their lives and I was fully vested in them. Isn’t that what a good story does, gets you to feel like you are there, feel the emotions that are on print?

This is the love story of Luca, the ornery professor, and Londyn, his new assistant. When I first started this book, I was upset. I thought it was a spin off of "Gabriel's Inferno." I was wrong. And then I was dreading it being one of those "insta-love" stories that drive me crazy. It wasn't.

This story is so well written, keeping you engaged from beginning to end. The characters and story progressed so naturally, the POV changes were done to perfection. The manner it's delivered in was a great choice. I don't have enough good things to say about this book. I will highly recommend this novel to any romance reader in the future.

This is now in the 'favorite's of 2014' list! This was my first read of Jennifer Domenico and will NOT be the last! Her writing is addictive and I felt as though I could see the story happening. Feel it around me. Smell Autumn(fall) in the air. I would describe this book as poetically beautiful. It evoke many emotions and feelings.

The characters are fantastic! The way this smashing love story is woven. The angst and sexual tension. Secrets and lies. I felt, chapter after chapter, conflicting emotions, yet, there were never feelings of confusion or frustration. I could tell every minute detail of every word, line, and paragraph were carefully planned. Laid out in such a way to draw us in. To be immediate fans of Londyn and Luca.

Near the beginning, there was a moment I thought 'this feels a bit Fifty Shades and a bit Gabriel's Inferno. But as this unbelievably romantic story continues to unfold it was clear. **THIS STORY IS IN A CLASS OF ITS OWN!!** Be warned...this book is written in dual POV's. Letting us into the mind's of Londyn and Luca. Letting us hear, first hand, everything! The internal struggle of each as they embark on this HEA love story.

The epilogue leaves no stone unturned. No wondering how the characters are and what's come of their relationship.

Round of applause for author, Jennifer Domenico! Just fantastic!
