# Return of the Bunny Suicides

*Andy Riley*

**Return of the Bunny Suicides** Andy Riley

**Return of the Bunny Suicides** follows over one hundred bunnies as they find ever more bizarre ways to end their fuzzy little existences. From swimming with nibbly fishes, to hiding under an elephant's footstool, to getting on the sharp end of a Venetian gondola—no stone goes unturned (or undropped, or uncatapulted) in the twisted little creatures' next installment. Illustrated in a spare and simple style, **Return of the Bunny Suicides** is a collection of hilarious and outrageous cartoons that will appeal to anyone in touch with their evil side.

# From Reader Review Return of the Bunny Suicides for online ebook

## **Alatea says**

Idk if it even counts as a book, but I loved it. I mean... it's horrible. The author must either be a masochist or have seriously bad taste in humour, but I loved it.

---

## **Jude says**

What i learned from this book. Well, i learned that the reason we think of bunnies as stupid - as in "dumb bunnies" - is that the all the bright ones are dead at their own ingenious hands. These are the mute, cunning, inexplicable - & i would say passionless except of course they are passionately devoted to elaborate departure - offspring of Gorey & MacGyver.

## **Florencia says**

I got it! Another doses of where-are-your-meds-freak kind of humor. This is just as good as its predecessor, The Book of Bunny Suicides, which I reviewed here. (Although, I found this one a bit creepier.) These bunnies imagined some really weird ways of taking their own lives. Weird and exhausting ways.

And complicated. Sometimes, even more complicated than life itself.

And disturbing. This must be painful as hell.

I will never look at grated cheese the same way again.

One can't help but to wonder what happened to those little and troubled souls that they felt life was just too much. And here I am, laughing at their creative ways of killing themselves. I feel horrible. I'm smiling AND I feel horrible.

### **Logophile (Heather) says**

In this deep, meaningful, and poignant piece of literature you will find rabbits doing away with themselves in a variety of twisted and amusing ways. You will never view leporine suicide the same after this groundbreaking series opens your eyes.

### **Mery says**

Second book. amusing but very sick!

\*imagining my bunny said this words:

"what the hell are you laughing about??? It's not funny, tho"\*

---

### **Sarah Alirezaee says**

Brilliant ideas! so funny! so tragic! :))

### **Mariah Roze says**

Book 2!

My students love these books because there is no writing, just pictures. They like to look through them and try to figure out what the author was trying to say.

---

## Kristijan says

Autor ima žestoko perverzan smisao za humor :)  
?ista petica za LOTR i sekvencu sa "gasom" :D

---

## I'mogén says

How gruesome! This was so tragically funny, and I loved the movie references such as The Lord of The Rings! The illustrations are too cute, which makes it even more sadistic! I should read the first one. xD

Pick it up, give it a go and enjoy! ^\_^

## Bree says

Sometimes the world is just too much... and when that happens you just have to pour pepper into the flaming vagina in the sky, or order a copy of Harry Potter and the Order of the Phoenix and wait under the mail-slot for delivery, or tell the Terminator you are Sarah Conner, or roll yourself up into a ball to be used as a trebuchet... at least that's how these plucky, inventive little bunnies handle themselves when at the end of their rope.

Warning: do not read this book for the first time with your best friend in a B&N cafe near exam time unless you want all the studious little learners to glare at you incessantly because you're giggling too loud :)
