From Reader Review Robin #1 for online ebook

Rebecca Timberlake says

I don't read a lot of DC comics, and especially not much with Robin, but I got this download for free so I gave it a shot. Turns out, it was really good. I'd like to read more from this story line. Who knew Robin was so interesting?

David Caldwell says

Robin strikes out on his own after the new Batman nearly kills him. He still has to go to school though. He decides to look into a gang of car thieves, but ends up as a suspect.

I love comics. I read them for years. But as budgets and my reading time changed, I got away from them. Now, I pick up the occasional graphic novel or issue. I saw this as a free download and decided to give it a chance. I am really not up on current events with Batman, but it was fairly easy to follow anyway. The artwork was a nice example of comic book art.

It is just a single issue, so it is fairly short. Still it looks promising and I wouldn't mind reading more of the series.

Michael says

This is a whole new "Robin" character than the one partnered with Batman. Didn't strike me as something I wanted to continue to read as a series.

Chloe (aka Crystal) says

It was okay, but it was boring. This "Robin" character didn't impress me. Thumbs down.

Chris says

I don't remember much about this one, I couldn't sleep.

james craddock jr. says

Very good!!!!

It's a really good comic book. It dealt with batman side kick robin. If you're a fan of batman you will like this comic.

Ann♥???? says

I enjoyed this a lot. Tim Drake is very cool. It flowed great with the story and graphics being excellent. Super comic. :)
