Save Me, Sinners

Jess Bentley

Save Me, Sinners Jess Bentley

A cult of secret pleasures. An innocent virgin. A debt that must be paid...

This is how things have always been done.

It's called the Ceremony.

You go in a girl and come out a woman.

It's designed to break you, take your innocence.

They say you can ascend, experience pleasure beyond this world.

But for me it comes with a price.

I was raised in a cult led by two muscular, tattooed, gorgeous brothers.

And this is how things have always been done.

But when it comes to me, instead of taking it, the two brothers save my flower instead.

They train me, tease me, teach me.

So they can... sell me at auction, to repay my mother's debt to the cult?

They're not supposed to fall in love with me, they're supposed to sell my innocence to the highest bidder.

But there's nothing I want more than to give myself to them.

And I know they want to take me for themselves.

They taught me to get on my knees.

Now the only rules are the ones they give me.

When they see how much I worship them, how can they let go of their precious pet?

Even if it means the end of everything they've built? Everything I've ever known?

Even if it means sinning by saving me?

Author's Note: This is a full-length, standalone, taboo HEA menage romance. Contains forbidden themes as well as cult undertones not meant to offend. The content may be too extreme/intense for some readers...Please be 18+.

Mary Getz says

ARC. BRAVO ! ? HOT SEXY READ.

Jess Bentley shows interesting and unique way on a cult dark erotic provocative intoxicating sensual in a MFM ,in the cult , at KINGDOM COME , leaders , Father Silas and Brother Owen. Angel is at the age, where she has to cover her mother's debt , to the leaders. Angel has been in love with the leaders ,Father Silas and Brother Owen. She is in virgin auction.THE CEREMONY. What is different , when Silas, Owen and Angel are together for the first time, are off the charts . When it's time for Angel to leave the KINGDOM COME, can they do it, with life twist and turns and surprises .

I love and recommend this book to everyone ? ? . The strong structure storyline and well developed characters and supporting characters brilliant exquisitely well written . First time reading from this author . The story is drama rom-com emotional roller coaster captivating sizzling chemistry strength of character hot steamy explosives sex and captivating from start to finish ? ? . I voluntarily ARC for honest review .

Courtney says

This is definitely a different kind of story for me, but Jess Bentley did a great job making me want to root for the main characters. Father Daddy and Brother Owen are the male heads of a cult called Kingdom Come and play a big role in the young women becoming women and getting ready for their Masters. While normally it would be hard for me to read that type of book, I loved these two brothers and they really did change when they realized what Angel meant to them. Angel has been on the compound since her mother was taken in by the Kingdom and knows nothing outside of what that life is like. When her ceremony comes she is ready to do whatever the family needs. When the brothers realize the depth of trouble the Kingdom is facing they consider selling Angel, again a hard idea for me but Jess Bentley did it very well. However when the time comes none of them will expect where the next turn will take them. I loved the three as a unit, they all balance each other out. I voluntarily reviewed an Advanced Reader Copy of this book.

Michelle says

You always hear about a cult and it is bad you want to get out as soon as you get in your right head right lol But in this one as soon as you come of age the two brothers that run the cult decide to teach her things and then sell her butt all she wants is the two brothers and to please them who is going to win this battle of the wills this was a good book even if it is about the cult but a different kind of one excitement and challenges a plenty I voluntarily reviewed an advanced reader copy of this book and it was good and hot and talented Michelle

Based on the description, I expected a bit different story but I did not regret it at all. This is my first book by Jess Bentley and I did not regret it at all. It was fantastic. A well written, intriguing, dark and steamy romance story with some twists and turns that will keep you turning the pages to see how the story unfolds. This was a great book and definitely worth a read.

Teresa Christianson says

I received an ARC copy for voluntarily reviewing Save Me, Sinners by Jess Bentley

I was unsure about reading this book because it was about a "cult" but I have read other books by Jess and really loved them so I gave it a read. I am glad I did. I loved it. Not what I expected it to be and not the ending I was expecting.

Poetic Puppy says

Angel will soon become a woman, that is if she actually has a deflowering ceremony; something which isn't certain as Silas and Owen need money to clear some debts and selling off an innocent might just be enough to save their community.

This book really wasn't for me. I read it as it came as a bonus with Dirty Little Secret, but the subject matter isn't one I'd usually chose for myself. Firstly, I'm not a huge fan of ménage stories. Secondly, the cult like religious group carries out a particular tradition which is basically rape disguised as a coming of age ceremony. The saving grace of this book, for me, is the ending of the story which is actually quite sweet, as the three of them seem to learn from the past and make a better future for themselves.

Profanity: Occasional

Sexual content: Frequent and detailed

Violence: Moderate

Cautionary element(s): Rape disguised as a religious ceremony and attempted rape

♥?Fantasy Land Blog Book Reviewer? says

I always enjoy Jess Bentley's books and this one was no different. This book brings religion, sex, and romance altogether. Angel has grown up in a cult-like atmosphere with two men as their "fathers" that give out the rules and disciplines. Life is supposed to be good with living off the land, making life simple and such. But when Father Daddy and Brother Owen get close to Angel things start going sideways with everything.

I liked this story, with the religion giving it another level of mystery and interest. The three people in this story are wonderful and have a wonderful connection. Loved it.

I voluntarily read an advance reader copy for my honest review.

5.0 out of 5 stars

Cults, a virgin for sale, menage... what's not to like....., June 11, 2017

This review is from: Save Me, Sinners: A Dark MFM Menage Romance (Kindle Edition)

I can not say enough good things about this book. It's a very unique take on cults, MFM menage and romance in general. I wouldn't normally think that these three elements could work together but Jess Bentley melds them effortlessly into a book that will keep you up reading once you start. I absolutely loved the characters, Silas, Owen and Angel, they were so fleshed out and well developed. Highly recommend for the mature reader.

I received a complimentary copy of this book for voluntary review consideration.

Audrey Pott says

I voluntarily reviewed an advanced reader copy of this book for my honest opinions.

This is my first story with a cult background, Jess did a great storyline, not the kind of cult that I thought it would be. It's definitely interesting, some twists, loved the characters, sensual, steamy, the pull of longing and such an emotional punch. WOW. ?

Laura says

Love this book

Jeanne says

This plot was pretty different. The main characters are part of a religious commune or cult of sorts, Owen and Silas being the heads of said cult. A young woman who is the daughter of one of the more troubled followers brings their issues to a head and changes the whole situation. Very different take on the MFM theme. Good story!

Melissa says

Hot read

Loved it!! Who wouldn't love having two men wanting you. Then you not being able to chose because each

is missing something the other has. Why not both of them to even it out. There was a hot explosive sex between two people, and the fantasy of being pleasured by two men. The men give her the fantasy and see she's having a problem choosing so they give her space and she's able to decide.

Jammie Bebout says

Having never read this author before, I wasn't really sure what to expect, but I have to say that I was quite impressed with *Save Me, Sinners*. It had an interesting plot, vivid imagery, and authentic and engaging characters. These characters completely draw you into the story, and you just can't help but become invested in their lives. This story had me hooked right from the beginning and kept me riveted to the very last page. There was also a bonus story called *A Hard Man: Saving David*, which was also quite good. Although I have to say the bonus story could have done with a bit more editing. The constant misuse of personal pronouns got to be quite annoying after awhile. The meat of the story was quite good though. I would recommend this book to anyone looking for an intriguing and compelling read.

*I was given a copy of this book and voluntarily chose to review. All opinions are my own.

Wendy Livingstone says

Angel has been brought up in a cult where when a certain age is reached; she is going to be auctioned off to settle her mother's debt. Angel loves both Father Silas and Brother Owen as they are known within the cult. Will they risk everything and choose Angel? No spoilers, give this awesome book a chance, you will not regret it!!

Mary says

This is an amusing story about men and their basic instincts, a few crazy people and life. Owen and Silas are completely cold and unruffled by things, except when it comes to Angel. Angel is naive and too trusting. It's not for everyone, some things people might find offensive, but I found the people amusing.

I received a complimentary copy of this book from the author. This is my voluntary and honest opinion of it.
