Allah's Mountains: The Battle for Chechnya, New Edition

Sebastian Smith

Allah's Mountains: The Battle for Chechnya, New Edition Sebastian Smith

A mixture of travelogue, history and war journalism, *Allah's Mountains* tells the story of the conflict between this nation of mountain tribes and the might of the Russian army. It is also a story of the history, people and cultures of the Caucasus and of tiny ethnic groups struggling for both physical and cultural survival.

Jarir says

Excellent book and timely also to understand one of the many conflicts among the Muslims and author Sebastian Smith travels widely for years among the Chechens as the conflict developed. Great read and well documented.

Kawing says

Must have been the most exciting book about the Russian Caucasus and the 1st Chechen war.

Author was one of the few who stayed to report and witness the whole Chechen war - which is a shame that for the 2nd Chechen war it will be impossible to find such an account such to Russian censorship and real danger. The book focuses on accounts from the side of the Chechen rebels, and one might criticised the author for mostly being on the side of the Chechens; but then the war was that romantic, after all it was a victory of a small people against a world superpower and they did it in the most spectacular way. But don't be mistaken, his account about the other parts of the north Caucasus was equally, if not more, interesting. Thoroughly enjoyed this, highly recommend for those interested.

Shaun says

It contains a lot of information and is incredibly interesting but I think Sebastian Smith is entirely too close to his subject material and as such incapable of presenting a truly critical analysis of the situation in Chechnya. He is entirely unwilling to offer any real criticism of the Chechens and their position. I found him overly defensive of the Chechens, in that I think he wants the conflict and violence to be Russia's fault and finds whatever evidence, no matter how flimsy to exonerate the Chechens of any wrong doing in the war, specifically the events leading up to it.

Janosch says

-.-' The title of the book should have been: "I don't like Russia- by Sebastian Smith".

Let me sum up the content of this book for you: "I don't like Russia. OMG Russia is so bad."

The only reason I gave it 2 stars is because I learned something about Chechnya, and I love Chechnya. What I don't love is biased people who just hate on other countries, like Mr. Smith does.

I like Russia AND I love Chechnya. That doesn't exclude itself, even though some people might think so. I am a strong believer of the good in people and that we all can leave peacefully side by side.

Sadly there are people who have a bias and a hatred towards other countries, like the author has.

TL:DR: Biased book, don't read it. 2 stars because I learned something about Chechnya.
