### Fire

Yes ladies this title is most definitely this book the storyline was great.teyana still with her abusive cheating baby daddy ,while her friends sevyn and zywon introduce her to gambino.Gambino and teyana both get real disrespectful towards their relationships but the undying love they share is present. Drama,lies,fights, and jealousy comes full force can't wait for part 2

### Disrespectful

Good book with lovable characters too. My favorite is Syven & Zywon. They seem to have a positive relationship. Next is Teyanna & Gambino who are expecting a baby along w/big bro Camari. Tyriq, Cal & Jazzy need to keep it moving. Especially since Jazzy set Gambino and Zywon up to be robbed/shot.

### Disrespectful is an understatement

Good read.Tyriq is a trifling excuse for a man. No man should beat on a women for any reason especially not because of his own short comings. Jazz is a sorry excuse for a woman. Know how to get your own and just because a man decides to take care of you it doesn't mean your entitled to it. Reek lesbian it when you don't contribute anything to the relationship but sex, complaints, and spending. Although Terrean and Teyana are great together they are dead wrong for not dropping their baggage before being together. You never start a new relationship without first ending the one you're in. With the relationship being as bad as they were they should have been over instead of just going with the motions knowing the relationships had long ago died. Sevyn and Zywon are so good together. Really enjoyed seeing how much they cared for Teyana and how they were there for her and her son. Can't wait for the next once.

I loved this story beginning to end.It broke my heart how Teyanna was treated and the bullshit her fiancé made her deal with.Sey and Tywon was my favorite i think at first.Then my favorite turned to Teyanna and Terrane because he made her happy.I couldn't stand that bitch Jazz at all.I hate that damn ending I so need part two asap

Loved it. Both Jazz & Tyriq are too damn much. I wanted Terrean aka Gambino to off him when he first got at him. Tyriq beating on his child's mother was bad enough but to do it in front of his son Camari was pure hateful. I wanted to jump into the book and whip his A\$\$!!! Sevyn is a great best friend and has a good dude who has been wanting to lay Tyriq's butt out. This book had me all in from page 1. Can't wait for part II.

Ready for part 2 I love Teyana and Gambino regardless of having significant others they put the bullshit to the side and fell in love.

Jazz was a bitch I was about ready to beat her ass sometimes if a man doesn't want you let..him...go.

Tyriq was a bitch made nigga who hit women I couldn't understand why Teyana stayed with him regardless if they have a baby together.

Let's see what part 2 brings.

### **Horrible grammar**

The story line is great but the grammar and spelling is horrible. Still a great read though. I like how the book picked up and got my adrenaline running because I did not want to put it down.

Enjoyed this book. Lord tyriq got on my nerves with his abusive ass. Felt sorry for Teyana and there son.. Jazz was selfish as hell and not as innocent as u would think . Gambino has some serious decesion to make .. Glad Teyana caught her head no woman deserved to be hit on.. Can't wait tell part 2 drop

### **A Must Read**

Tynessa and Cassie, This Book is one of a kinda. Gambino and Teyana were made for each other. Tyriq is NOTHING but a ill punk that like to be on women I hope that he get everything he got coming to him in part 2. Who is Calvin? Jasmine is one low down sneaky B. This book is NOTHING but a Five Star book and I love the Cliffhanger. Impatiently waiting for Part 2

### **good**

WhT can u say, the tie says it all. They were disrespectful. But also in love with each other. I hope tyreq get what he deserves. I'm sure zy & gambino will be ok. A few editing mistakes. But readable.

### **Disrespectful**

Well written with good storyline & characters. As title implied, there were disrespectful behaviors going on. I thought it was good Teyana met Gambino so she could leave the disastrous situation she was in with Tyriq. I thought Jazz was a mean, vindictive & dangerous female & I hoped Gambino would leave her for good. This story had good action & I'm hoping pt. 2 will be released soon.

### **BEST BOOK EVER!!!**

This is definetly a must read. I have read hundreds maybe even thousands of books but I have never read a book that was good from the first sentence until I read this book. I must say this is one of the best books I've ever read. Once I started reading I couldn't stop. I had to finish it in a few hours. You all must read this book. I can't wait to read part 2. I must find out if there is a happily ever after.

**Thandeka Young says****Wow**

Never had I read about a triangle like this I'm not gonna go into details cause I will spoil it for everyone. The abuse, the passion, the sex, the love, the betrayal. What more can u ask for in a books. Took me for a loop more than once
