**????~Happy Marriage!?~ ???** Maki Enjoji

Men - they're the root of Takanashi Chiwa's problems, which is why she never had the time nor the opportunity to have a boyfriend in her entire life. A full-time office lady and a part-time hostess, she works night and day to pay off her dad's debt from his failed business. One night at her part-time job, a high-class customer has her fired. Then the next day, she's called in to see the president - whom she had never even seen before in the office - only to find out she's to marry him! But what kind of guy is Mamiya Hokuto anyway? Will he become one of Chiwa's problems, or will he save her from them? And will this marriage even last?!

### **Kereesa says**

Everyone's Getting Married, Vol. 1 is still better than this series, but it's something for now.

---

### **Niquie says**

I love this series. Unlike other shoujo series this one focuses on an adult couple who are married. While Chiwa is emotional and yells a lot her and Hokuto actually communicate as a result and as they talk and fight their relationship grows and changes.

This vol we finally find out more about Hokuto's relationship in the past and what happened when Hokuto's mother died. I'm pretty excited about the next vol.

### **Victoria says**

WHY AM I READING THIS SEXIST STUFF?

---

### **GuisBell says**

*Que maravilloso, el amor que se tienen va creciendo mas y mas, es hermoso de verlo, creo cada uno, es un complemento del otro...*

---

### **KStar says**

I love this series so much, beautifully written

### Beth (^v^)/ says

I was on board with this manga for a while, and I'll continue to read it. But this book was so sexist and degrading it hurt.

The main male character calls his wife stupid repeatedly. It's supposed to be funny, but it's just painful to read. And then she just accepts that she's a stupid girl and apologizes. I cringed. Stand up for yourself woman!

### Gobokairina says

Bila dah melalui musim cinta, tak *thrill* lah kalau tak diuji. Apa lagi hubungan suami isteri, ada masanya lidah pun lagi tergigit. Ya tak?

Dalam siri ini, hubungan Chiwa dan Hokuto turut dilanda masalah. Masing-masing rupanya ada rahsia tersendiri. Orang kata, barang yang lepas jangan dikenang. Kalau dikenang, merana badan.

*Hmm...* lebih memburukkan bila ada masalah komunikasi antara mereka berdua. Apa kesudahan konflik percintaan mereka? Tunggu dan lihat seterusnya.

I just love & enjoyed reading comic.... this is one of my fav comics.

---

**Léna says**

This whole 'I need to be a perfect housewife for my husband, cleaning his mess, stop working, have heir for his company, being worth of him because I'm less rich, less beautiful, story his business and get to understand what he does by being interested and invested so we can have a discussions about him and his business is really bothering me. Especially because she auto inflects it to herself, stop being self depreciating about yourself and stop thinking your life is all about being a good house wife and pleasing your husband. I don't really know if it's normal in Japan but it REALLY bothering me, maybe it's because I'm European, I don't know but one last time, it's hard for me not to be revolted. I hope she gets more independent and set her own objectives in the next books.

**Leigh says**

She got re-educated.
