*Kat Martin*

## **Perfect Sin** Kat Martin

### *PERFECT PLAN*

He was the ultimate rake.

But Randall Clayton, 7th Duke of Beldon, harbors a hidden motive for seducing the fiery haired, passionate Caitlin Harmon. Rand is on a mission to find a murderer...and it's leading straight to Caitlin's father.

### *PERFECT SEDUCTION*

She was the ultimate temptation.

Cait Harmon, the feisty, intellectual daughter of an American adventurer, is certain she will never fall in love. But one dance with the powerful, compelling Duke of Beldon and Cait's heart is lost forever.

### *PERFECT SIN*

Theirs was the ultimate love.

They were the talk of London, until passion and betrayal tore them apart. Now Rand must embark on the quest of a lifetime: proving to Caitlin that love is the most powerful treasure of all.

## From Reader Review Perfect Sin for online ebook

### Danielle The Book Huntress (Back to the Books) says

I did give this two stars, but then I realized I really didn't like this book. So I downgraded it to one star. I submit this guy as a nominee for "Jackass Hero Award." Complete and utter pig of a man. One of those books you wish would end with the heroine telling the hero to get lost.

---

### Jasbell76 says

ALERT! ALERT! Cheating hero!

Hero leaves the heroine after she has a miscarriage. He goes to London and spends a month with his mistress. Hero and heroine were married!!!!!!

PS. I haven't read this book but, I am a "Fidelity Godmother" so I don't want any of my Goodreads' friends that HATES cheating heros read this book. If someone does not have any problem with cheating heros, so go agead!

XX

---

### Fre06 Begum says

She has a miscarriage and what does hero do? He runs back to his mistress we the reader get a lovely scene of him having sex with her and that goes on for a month until heroine catches them together when they are dining out. How was this book ever put in as a romance book I don't know, I HATED this guy and after this book refused to read anymore by this author!

---

### JennyG says

I ended up hating this book because the hero betrayed the heroine when she needed him the most. I can read books with a cheating hero and sometimes a book can even become a keeper despite the cheating, but in this instance the betrayal was too painful for me.

---

### sraxe says

The h suffers a miscarriage, to which the H responds not by staying with her and helping her deal with it, but by leaving her and running off to London in order to cheat on her with his ex-mistress. For a month.

There's no coming back from that

(No, but seriously...how the hell does someone write something like this and think *A-HA! Yes...THIS is romance!!*)

### **Shari Kay says**

[cheating H (hide spoiler)]

---

### **Mandy says**

I really wanted to like this book. but the hero killed it for me.  
An emotionally weak hero is not what i look for in a HEA romance book.

Spoilers ahead

The part that really killed it for me - he went back to his mistress Hannah after his wife (the book's main heroine) lost their baby prematurely. According to him, he had no idea how to cope with the pain so he ran all the way back to london, leaving the heroine coping with the lost of her baby AND her husband. But that was not the worse part. the weak hero wined and dined his mistress in town for a MONTH. Leaving the heroine getting 2nd hand news/gossip that her husband was back with his mistress (which was very true i might add.) Still believing that her 'kind' husband would not betray her in such a way, she went down to london to try to make things work between them.

She caught the hero and his mistress in a restaurant together. Yes they were just having dinner, but it did not matter what they were doing, the heroine KNEW for sure now that the hero had betrayed his vows and had bedded another woman. The best part was he froze and asked her, "what are u doing in london, i though u were in the country." WTH i know.

the heroine replied with tears flowing down her face, "i wanted to surprise you and i think i did."  
she ran from him and went to africa be with her father.

I seriously could not care less about the story after that. After a month of wining, dining and bedding his mistress, he finally realized he loved his wife and was going to break off with the mistress AFTER they left the restaurant. but poor heroine caught them together at the very last moment. I was like oh my god, it took a month of bedding another woman to realize he was in love?! And he claimed that he had no idea how to cope with the pain of losing his baby and the love he felt for his wife. Was he just weak or stupid. I don't know. maybe just stupid.

Yes he grovelled and traveled to africa to bring her back but I couldnt get pass the cheating. it ruined the story for me.

pls avoid this book if you don't want to get emotional traumatized.  
I am living in fear of encountering another case of HEA book cheating after this one.

---

### **Lauren says**

Oh god I cried :( H was a major dirt bag but she doesn't forgive him easily and he has to travel across half the world to get her back and even then he has to do some serious groveling this was definitely a good read

---

### **Dina says**

From Fani:

'The book you should definitely avoid is "Perfect Sin" by Kat Martin. Hero, supposedly loving the heroine even though he thinks it's just lust, goes back to his mistress when the heroine miscarried their baby. I don't think there was any way the hero can redeem himself after such an act.'

---

### **Elis Madison says**

[--she left the jerk, and when he followed her, she dug in her heels and resisted him, even th

---

### **JoAnn says**

Not my favorite Kat Martin book and if it had been the first I had read, I wouldn't have looked for other books by her.

In so many romance books the hero -- who up to this point has been something of a man-slut -- is surprised to find that he is suddenly uninterested in his mistress and it takes him a while to connect that change in attitude with the fact that he just met *her*, the woman destined to be his one-and-only to whom he will remain faithful from that moment on, even if he doesn't realize it yet. This book departs from that storyline.

In this story, the hero is, once again, a man of easy virtue, who has a friendly relationship with a former mistress. After a brief affair with the heroine, who ends up pregnant, he finds himself married and eagerly looking forward to fatherhood.

Alas, the child is born prematurely and only lives for a few minutes. Both parents' hearts are broken. Before either begins to recover from their grief, the hero falls back to his old ways and gets back together with his friend/former mistress with an emphasis on the mistress part of their relationship.

I hate that he did that, but given his grief and the less-than-solid foundation of his marriage, I can see this as a likely, though very bad,

choice. He realizes his mistake after a few weeks, but not before the heroine finds out.

Should the heroine have taken him back? That is entirely her choice. She gets to choose what she believes to be most healing for her.

### **Menina com Livros says**

AVISO DE SPOILERS!

Eu gosto muito dos livros da Kat Martin. Ela não se faz de rogada quando se trata de assuntos polêmicos e em geral sempre encontrou boas saídas para tal. Mas, dessa vez, não curti. Primeiro, não por culpa da autora, mas devido aos cortes da edição em português (cortes exclusivos à la Nova Cultural) ficou muito difícil acompanhar a cronologia da história (de 2 meses pulava para 7 meses e depois voltava pro 5º mês -\_-). Então, o duque cretino apronta feio, mas feio mesmo! Mas, nada como uma tentativa de assassinato e a perspectiva da morte para a contemplação do quanto a vida é valiosa, blá, blá, blá, 'sempre te amei mas não queria assumir nem pra mim mesmo' (olha a desculpa para um baita pulada de cerca do cretino), mais blá, blá, blá, 'ah, meu amor poderia ter sido você que cairia daquele penhasco' (se fosse comigo, pegaria pipoca para assistir a queda do babaca!), mais uns blá, blá, blá, 'te amo' daqui, 'vou ser corna feliz' acolá... E vivem todos felizes para sempre; uns com chifres e outros com uma baita cara de pau.

### **Tina says**

Cheating bastard! I dislike romance novels with a cheating H or h, however, it's been awhile since I've come across one this vile. The hero in this book is just appalling, but what makes it worse is the heroine who takes the douchebag back. I guess they're perfect for each other.

---

### **Gi's Spot Reviews says**

Great way to deal with miscarriage...Cheating with his mistress....Lovely...

Self note:

---

### **Yue says**

Hell to the NO! Cheating hero, yuck. I don't understand why authors do this kind of crap... in a "supposed" Romance book.
