# From Reader Review Sprite's Secret for online ebook

## Oerba Yun Fang says

i don't remember when i read this series last...it was so long ago!! it was my first series and i loved them SO much! for young children, they bring out imagination and put the right amount of adventure out. I wished i had met a fairy when i was small, so i could go through what violet goes through! it was such an adventure....

---

## Rachel says

I read and loved this entire series as a kid.

## Clare says

This brings around a whole new wave of nostalgia. I loved these books as a child and was completely wrapped up in them. I had forgotten all about them until now, and I'm so glad I found them again :')

---

## Juliet T. says

I like how she met the pixie. A frog ate her favorite ball and hopped into the big tree. And as she was crying Sprite the pixie gave back her ball and told her about all the evil pixies let loose and how they need to bring them back.

---

## Natalie says

I loved these when i was little!

---

## **Tiffany Gallant says**

These are cute books.

---

## **Allison says**

My favorite book series when I was little. I absolutely would recommend this to a young reader or for parents to read to their children. This is a story that children will cherish through the ages.

---

## **Jigme Choedak says**

fourteen fairies have been escaped and they are causing trouble in earth. so sprite a good pixie was sent to earth to tricks them all and sent back in otherworld. so sprite said violet for a help...  
in this story they tricks Pix, the fairy who loves to play, but his fun can get out of hand. Now Sprite and Violet have to beat Pix at his own game, or he will never go back to the Otherworld!

---

## **Kim says**

This was the first chapter book i read. I just had to add it because its so cute. when i read it about a year ago it only took 15 minuets to complete it(i could have read faster only i was board). The first time i read it, it took me almost 2 weeks!

---

## **Emma Ruth says**

This is the series that started it all for me. My love for the written word grew with every captured pixie and clever trick. It's been over 14 years since I read this book and the nostalgia is overwhelming. This book is magic and adventure and so sweet. I was just shy of 8 when I read the series and I related so much to Violet, I didn't have an annoying cousin Leon though. This is the one series I managed to hold onto from my childhood, it might be falling apart, but I'm so glad I can still call it my own. The adventure and excitement are just as real now as they were 14 years ago.

---

## **Dara says**

I absolutely loved *Pixie Tricks* as a child. It was one of the first books I ever really got into. It was easy to read, fun, adventurous, witty, and I loved the characters. As a little girl who doesn't love fairies, especially mischievous fairies? Plus as a bonus there are stickers in each book, so you can keep track of all the fairies that were caught throughout the series. I suggest this book ~~to read~~ (on second thought it is such a simple book they could probably read it themselves) to your kids, younger siblings, grandchildren, nieces/nephews, and any child with a love of books or fairies.

---

**Zaiter says**

this book is a fairy tale but i know its cool for its mystery, misions, and fairys.

---

**Jigme Choedak says**

This book is all about violet whom ones was playing a marble and then a toad appeared at once and take away the marble by hopping.she tried to catch it but couldn't.. after that a fairy named as sprite help her to take it..

after a long time violet and sprite became friend and they tricked a pixie named sporty...
