From Reader Review The Daily Ukulele: 365 Songs for Better Living for online ebook

Becca says

This book is a gem. I encountered it on a music stand on my parents' front porch, where my brother and dad had been companionably strumming throughout the vacation. I'd been told to bring my uke, but forgot. Fortunately, they set theirs down from time to time, so I could meet this lovely book...and then immediately order it online and have it waiting upon my return.

The book is a combination of early 20th century Americana, 1960s folk, some classic ballads and The Beatles...lots and lots of Beatles. I was surprised at the high percentage I knew. Helpful chord charts at the top of each song are ideal for rookies like me. All songs are very sing-able and attainable (chord-wise) with a play through or two. The holiday and songs for children sections are a nice touch.

This book has dramatically increased my ukulele repertoire. I don't know if this is damning, but I will be bringing it and my uke to the nursing home the next time I am up North to play through it for my grandfather.

Taylor Kundel-Gower says

Nearly every song I've ever wanted to learn!

Mark says

Awesome collection of music for the uke! It has become the go to book for the Motor City Ukes.

Kate says

This collection has sheet music for 365 songs, alphabetical by song title until the last section, which is done by holiday. While the chords were on the whole a little difficult and could probably be simplified, I did like attempting to play the notes and having the full lyrics and bars to get a full sense of how the song should be played. There's a fairly wide range of songs, from classic folk songs to more modern songs, but nothing really more modern than, say, the Beatles, Elvis, or the Beach Boys.

Katrin says

Buy yourself a Ukulele which is one of the easiest instruments to learn and this book - and bliss out happily singing and strumming - family and friends will join in and everyone looks so happy.

Karin Gottshall says

My favorite ukulele book.

Wilbur says

The best collection of songs from all periods. Hours of great fun. I have two copies on my Kindle and a hard copy for sing-a-longs. Worth every penny.

Ginnie says

great choice of song that cover a variety of chord progressions.

PWRL says

A

Candice says

I get a lot of mileage out of this book, though the vocal range isn't always comfortable for me. It has Bad, Bad Leroy Brown which is 4-star worthy in its own right.
