Elaine Leonard says

I loved this story. Finished it in one day. The characters put aside their wants and needs for others but finally realize this is where they are supposed to be after their struggle. I highly recommend this book.

Brandi says

The characters did not seem to be quite as well developed as Deb Kastner's usual characters, but it was still cute. I'd rate it about 4.5.

June says

Carolina Mason is one of the interesting stipulation to how the boys ranch ends up. When Wyatt finds out he has a son, there are some sparks flying. Will the real Avery Culpepper show up?

The Doctor's Texas Baby is the fifth book in Lone Star Cowboy League: Boys Ranch by Deb Kastner. A very touching book. Romance. Carolina Mason left town three years ago knowing she was pregnant. She thought veterinarian Wyatt Harrow, father of the baby, wanted to go over sea to work. Carolina didn't want him giving up his dream because she was pregnant. When she returns with her 2 year old son, she see that Wyatt is stilling living there. Wyatt is involved in the Boys Ranch. Wyatt is mentor to a 17 year old boy, Johnny, who stutters. In fact Wyatt plans to adopt Johnny. Wyatt loves his two year old son. Yes they all become a family. We do find out who has been doing bad things in the area. A very good read. Looking forward to the last book in the series.

This is the fifth book in the continuity series Lone Star Cowboy League. This story is well written and will give you some of the answers that have been asked through out the past four books. I have enjoyed this series and look forward to reading the next and final book. I know you are going to love it and it will touch your heart.

Carolina Mason returns back to her home town to bring a letter to the Cowboy League about the boys ranch. She has been injured in a ski accident and is unable to work as a nurse. Her uncle had died and left her a cabin; a place she could raise her son. She had run off three years ago when she had found out she was pregnant. Her boyfriend had dreams of going overseas as a missionary and she refused to keep him from his dream. She is sure that he is now in some foreign country.

Veterinarian Wyatt Harrow is shocked to find out that the only woman he ever love had betrayed and kept him from his son. He's bound and determined to care for the boy and wants to get to know him. But does that include the woman who broke his heart?

A journey of two broken souls brought together at last for a second chance. Can they forget the past and forgive each other? God has a plan for this little family. A plan much greater than they had dreamed of. God has a plan for you too. Surrender your heart and watch Him move in your life.
