The Poker Chip

R.O. Lane

The Poker Chip R.O. Lane

The Poker Chip is another classic western with a bit of romance. Vance Brennan falls in love with Lexie Moody, but she marries someone else, who turns out to be a scoundrel. Jeff Warren bets his wife, Lexie, on a game of poker. The winner insists that Warren pay up, and he devises a scheme to have his wife kidnapped and taken to Mexico to pay off his gambling debt. Vance Brennan, who still loves Lexie, goes into Mexico and rescues her. But the Mexican tries to kidnap her once again. Brennan kills that kidnapper and goes after the Mexican to stop him from sending more kidnappers. Brennan marries Lexie and fights to save her life. But at the end, when her former husband, Jeff Warren, threatens to beat her to death, Lexie has to find a way to save herself because nobody else can do it. Another classic western from R. O. Lane.

Edward A. Gettler says

One of a KIND... Awesome.

Dear Mr. R.O.- By now you know that I am definitely HOOKED on the work you do in writing some of the best "horse shut and gun powder" books/stories I've ever had the great pleasure of reading. Thank you...Ed G.

Charles Castell says

Mr. Panelist have the patience of Job, as he efficiently grabs his readers immediately and never releases them until the final paragraph is finished. This story definitely was well researched and the excitement continuously increased with each new event. Too, the sequence of events leaves little to the imagination, but as each exciting episode develops I was compelled to continue the trip down memory lane, which were very compelling and heartwarming adventures.

Since five stars are the max, it says enough for another well written masterpiece by one of the most creative author's of our time, Mr. R. O. Lane. I have been, and continue to be, impressed with the compassion of this author and his apparent creative ability of our real old western folklore!

The character selections never ceases to amaze me, and it doesn't matter if they are the good guys or the bad guys, they get their assignments completed, wherever they have to go.

Too, there is so much family-friendly activities that compels the reader to have their complete attention immediately, and never lets them come up for a breath of air, until their assignments are completed. Great storylines that always maintained the reader's compete attention immediately, and throughout the entire book.

Certainly recommend this book to all readers, whether you normally read western adventures, or not, as there is one exciting adventure after another. Plenty of action, enough romance, and exceptional camaraderie to fill everyone's desires from beginning to end! Read this book, or be an unimpressive loser!?

Tricia Hungerford says

Awesome

Loved this story with all y heart. The author has a gift of bringing the reader into the action. I swear I could smell the dust and campfires! A great read for all who love westerns!

Masina Lane says

Rescue

This Western covers what happened when the spoiled son of a rich man loses more money than he can pay in a poker game and gives his wife instead of money to the winner. A great story which includes plenty of action along with an unusual love story. I highly recommend this author.

Norm S says

4 Stars

Lexie's husband Jeff Warren used her as a poker chip and loses her to a Mexican rancher. Vance goes into Mexico freed her and brings her back to his place. After they marry, they kind of have targets on there backs with mexicans, outlaws, and crazy x-husband trying to kill them.

Jody P. Cotton says

I'm a Poker Chip fan!

I was hooked from the first page! Alexis and Vance are totally committed to one another. I really liked that While she knew Vance would protect her, Lexus was determined to learn how to protect herself as well as Vance.

Casey says

Poker chip that isn't

Clever title, great plotting, very good writing.I

This story isn't exaggerating when it demonstrates go one event can lead directly to so many other events. Ripples, indeed.

cobin says

Good read but circular plot

This book is a good read but the plot is too predictable. The female lead character gets in trouble, her valiant boyfriend from yesteryear shoots his way clear. The girlfriend becomes the wife, gets into trouble, her valiant husband stops the love scene and shoots their way clear. All the spaces in between are spent in the bedroom. The female lead becomes a strong character and even shoots her way clear a few times. I really like the epilogue Lane finishes her book with. It leaves you with a good "finished" feeling.

Mary Hickey says

Great book

This book was so good I couldn't put it down and when I did I couldn't wait to get back into it. I have read several of Mr. Lane's books and have enjoyed every one of them tremendously.

william lowery says

A great read

This was a well written book, it kept me very interested until the very end. The author knows the old west and uses this knowledge to write how it really was in those times.

Bill ROBINSON says

Poker Chip

As usual, R. O. Lane sends us another great western. His cast of characters is always right on the money. I even looked up property for sale in Blanco, Texas hill country. Sad to say we won't end our RV journeys in Blanco. Property values are sky high.

Mikkel Libby says

Good read

Fast moving and full of suspense. Lance and Lexie stand up to mexican kidnappers and mafia and an evil ex husband. They make a team to be reckoned with and triumph in the end.I

Doug Cline says

Excelent

I've all of Lanes books and he gets two thumbs up. I just wish he would write some more. I have read nearly all of the western that William A. Johnstone has written and R.O.Lane is just as good.

Dennis F. Hyde says

The Poker Chip

Another great story by this author. Exciting with many twists and turns. An unusual plot filled with many trails. Vance is a man who shows no fear. Although severely wounded a couple of times he was able to

recuperate and accomplish his goals. I would recommend this book to all you fans of the old west. So, "Giddy Up."

Sandra Whittiker says

The Poker Chip

Vance and Lexie were totally full bodied characters. It was almost like they took on true life. Lexie was brave and feisty enough that she realized that sometimes you have to fight for your own forever love - Vance was just the man to do the dirty stuff to get it done. Great read!!!! BRAVO ???BRAVO ?BRAVO
