Theodore Roosevelt: Letters and Speeches

Theodore Roosevelt , Louis Auchincloss (Editor)

Theodore Roosevelt: Letters and Speeches Theodore Roosevelt , Louis Auchincloss (Editor)

This unprecedented volume brings together 367 letters written by Theodore Roosevelt between 1881 and 1919. Also included are four speeches, best known by the phrases they introduced into the language: "The Strenuous Life" (1899); "The Big Stick" (1901); "The Man in the Arena" (1910); and "The New Nationalism" (1910).

Fred R says

He likes big simple ideas, and although in one letter he hints that this is for the purposes of social manipulation, I suspect its simply a natural tendency. His favorite device is to position himself between extremes of idealism and cynicism, labor and capital (e.g. "the square deal"). I'm a big fan, and wish he written a little bit more about Jefferson (whom he despised).

Eric Smith says

A wonderful book if you're looking for Roosevelt's letters; a bit weaker, honestly in the speeches department, which is in and of itself not a huge problem but it makes the formal title a bit of a misnomer. Roosevelt comes across as the complex, wonderful, infuriating, flawed, and brilliant man he really was - not the statue carved of stone nor literary villain. I cannot recommend it enough.

Chris says

Delves very deep into the history of Theodore Roosevelt. I found this book really hard to read. I read it for a paper that I was writing for one of my history classes and for that reason it was great for the paper. As a fun read I would find it difficult to read but it is very informational and great for Teddy fanatics.
