## Adriane Leigh says

Steel and Lace is FREE for the next two days and Whiskey and Lace is on sale for .99 cents for a limited time!

Whiskey and Lace is twice as long as Steel and Lace and delves into Carter and Eva's back story, features more character interaction, and of course has some seriously steamy scenes!

**★★★★★! Lace series, book 2 of 4. Intense, whirlwind romance with an enigmatic, sexy & controlling billionaire playboy and sizzling sex throughout!**

If you haven't read book 1 yet, please do so first. The Lace series follows Carter Morgan, a beyond gorgeous and sexy, ultra rich and successful, controlling and dominant, entitled, ruthless and untouchable playboy in his courtship with Evangeline. Be prepared to get swept off your feet by their story! It consists of 4 parts/novellas that combined make up a 300 page read.

Whiskey and Lace – Book 2 (might contain spoilers)

**Hero: Carter Jonathan Morgan/28 years old/billionaire/CEO-mogul-playboy/brown hair/steel blue eyes**

**Heroine: Evangeline Austin, “Eva”/26 years old/recent UMASS graduate-fashion website editor/dark brown hair/green eyes**

In book 2 we get to follow Carter and Eva as they embark on an intense affair that will consume them body and soul. It's every bit the roller-coaster ride one can expect when dating the ultimate playboy with the villains from his past set out to destroy them.

Being the controlling alpha, Carter starts asserting his authority by dictating to Eva. But she won't have it and stands up to him on numerous occasions:

*“I ground my teeth together in anger. I slipped my shoes on and then turned and walked out of Carter's room, down the stairs and straight out of his front door.”*

Other than that I don't feel like I can reveal much more without spoiling it. I enjoyed every minute of it!

#### QUOTES:

*"How did you know where I was? Research?" I rolled my eyes at him.*

*"I never reveal my sources." He grinned a devilish grin..."*

*"He began rubbing my foot again. "We'll fly out at four on Friday. Don't bother packing, I want you naked as much as possible next weekend."*

I am so glad I decided to read this series so far, it has been amazing, this installment was a well deserving 5 star rating...

Carter, and Eva have such a rough time in their relationship...but I hope it works out for them because having to work THAT hard in a relationship they deserve happiness.

I love the story line so far, the heartbreak and hardships in this book are amazingly written, and I am heading head first into the 3rd book as we speak. The end of this one ... the way Carter acts only with Eva...it's clear that they belong together even though it will be tough.

With that said I am on to book 3...

#### **Heather says**

This second installment of the Lace series picks up where book one left off. We see Evangeline and Carter after their first night together. Carter continues to grow increasingly possessive and Evangeline finds herself feeling jealous of Carter's past.

This is another fast paced erotic love story. I liked this one better than book one. We get to know more about

Evangeline as a person and discover more of Carters past women. The only fault is that it seems to move very fast. I know some romances happen that fast but it felt like a romance on speed with some serious ups and downs.

Overall a solid 4 star read.

I am combining my review - Steel & Lace along with Whisky & Lace

I think I would give this series a "3 lady porns" only because it is a lot like The Cross Series (Bared to You) but if you haven't read those or you don't mind a very very similar story -just much quicker then it deserves a "4 lady porns". The first installment is a Novella - very short but the second one is a bit longer. Each leaves you wanting more. Everything happens within a 2 week span and some may find it unrealistic I think anything can happen so I wouldn't rule it out. Hot Hot sex scenes!  
The final installment is due out Feb 2013.

"I smiled in triumph and my girly bits tingled in anticipation at the hell I would put him through tonight knowing I was without my panties."

The second book in the "lace" series I like to call the book of uneasiness, though, I think we learn a lot of key things about Carter in this book. They have various fights and misunderstandings, but Eva starts to learn Carter treats her differently. She isn't like all the other models who he previously dated. She is special.

I thought it was great Carter started to reach Eva to the point where he knew how she was going to respond to things. At the very end of the book he goes to her after she tells him everything is "ok" she just needs time alone to get things done. From there, the exciting stuff happens!!

### **Sofia Lazaridou says**

Better, longer and with an appropriate end for an end Whiskey and Lace gives me hope for better days to come. It left me wondering what Laigh might have in store for us in the third and final book.

The book starts where Steel and Lace left us. In almost every chapter Carter chases Eva. She usually runs because she is overwhelmed and it's understandable if you ask me. In 2 weeks things became very serious very fast in her mind. Anyone could be overwhelmed with a guy like Carter.

The end is like the end of the movie version of New Moon. What I realised is that I compare the lace books in my mind and I don't know if that's a good thing.

3 "faster than the speed of light" stars

**\*shakes her head\***

**I m still reeling from this little speedy gem. I just cant stop laughing either. And not in a mean way.**

**It s really a *light, carefree, fast steamy short story...***

**so i dont expect any deep thoughts/feelings from it.**

**But boy, do they get things done FAST in this story...LOL**

**Damn, if i could only use this speed...i would effin run the world \*wink\***

## Christina says

I had a hard time rating this one. It's somewhere between 3 & 4 stars.

What I loved : Carter!!! Sex on a stick! I loved his controlling, possessive yet very sweet nature. I loved how he was.

I loved the fast pace in this book. I don't usually like that, but somehow it worked for me here.

What I hated: Eva!!! My god give me a break! She is another annoying, yelling , running and freaking out heroin! That's what made me go for 3 stars because I couldn't stand her in this book. Not once was she nice or even likable. All she did was freak out EVERY SINGLE TIME!!!! I still have no idea why Carter likes her because not once did I see any other side of her personality besides her freaking out or else he was f\*\*\*ing her.

But having said that, I will read the next one. I can't wait to find out what happens.

## Jodie says

wow Carter really got me angry in this book definitely a love/hate relationship there.Really enjoyed this

book it was longer than first book and leads on from 1st one which I liked.can't wait till next one we'll done  
Adrienne another great read.

Quick review:

**Cover:** Nice

**Rating:** NC-17

**Steaminess:** Hot

**Thumbs Up:** 4.5

**Overall:** Better

**Characters:** Okay

**Plot:** Romance

**Page Turner:** Sure

**Series Cont.?** Yes

**Recommend:** Sure

**Book Boyfriend:** Carter

### **SUMMARY** (50 words or less)

This book starts off where the other ended off. We learn a lot more and Carter and Eva's relationship comes into more focus. This book still sizzles, no disappointment there. The explosive ending leaves me hoping for book three fast and soon. I'm hoping Eva is wrong about one thing.

### **\*\*\*3.5 Slow Down Stars\*\*\***

Well, if the first book was the appetizer to wet your palate, by the time this one is finished you have the waiter asking you if you've thought about dessert.

Whiskey and Lace picks up right where the first book left off. Evangeline finds herself having to figure out where exactly she fits in Carter's life. His previous man-whoring ways are slowly creeping insecurity into her mind. Should she face the issues head on or allow her fear to question both her and Carter's feelings for each other?

While I'm enjoying this series, I'm having a little bit of an issue with the connection between these two. Feelings are escalating rather quickly, yet they don't really even know each other. A couple of conversations

have been had about their pasts, but the facts were told completely matter of fact and they were brief. I'm hoping some of this will be addressed in the next book? Because I have questions...

Since this is told from Evangeline's POV we know a little bit more about her, but when it comes to Carter Morgan??

My final issue, but I'll admit my puny brain doesn't have the best memory on the timing of books being published, is there are quite a dusting of instances where scenarios and terminology mirror those of some other popular billionaire series. Whether its just coincidence, I'm not sure, but because I read those first I can't help but take notice.

Even with my issues I'm enjoying the series and am looking forward to seeing where this is going. I'm hoping we get answers to some questions and we get more depth to the characters. I'll end by saying that even though these two may not know each other on a deeper level, they are quite the best of friends when it comes to the sexual aspect of their relationship!

### **Amy J Romance Author & Reader Events says**

Whiskey and Lace is a bit longer than Steel and Lace and just as good. I enjoyed getting to know Carter and Eva's story. Carter is swoon worthy and Eva is not the typical annoying female lead. The supporting characters are entertaining as well. The writing style is easy to follow. I can not imagine that the next installment is the last, there is still so much more to tell the readers about Eva and Carter. Can't wait til February!
