Diana says

Este tomo me ha gustado más que los anteriores. Hay un gran avance en el desarrollo de los personajes y las situaciones se vuelven más interesantes.

Adelle says

5 stars because there's a bonus chapter on Croquette's POV! I need more of that.

Phoenix2 says

Keeping the interest up!!

CJ - It's only a Paper Moon says

We need a time jump because I can't wait any longer for Mao and Hiro!

Diana says

El que Daiki se haya mudado ya hace las cosas más interesantes. Radical se confesó. La conversación entre Mao y su pequeña hermana fue un gran paso para la reconciliación familiar, me agradó el regalo que le dio Mao y los dibujos que su pequeña hermana le obsequió. El hechizo que dibujó Mao en la frente de Hiro fue comiquísimo pero Daiki borracho y su "cutesy cute syndrome" me mató de la risa.

Erin says

I am really loving Daiki's character development, especially when it comes to the relationships with those around him.

I loved this volume •3•

Romina Rudas (City of Word) says

Enserio es un enredo de sentimientos.

Elaine says

This felt a bit weaker than the rest of the volumes. I still liked it though and I'm excited to see where the story goes next.

Vivien says

I loved the extra chapters, especially Croquette's-so cute.

Aide Laura says

[But I'm super happy that she was blushing fiercely when they were huddled up together. Hugging during the rain storm. TOGETHER! IN AN EMPTY HOUSE! Oh never mind Croquette (the dog) was in the presence of a super cute moment. (view spoiler)]

Anali says

Los capítulos con Daiki no me gustan; los prefería cuando Mao y Hiro están solo ellos, así es más divertido. Además Daiki no me agrada; sabe que Mao tiene sentimientos por Hiro y él por ella y sin embargo insiste tanto que me molesta :/ Sin embargo, estoy feliz de que Chi-chan no se rinda con Oda *-*

Michael Schmid says

Hat mir wieder gut gefallen! Ist halt eine sehr süße Geschichte und schön zum abschalten immer. :)

Radwa says

Do you know the feeling of wanting to take someone by their collar or whatever and make them realize their own feelings and how dense they are? ARGHHH!

Anyway, I love me a good love triangle.

Salam Dakalbab says

It is amazing and attractive !

Michael Pillarella says

As if I didn't already dislike that Radical isn't going to end up with Hiro it's painfully obvious that it won't work and she has barely done anything to make it work. I also want Daiki and Mao to end up together but once again I think I will be dissapointed.
