### **Tracy says**

Lisa Renee Jones has done it again. Left us with a hell of a cliff hanger.....

Cannot wait for book 2 to come out - this is hotting up to be a another great series!!!!

I love LRJ's Tall, Dark & Deadly series and Beneath The Secrets is another hit!

Blake Walker is our hero who is a bit broken, a lot lost and hell bent on revenge.

We meet our heroine but, by the end of this first book, we still aren't entirely sure who she is or what her motives are - there's a lot more twist, turns and secrets with this one!!!

The characters are great. The story is full of suspense, intrigue, passion & attraction, trust issues (that is to say a severe lack of!!) as well as loads of secrets & lies!!

Thank the gods this series is being released monthly - roll on the next instalment!!!! :D

On the edge of my seat with this story about Blake.

### **Marsha says**

"Beneath the Secrets," Part 1 is the beginning of Blake Walker's story. Of the three Walker brothers Blake is the most complex as well as tragic. He is a former DEA whose fiancée was killed during an operation that went bad. Ever since, Blake has been on a course to enact vengeance against the men responsible much to the dismay of the DEA and his brothers.

While working secretly, Blake is getting closer to his target. He has a meeting set up with a woman where he will exchange information and earn him a coveted spot near his mark. However, he does not meet with the original woman. Instead he meets with a woman whose very looks bring about emotions he believed were dead long ago. Kara and Blake have a one night affair that will lead to so much more. They both have secrets that will get them killed by the very people they want to take down.

I really enjoyed this installment in the series because it is riddled with mysteries, intrigue, and danger. The first meeting between Kara and Blake was a little unbelievable but the rest was just sheer adrenalin at its best. The cliffhanger ending was a very nice touch. I can't wait to begin part 2.

Wonderful Romantic Suspense

This is romantic suspense at its best. We first met the hero, Blake Walker, in the previous books but with the

Prelude included with Part 1 this can stand alone. Blake captured my heart with his tragic past and the heroine who is hiding things of her own is so intriguing. There are secrets that need to be exposed if they are to save each other which they fight against yet long for. The book description captured me, "Can these two broken people drawn together by their sizzling hot attraction see beyond their pain and their need for vengeance and find the trust they will need to survive", and the story did not disappoint. I was left wanting for more and am so looking forward to the next part so I can find out what happens next. This series is one of my favorites from Lisa Renee Jones.

Wow! I really like Blake & Kara's story. We get to learn a little bit more about the mysterious Tiffany Snow or Kara. The attraction between her & Blake can't be denied however much they try to hide it. Lots of steamy scenes between the two!! I saw a softer, more caring side of Blake through his feelings for the girl who is far from what she seems. Ready for the next part!!

I am not writing a review on this book until I am able to read all four parts of this series. Each book so far has been very short and should have just been put into one book, so that I am not having to wait to find out what happens with Blake! Each book is about the size of a small novella. I have a feeling that by time I read all four parts I will love it. I just hate having to wait for the other parts to be released! Loved it! I still wish we could have got the whole book at once on time but I'm too impatient to wait for summer for the book in it's entirety so I'm getting it in installments starting with this one which includes the prequel story that was released a couple of months or so ago. Of course the problem is it ends on a cliffhanger and I have to wait for the next installment to see what happens! Either way I'm loving Blake getting his turn centre-stage and I'm really loving his heroine, already she seems perfect for him! This is shaping up to be a great story as I've grown to expect from the series having read the first two books and a prequel book!

ONE DANGEROUS NIGHT by Lisa Renee Jones

ONE DANGEROUS NIGHT is the prequel novella to Lisa Renee Jones BENEATH THE SECRETS from her Tall, Dark and Deadly series featuring the Walker Brothers. One Dangerous Night is the introduction to Blake's story. I originally read this storyline as (Tall, Dark and Deadly 2 .5)

Two years after the murder of his fiancé (and fellow ATF agent), Blake Walker finds himself working for Walker Security- a family run business where his contacts, motivation and revenge take on a whole new meaning. With the Alvarez Cartel high on the list of priorities, Blake arranges a meeting with woman connected to one of Alvarez's firms only this woman didn't seem to fit the bill.

Tiffany Snow (an alias) walked into the bar looking for the man she would take to bed. Not necessarily high on her agenda, but her need to get the file from her contact was far more pressing than keeping her morals intact. But what the man in the corner doesn't know is that she isn't the one he wants to meet.

Something about Tiffany tugged at Blake's heart. Beautiful beyond his imagination, the woman didn't strike him as the type to be working for a drug lord. Something about the regret and sorrow in her eyes, made him rethink his current situation. But after a wild night of passion, Blake wakes alone, drugged and the file is missing. And when his brother's investigate further, they soon realize that Tiffany Snow does not exist and she is currently below their radar.

ONE DANGEROUS NIGHT is a quick read that introduces the two major players in Jones's October release of Beneath the Secrets. Like the previous Walker brothers, Blake is smooth as silk and sexy as hell. Knowing how to treat a woman in bed must have been bred into the Walker DNA. I am looking forward to BENEATH THE SECRETS. As a prequel novella there is not a lot of storyline, but it was meant to tease ....and it does.

A week later Blake has a face to face meeting a Alvarez and becomes his head of security. Imagine his surprise/anger when he meets Alvarez's personal assistant, Kara aka Tiffany Snow. The same woman who drugged him in Denver and stole his file. Determined to find out who she is and if she intends to let Alvarez know how easily he was duped, Blake keeps Kara close to him.

This book has steamy love scenes and a cliff hanger that will have you impatiently waiting for the next installment in February 2013.

Not impressed...This last installment is probably the best out of the series and that ain't saying much ladies...This series is a complete disappointment. The title sounded oh so interesting...the cover lured me in...the atrocity of the editing turned me off as it continued in each story. The mindless (damsels in distress) are idiots who can be shut up with a good "tupping" and then follow whatever line of B.S. their neanderthal (Mr. TD&D) feeds them. Utter nonsense! Why did I continue reading?! I wanted to get my \$.99 worth for the four stories I suffered through! Wasted potential. Could have and should have been a better series. Whether this series is finished or not, I am. 1.5 stars.

Good stuff leaves you wanting more and I can't wait for part two in Feb. The series as a whole has been very good.

## **Jessica says**

Blake Walker is a man who is struggling with the death of his fiancée and is seeking revenge onto the cartel that killed her but first he needs to get into the inside of the organization. Kara Aka Tiffany Snow is definitely hiding something....is she FBI? Undercover? The passion between these two is incredible but they are both playing with fire and they both have trust issues for obvious reasons! On to part 2.....

## **Cindy says**

Blake is a man who is struggling with the death of his fiancée. But Blake believes he has found the way to get past her death. By killing her murderer Alvarez. He has a plan and he is staying the course until Blake discovers that the woman who drugged him in Colorado is after the same thing. Only Kara isn't just a secretary she is an Ex FBI agent. Along the way they both discover the truth and each other. Only killing Alvarez is easier than trying to keep their hands off from each other.

The Tall, Dark and Deadly Series is just that, with all the Walker Brothers.  
No woman's heart would ever be safe.
