Deadly Trio: 3 English Mysteries: Ice Blue, Blue Murder, Something Blue Emma Jameson
The New York Times Bestseller.

Here are the first three Lord and Lady Hetheridge Books in one collection! In ICE BLUE, meet Lord Anthony Hetheridge, chief superintendent for New Scotland Yard. A bachelor approaching his sixtieth birthday, Baron Hetheridge has a neat, orderly personal life that his new subordinate, the impetuous and beautiful Kate Wakefield, turns upside down. And their first murder case together reveals not only a powerful attraction, but a secret from Hetheridge's own past.

In book 2, BLUE MURDER, Hetheridge and his detectives, DS Kate Wakefield and DS Deepal "Paul" Bhar, seek the culprit of a deadly Halloween bash while Hetheridge, ever more enamored of Kate, is determined to put an heirloom engagement ring on her finger.

In book three, SOMETHING BLUE, East Ender Kate is finally ready to marry her blue-blooded guy and become Lady Hetheridge at long last. But with Downing Street pressuring them to solve a case in the shortest time frame ever, and serial killer Sir Duncan Godington back in the mix, can the wedding actually go off without a hitch?

Pamela Wray says

Enjoyable intense & satisfying

Even with grisly murders abounding, in my mind this was great enjoyable read? Truly believable characters, somewhat tense in some situations, but never the less a jolly good read.

Jan says

This is such a good read! Finished Ice Blue today and continuing with Blue Murder. These are well-written, lively stories with engaging characters. I'm enjoying this collection of three murder mysteries set in London.

Karen Hopkins says

Loved this trilogy!

The characters were so well developed and had so much depth, I felt like they were all good friends of mine. The intertwined plots were excellent.

Trina says

Follow along with Tony and Kate and a little mystery

I have really enjoyed getting to know Lord and Lady Hetheridge. Set in England, it is a nice departure in rank and class and the ways of the police. It is nice to enjoy a book that could tell the story of real people, their mistakes, family, and lessons learned. Make yourself a cup of tea, sit back, relax, and get to know them yourself.

John Bisset says

Great Trio of unusual Detectives.

I enjoyed these stories, the first and second more so. The third story was basically the wrap up, with few surprises. But still an enjoyable read.

The Characters were all well rounded and interesting.

I enjoyed getting to know them all.

A more gentle tale

A cross between a crime novel & romantic fiction.

At first, found the budding romantic interest amusing, the more I read, the more it became a sideline occasionally interfering with the murder enquiries.

Th occasional utterances from Kate, supposedly being from her humble beginnings, were as believable as Dick Van Dyke in Mary Poppins!!!

The villains are far better drawn characters, interesting, amusing & at times likeable.

I expected Vic to get the sack a number of times & hope in the real world he wouldn't last long. The

Will read the other two purely to see if Rodney does from alcohol poisoning & Vic gets convicted of a hate crime.

Pat says

Quite amusing

Found the dry sarcastic humor enjoyable, the continuing relationship between Lord Hetheridge and Kate that flows thru each book creating cohesiveness and the professional of the 3 protagonists very enjoyable. But when is the Duke finally going to be caught?

Kathy says

I read the first book of this trio a year ago and was not willing to pay the price for 2 and 3. Then I was reviewing books available and saw this box set of 3 for 99 cents, so rang the sale.

Scotland Yard, aristocrats, silly behavior, evil murderer who evades justice with plenty of dramatic murders to investigate and a marriage to be finalized.

Quite a lot for the price including murder by ax through the skull at Halloween party where cocaine was the main attraction. If I went on describing the outlandish events I will need to run a sanity check on self for reading all three books. Nevertheless, I was entertained because of several of the characters.

karen wendt says

Loved these, and will read more of this series.

Patricia Poinsett says

I enjoyed this very different police procedural/romance. The situations in the book seemed highly improbable. The characters were enjoyable and a little off beat. Issues like racial prejudice, women's rights and lesbian/gay concerns are integrated into the stories seamlessly.

It is a fun series and I will read more of stories

The First Three Heatherifge Mysteries

These mysteries remind of the old British ones with a Lord and beautiful girl friend mixed in with a quite modern take on equal rights, computers and cell phones, and diversity. It all makes for a very satisfying escape.

Dee Mills says

I enjoyed these 3 books, which are the first 3 books in the Lord and Lady Hetheridge Mystery series.

The series is a light read, but the mysteries are real as is the police work. Throw in a romance between an older Scotland Yard Chief Inspector who is also a Lord and a younger woman who is a detective, and you've got me! It was a delight.

Ice Blue: Started April 3, 2018, Finished April 4 2018.

I really enjoyed this first book. Lord Hetheridge of Scotland Yard finds himself at 60 falling for his much-younger DS Kate when she is transferred to his team. They are investigating the murder of a wealthy man, which is why Hetheridge has the case. He gets all the 'posh' murders on the basis that he knows best how to deal with that sort of people. However, his team consists of blue-collar Kate and Pakistani Paul, both of whom tend to raise the hackles of the rich who think they deserve better. When another murder occurs in the same circle, things start heating up. Kate lives with her mentally retarded brother and her nephew and a caretaker. When Kate discovers she is pregnant her life gets even more complicated.

Blue Murder: Started April 4, 2018, Finished April 5, 2018

Two young people have been killed at a drunken party at a rich girl's home, so Lord Hetheridge gets the call. He has to be extra careful, because the neighbor of the girl is Sir Duncan Godington, who appears to be set to be a recurring villain in the books. Tony and Kate's romance continues.

Something Blue: Started April 5, 2018, finished April 5 2018

Kate is finally ready to marry Lord Hetheridge, but the government is pressuring Scotland Yard for a quick finish to the latest case. After a major oil spill, the owner of the company is murdered and there is an entire hotel full of suspects, including Sir Duncan again.

I enjoyed all of these books, and am looking forward to the next two in the series.

None of the 'Date finished' blocks on Goodreads seem to be working properly!

Can't seem to get to the owned book place. Purchased B&N 04/02/2018. 3-in-1. Apparently another self-published, since all it says on the copyright is "created by Vellum", no ISBN. But the publisher is Lyonnese Books? Move this info to the comment if I ever get to see that part of this page.

good reads! enjoyed all 3

Lord and Lady Heatheridge

Three books and three stories. Lord Heatheridge inherited the baronage but prefers service on the force over his title. Kate is transferred to Lord Heatheridge's team where the two fall in love. Together they work to solve London's most privileged crimes.

This is the first three books in the series.
