Read ***THE GATHERING*** first to avoid spoilers.

They say revenge is sweet...

Lissa Stuart is thrilled to get a job researching for an upcoming movie in Scotland--supposedly the land of her ancestors. When she brags about possibly being related to Bonnie Prince Charlie, she captures the attention of an angry, embittered warrior.

Revenge is all that Gareth thought about for the last 270 years. According to a witch helping him and the other warriors stuck at Culloden Moor, it's not his turn to come back to life but that doesn't matter to him in the least! When he gets a shot at a flesh and blood existence, if only for a few days, he seizes it!

If he has his way, this time the last word will not come from the living, but from the dead.

A NOTE ABOUT THE SERIES: Although the individual stories of Culloden's 79 need not be read in strict order, *The Gathering* should definitely be read first in order to know what's going on between the Muir Witch and these Highland warriors from 1746.

The Reckoning, Number 79's story, will finish the series.

An tale with a twist

This historical romance with its ghostly and resurrected highlander has a twist when family are reunited. An enjoyable read, one of two unnecessary bits that didn't really add to the tale.

Kathy Jo says

3.5 Stars

Before reading any of the books in this series, you will first need to read The Gathering so you can get an understanding of what's going on.

I wasn't sure what to expect when I started this book. I have loved all of the books I've read by Diane Darcy so I thought I would give her books in this series a try.

Gareth was a cute, fun, quick read. I thought it would have been a bit more "ghostly", but to me it was more contemporary than paranormal. But that didn't stop me from enjoying it. I'll definitely be reading more books in this series. :)

Gotta love a little Scottish brogue.

This has an interesting premise - ghosts waiting for revenge. Gareth busts out with his new temporary life before fully understanding the stakes, just knowing he's waited a long time and needs to make that traitor of a king pay.

Enter Lissa, who has the misfortune to claim she's a descendant. In front of Gareth. He's bent on killing her, but something changes his mind.

Gareth is a great hero - a leader and a protector, with a sweet gentle side.

This is a fun story. I enjoy Diane Darcy's charming Scottish heroes.

Denice Darland says

Fun, exciting tale of ghosties and the power of love

Written a wee bit differently but every much a fun tale of magical romance and adventure that takes you along with them on their journey.

Kathleen Lowery says

I found this set of books while I was sick, now I can't stop! I want them all to be happy, send one to me please! Lol but if not I hope all the lost lads at that battle find peace, thank you for the story

Lissa Stuart meets the ghost of Gareth on Culloden Moor as she is researching history for her boss's upcoming movie. Fending off pretty boy actors and young ruffians keeps Gareth busy after he decides not to kill Lissa ? or will he after all ? To get back at Bonnie Prince Charlie.

Gareth

Wonderful! I thoroughly enjoyed this book! It is fun to read; full of adventure and ending in wonderful romance!

I recommend this book to everyone.

I love Gareth

What a great story and I simply love the tie in to Diane Darcy's other story-how clever. It was Gareth's anger that drew me to his story. All that rage, rightfully so however it made him in need of Lisa's. This is such a great story - off to read the two tie in books..

Ronna Gangluff says

Fun romance

A little fantasy, a little adventure and a vera hot Scott what more could you ask for in a romance?

Donna says

Too short

What a delightful story of hate, revenge, sacrifice, love, and forgiveness. I can't wait to read more! ...at least 78 more!

Evelyn McCafferty says

Enjoyable.

Really liked this book even though it mimics the Outlander series of books .A little too short, but still fun.

Stephanie L says

This is the fifth book in the series. You will want to read the first short story, The Gathering, before you start the rest of the series. After that each one can be read as a standalone .

Gareth is one angry, but hot? Scot! Lissa's announcement that she is a descendant of Bonnie Prince Charlie while standing on the grounds of Culloden Moor was probably not a smart move on her part. Her announcement leads her on an adventure she never expected to take.

I really enjoyed this book and loving the series so far. There are many more books to go.

The Best of the Culloden Moor Ghosts yet

Gareth has justified rage that has built to fury over the two centuries since he & his brothers were killed in battle. Now he has a chance for revenge, will he be able to take the life of one of Bonnie Prince Charlie's descendants?

Karen says

Quirky novella. A ghost seeking revenge, an ancestor coping the brunt & they set off on adventure of discovery.

Quaint.

Melanie S says

Ah, the romance of a Scottish Highlander ghost! Lissa Stuart's job takes her to Scotland's Culloden Moor battlefield, where her joking tale of her purported ancestry has Gareth, a 270 year old ghost, enraged. She's a descendant of Bonnie Prince Charlie, the cowardly Stuart prince who left Gareth and his brothers to die at Culloden. When Soncerae the witch offers Gareth a few days of life, he jumps at the chance to destroy Charles Stuart's descendant in revenge. But Lisa isn't the coward her ancestor was. Gareth isn't as willing to murder as he thought he was. What begins as a kidnap/attempted murder ends as the sweetest and most touching love story, as time travel and magic lay the ghosts of vengeance and despair to their final rest. Diane Darcy creates memorable characters and lovely Scottish settings so well that I didn't want the story to end!
