## **M: Economics, the Basics** Michael J. Mandel

Mandel's M: Economics, The Basics third edition focuses on developing a student's economic literacy without overwhelming to provide a window into what's happening in the current economy. Michael Mandel, the former Chief Economist for BusinessWeek magazine, now Chief Economist at Visible Economy LLC, writes in a journalistic style, drawing upon news articles and experience throughout the text to present economic concepts in a way that is understandable, relevant, and exciting for a broad audience. The succinct coverage, magazine-like design, and accessible presentation of math and graphs will help instructors overcome the common challenges of this course, and make the material more approachable and attractive to a wide range of students.

### **Beth says**

Read for economics class. I found the class boring, but I suppose this textbook was ok for what it was.
