Micah & Mrs. Miller Heather Long

Meet Micah Kane. The second son, the helpful one, the protector of those he loves. He's never faced a challenge he couldn't overcome.

When the spirit fever struck a town, a village or an outpost, it left few if any survivors. The white man blamed the Indian saying they used their mojo on them. The Indians blamed the white man for angering the spirits. The survivors knew it didn't matter. The Fevered were forever changed.

A job that needs to be done...

With his older brother Sam preoccupied by the upcoming birth of his child and younger brother Kid recovering from his injuries, Micah Kane has never been so busy--too busy to go to San Antonio and escort home the new schoolteacher--but what his father wants, his father gets. Busy or not, one look at the exotic beauty with her rich European accent and he can't think of anything else.

A woman on the run...

Josephine Miller entered an arranged marriage on good faith. One year of misery later, she discovered a horrifying secret about her husband and fled west. Becoming a schoolteacher in a small Texas town seemed like the perfect way to disappear but Micah's touch awakens a desperate desire that she finds herself helpless to resist.

Darkness, danger and death lurking on the horizon...

An outbreak of the spirit fever, dangerous strangers in town and wild accidents at the Flying K threatening everything they care about, Micah must convince Jo that she doesn't have to run--together they can stand against any storm.

His code. Her secret. Their war.

The Series is complicated, intense, very dark (almost brutal) at times, and with an almost overwhelming number of characters, but nevertheless is still engaging.

Author is gifted story teller and I got caught up in stories and wanted to keep reading to discover outcomes and how couples find their HEAs. By book 4 there is a very clear and intelligent examination of coming into a gift and the ethics of using a gift or talent.

Although the first couple of books in the series were only 2 stars for me, I found I enjoyed the series more by Book 4 which rated 4 stars. Now really looking forward to reading Book 5....

Book 1 -Marshall of Hel Dorado - 2 Stars

Book 2 - Brave are the Lonely - 2 Stars

Book 3 - Micah and Mrs. Miller - 3 Stars

Book 4 - A Fistful of Dreams - 4 Stars

Micah Kane has a lot to do and picking up the new school teacher is not high on the list of things he wants to do. But when he meets her his heart knows her for his own. Unfortunately trouble followed Mrs. Miller and it could destroy all Micah loves and holds dear. I absolutely adore Micah. I was thrilled that Jo wasn't another spoiled princess and was able to show a different side of strength.

MY REVIEW COURTESY OF FALLEN ANGEL REVIEWS:

Micah and Mrs. Miller
Fevered Hearts 3

Over the past year, things have been crazy for the Kanes in a way Micah never imagined. The arrival of the Fevered, those survivors of the spirit fever gifted with supernatural abilities, has brought all kinds of busy to their doorstep and that is precisely why it is up to Micah to travel to San Antonio to meet the new schoolteacher. Though it started as an inconvenience on his part, one look at Mrs. Miller is enough to change Micah's mind. Almost immediately, Micah decides she's the one for him, but courting Josephine is no easy task. Trouble has followed her in the form of her husband and a group of deadly strangers whose intentions are anything but good. Can Micah convince Josephine to fight for their right to be together, or will her guilt

over the danger she brought drive her away for good?

When Josephine Miller fled her wicked husband, the last thing she wanted or expected was to fall for another man, but Micah Kane catches her eye the moment they meet. The trouble is, the husband she ran away from has followed her to Dorado and Jo fears she has put everyone at risk. To make matters worse, there is a new outbreak of spirit fever ravaging the town and nobody is safe. Is there a happy ending beyond all the disaster, or will Jo's problems destroy the only man she's ever loved?

Every once in a while, I come across a book that has such an impact; I can't wait to write about it. *Micah and Mrs. Miller* is just such a book. *Micah and Mrs. Miller* is the kind of romance that you can't help but fall in love with. It is brilliantly evocative and will tug on the heartstrings of even the toughest critic.

Micah is the kind of cowboy every woman dreams of. He is patient, loyal to those he loves and has a strong moral fiber. He was also exactly the kind of man Josephine needed after all she had suffered.

Jo had the kind of valor I wish I possessed. She not only had the courage to run from an abusive relationship, she was brave enough to love and trust again. The love and passion between her and Micah was heartwarming and left me with a case of the warm and fuzzies.

New reveals about the Kanes and the Fevered were brought to light and fed my desperation for the next book. Heather Long's *Fevered Hearts* series gets better and better with every volume and has gained a spot on my must-read list. If you are looking for a passionate tale of the Old West, look no further than the *Fevered Hearts*. I guarantee, you'll thank me for it.

Micah and Mrs. Miller is the third book in Heather's Fevered Hearts series and let me tell you, they get better and better with each one if that's even possible.

Micah Kane is the brother who is basically in charge of the entire Kane ranch and the last thing he wants to do is go pick up the new school teacher, Mrs. Miller. He soon decides the best thing his father ever did was send him to get Josephine.

There is so much going on with this series and what I like most is you never lose track of the previous characters. They all make a reappearance and add to the building story. You fall in love with each character and look forward to the time when "their" book comes out.

Thank you Mrs. Long for bringing us this amazing series. I can't wait to read the other books.

I liked this book. It had romance, drama, fantasy, and a good story line. It is one in a series of books but I didn't have to have read the other books to follow this one. The story moved along well and I ws never bored. I never thought "hurry up and get along already."

4.5 Stars for the story, 3.5 for the romance

I really liked Micah from previous stories. I do like Jo - she's kind, hard working, and brave. My issue is these characters seemed to share an attraction, but they hardly have any worthwhile interaction. Micah wants to marry her and says he loves her, and my first reaction is how?! They hardly know each other....

With that being said, I enjoyed them as a couple after this, when I could forget how they raced into it. The big bad brought a pretty vibrant and enthralling background story that I enjoyed far more than the love story. I'm still interested to know what's next for everyone, and I can only hope the relationships improve here on out. (I have high hopes for Heather)

Another great read in a very unique and interesting series!

What a good book!

I enjoyed this book just as much as the other 'Fevered' books. I am looking forward to reading the whole series.

The books get more interesting each time I read one.

This is an original review from <http://bookedandloaded.com> - I borrowed this title from a friend. All opinions are my own and are not influenced in any way.

Micah and Mrs. Miller is Heather Long's third installment in her Fevered Hearts series. So the title pretty much states who this book follows, so I promise not to be redundant and tell you again. ;)

The back story and conflict in the Fevered Hearts series is brilliantly enchanting. I love Long's world concept with the Fevered. Surviving a tragic illness and coming out with a special super power is both a traumatic and amazing outcome. Conflicts in Micah and Mrs. Miller are at an all time high. The Cane's and their community are under attack and they will do anything to protect those that they love. The relationships between the Cane family and many other secondary characters make this a world you want to crawl into to just join in the fight!

I am going to admit that Micah was my favorite Cane. Yet, I didn't feel quite as connected to his character in Micah and Mrs. Miller as I expected. I think for me it might have been the realization that he was really too good of a guy – don't judge me – with little issues or baggage made him harder to relate to. However, Mrs. Miller was an unexpected flare that did compliment Micah nicely. Their chemistry had that old fashioned feel that added to the overall feel of the setting.

Micah and Mrs. Miller is another great addition to the Fevered Hearts series.

I rate Micah and Mrs. Miller 4 out of 5 Bullets!

I love the Fevered. I am always surprised, even when I think I've got something figured out!

If you have been following the blog you know that I have completely fallen in love with Heather Long's Fevered Heart Series, and Micah and Mrs. Miller is the third book in the set.

It's been a few months since Micah left with the Fevered men in search of Kid and Cody. They have returned with their family and Cody's mate Mariska in tow. Family is also growing, with Scarlett and Sam expecting their first child. In light of all this Jebadiah Kane has decided that building a school house and hiring a teacher would benefit all the families on the ranch. Only thing is this teacher has a secret of her own.

Josephine Miller is running, she is hiding and praying that her past doesn't find her. But what is it she is hiding? And how will she cope coming from the busy city in New York to the sparsely populated Dorado. She is so nervous when she first arrives in San Antonio. Lucky for her Micah Kane has been put in charge to pick her up and deliver her to the ranch. Only she didn't know that unknowingly her past had found her.

Once again Heather Long has done a wonderful job of transporting us to the world where people have been able to survive a fever that annihilates whole towns are left with powers. She gives us more information on each of the Fevered abilities, but also opens up a whole slew of new questions.

The characters and town we've come to love over the two previous books are suddenly put in danger. There are others out there in the world who are trying hunt and capture the Fevered. They don't have the most honest intentions, and as a result man innocents are hurt.

I have to say that I cried big, fat, ugly, sobbing tears reading this book, especially when I thought certain things would take place. The way this series and this book is written makes you fall in love with each and every character. It immerses you so deeply that you feel what is happening to the characters is happening to a member of your own family.

I've comment at Heather in length as I was reading the book on how I felt and things I thought were going to happen... and she explained that this book is a turning point... So I look forward to seeing what that turning point is and how it will translate to the other books in the future.

My review for A Fistful of Dreams will show up on the blog soon enough... As soon as I finish posting this review I will be diving right into that one... Enjoy.
