Behind the walls of the monastery, the monks of Xenos grow enchanted golden apples for the villagers who live in their border world. The golden apples have magical healing powers that keep the villagers from harm. The monks also guard the knowledge that binds Xenos to her sister worlds and that keeps Xenos and its citizens safe. But now the monks have been zombified! What will the people of Xenos do now that they have no protection?

The only ones who can save Xenos's monks are Phoenix—a miner girl who loves adventure—and her new friends: a hermit and Wolfie the wolf pup. But Phoenix and her gang do not suspect the culprit who is behind this terrible disaster—a powerful foe who will stop at nothing to keep Phoenix from saving the monks, and her world.

The exciting follow-up to *Quest for the Golden Apple* by *New York Times* bestselling author Megan Miller, *Revenge of the Zombie Monks* is sure to keep readers and fans of Minecraft on their toes!

Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. In particular, this adventure series is created especially for readers who love the fight of good vs. evil, magical academies like Hogwarts in the Harry Potter saga, and games like Minecraft, Terraria, and Pokemon GO. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

From Reader Review Revenge of the Zombie Monks: An Unofficial Graphic Novel for Minecrafters, #2 for online ebook

Taylor Drost says

It was a very good book. I can not wait to read the other books in the series.

Alyssa says

OK this is my bro's book- and it looke strange so I opened it up and started to read.

Maximilian Lee says

I loved this book because I love minecraft. This book was about Phoenix and T.H. having an adventure to stop the zombie monks and make them back into villagers. I also liked this book because Sally the chicken and Wolfie the baby wolf still don't hurt each other and just play around.

Alyssa says

Again, my brother, once again came home with one of these books and I had nothing better to do than open up the front page.

Anne says

Book 2

If you have a graphic novel reader that also loves MineCraft, then this is the perfect book for them! Follows the adventures of TH and Phoenix and a growing crew of animals.

Caleb says

I love this book so much it was cool. But when I bought it it cost \$24.99 it was going, but it was a good book. wow \$24.99 for one

Chris says

I saw this at the scholastic book fair at my school. just jumed right in and read it, not caring that I was reading a sequel before the original. (which I normally make it my policy not to do. It's like digging straight down. I don't like to do it, it's not recommended but sometimes I do it anyway.) I also saw one of the hacks for minecraters books at the book fair. it was cheap, looked interesting, and I AM currently trying to learn everything I possible can about my favorite game. had no idea they were by the same author. or that I might be suddenly discovering my new favorite author. As for this book, it's pretty good. I would recommend it for any and all minecrafters.

Alex says

I did not like this book because I do not like zombies. I enjoyed this book because I liked the part when Phoenix and Tom cured all of the zombie villagers with splash potions of weaknesses and golden apples. I also enjoyed this book because I liked the part when Tom finally got home. But the bad thing was that Phoenix didn't get to go home yet.
