This story was entertaining, had a lot going on, but at the same time very annoying. Trista gets kidnapped by Lance a half breed from his fathers ranch, she is his 1/2 brothers fiance'. He is looking for revenge against his father thinking that his father did not love him. Throughout the whole book:
Trista: I hate you, I hate you, I hate you, I vow never let you touch me again... yet every time he so much as looked at her, she was in lala lust over him and just could not control herself...
Lance: Your head tells you no, your body tells you you want me... I will show you that you can't say no to me with a kiss... right into sex scene. This was the theme of the whole book... over and over. So much going on with this book, the brother, the father, the uncle, stepmother and everyone else they know, yet everything works out perfectly. The good guys live and get HEA, the bad guys die. The end.

easy reading

Lyn says

I loved this book. Trista was captured by Lance, a half breed Comanche. They ended up falling in love and married. Lance also caught a horse, Fergo, but the horse escaped and is now free. I would recommend this

book, and I know I will read again.
