A lovely little short about Violet and Mac, who are expecting their first child - sweet baby Daisy. All of the females - Marguerite, Sarah, Gen, Lauen and Chloe are present for the baby shower and they discuss their beautiful husbands, I'm surprised Josh did come up. Then Mac returns home and the story closes with a very sexy hot submissive scene.

Diane Dannenfeldt says

[especially the flogger rattle that was awesome (hide spoiler)]

Booklover, Indianapolis says

(Aug) Violet is hugely pregnant, so all her friends throw her a baby shower. Now it's funny - whenever you read about BDSM in the news, if they interview participants, they say it's a part of their lives, but not the only part. Yet in pretty much all the BDSM books I read their only friends are ones who've seen them nekkid, ones who enjoy their sex the same erotic way. So here is Violet, surrounded by some subs and some Domes and she gets weirdly inappropriate gifts - such as a baby onesie that says I Like Spankings with an erotic female on it winking - and the toy that comes with it is a little baby flogger. IDK, I find that somewhat uncomfortable - because, yeah, they are sexing up the idea of a baby. Whatever. it's kinda weird and kinda funny and so glad it's fiction. Anyway, Violet gets freaked out because Mac, a cop, is at a crime scene where people get hurt - and she worries about him. He's fine, but she feels the need to have an intense dom/sub scene to calm her down and ensure she knows he's alive and well and belongs to her - and vice versa. I've always been a bit uncomfortable with Dommies, but this works well enough - I like them together and I'm glad Mac is allowed to be his own big bad Alpha self even when he's his wife's very willing sub.

When I started reading these free stories, I had no idea I would love them this much. Sure, I assumed I would like them -- they are penned by Joey W. Hill, after all -- but I thought they would be just some cute stories about how some of the characters were doing after their book ended. However, they turned out to be an invaluable addition to the books. Not only do they give a bit more of the beloved characters, but also show how they're handling some issues in their lives, and give us an update on not only them, but some side characters as well. I've had a few questions answered while reading these vignettes. *The Baby Shower* was no different.

When a baby shower is attended mostly by Mistresses, you just know it'll be fun to read. And it was. It was lovely to see all these women in one place, chatting about babies and floggers and their husbands' asses, and teasing Violet.

Having just read Marguerite & Tyler's story, I loved seeing Marguerite here, and learn how she and Tyler are doing.

The second part of the story is about Violet and Mac, with Violet in a punishing mood, but mostly it's about how well or not well she's handling Mac being in life-threatening situations doing his job, especially now when her pregnancy hormones are making her extra sensitive. It was a very touching scene, one that reminded me why I liked them together, and one that made me happy their family is expanding.

If only all baby showers was like that. So caring and loving. You need to read this after you read natural law.

3.5 stars.

Too little McKenzie for my liking...I'd much rather read about him than lengthy descriptions of the wrapping paper on each of the gifts Violet received at the baby shower.

This was sweet, though. And Mac was H-O-T, as always.

5 stars.

Glamdring says

I'm sorry but since her book I'm no fan of Violet. The two stars are for Mac.

Baba says

4.5 funny and hot stars.**Review completed November 5, 2013**

"Should I be worried? I know the tastes of this crowd, and the baby may be too young for some of the gifts you've brought."

"Now, they make St. Andrews' crosses in all sizes." Lauren tucked her tongue in her cheek.

"And I did have it fitted with monogrammed fleece restraints."

"Oh, God..."

(...)

"Let's just hope you don't arrest us all for corrupting a minor in the womb," she said.

"Weren't we going to talk about Marguerite's husband?"

"Absolutely..." Chloe sighed. "I work in paradise. I get to see him every day."

"You seduce him into the tea room with free dessert. If he gets a weight problem, I'm taking it out of your ass," Marguerite noted darkly. "And the dessert out of your paycheck."

"It's totally worth it."

Gorgeous Mac...

Sexy arms and hands. YUM!

Marguerite and Tyler's gift was the **BEST!** Seriously beautiful as well as thoughtful. <3 <3 <3

"Oh my..."

It was two (view spoiler)

Mac is going to wear them with love and pride. :)

She made herself move, come out on the front porch to meet him. He'd stopped to get the mail and now he looked toward her, his eyes crinkling with his heartstopping smile. "Hey, sugar. How was your girl thing?"

Mac...this is for you. <3

"Don't stop...please..."

"No, I won't, sugar. I'm here. Feel me. I'm here." He brought her down hard then, earning a keening gasp that darkened his silver gaze, tightened his lips, but his other hand remained

cradling her face, his thumb catching every tear on that side. "I love you, Violet. You are everything. F@cking everything. Sshh, I'm sorry, I should have (view spoiler) showed up. I love you, sugar..."

It's been a while, so I'm going to make this short and sweet.

Violet is meeting her girlfriends to celebrate her prospective motherhood. It's a loud and fun encounter with lots of witty and endearing banter. You can expect a couple of very "appropriate" and thoughtful gifts. Vi's husband Mac is working and (view spoiler) So, when Mac comes back home Vi is ready to dish out some ~~sweet~~ steamy revenge. She can count on Mac who hasn't any objections.

In The Baby Shower the fun part goes hand in hand with the **HOT** and kinky sex. My oh my, whenever I have the pleasure to meet Mac again I have to pay attention not to have a stroke because that man sure knows how to accelerate my heart rate. He's simply delicious and so incredibly ~~likable~~ lickable. I would love to check out every inch of his delectable body. *makes slurpy noises* Mac alone is reason enough to whip out my fan. I have to confess it's beyond titillating to see such a huge sexy hunk of a man on his knees and catering to his Mistress' every need and desire. *drool*

The Baby Shower is a very entertaining and sexy little number, compellingly written and deserves a place on my shelf *best-freebies*. This is a must read for every fan of the Nature of Desire series.

Recommended read.

Isabel says

short and sweet, this short story describes the baby shower for Violet coming baby, and it was delightful seeing all the NOD females characters together. Check the presents for the little one, they are priceless :)

And of course, we get a hot and gratifying taste of my favourite sub. Can't have enough of Mac Nighthorse...

"Go get a shower," she ordered. "Ten minutes. Then come back to the bedroom and kneel at the foot of the bed until I tell you otherwise."

"Sugar-"

"Obey me, Mackenzie"

And then him being crazy in love with his Dom...

He released her but, because he was her husband as well as her slave, he put a gentle hand

along the side of her face. A brief touch only, then the fingers slid away, knuckles caressing her mouth.

And 'the' shower, forget about the baby, is the shower what ignites this short story:

He offered her a pleasurable view of his tight ass in those jeans as he moved down the hallway, the breadth of his shoulders and ripple of back muscle as he removed the harness and pulled the shirt over his head, tossed in the hallway laundry.

"Stop," she said abruptly. When he did, she was sure he knew already what she wanted, but he would wait until she commanded it. "Take it all off right there."

"I was going to use the outside shower."

"I know." She cocked her head, leaned against the front doorway as he looked at her over his shoulder, slanting a wry grin at her. "Ms. Ford loves when you slip out to the shower naked. She's our only neighbor in view. You don't want to be unfriendly, do you? [...]"

sigh

More of Mac Nighthorse please! :)_

Cam *tactile seeker* says

The best novella I've ever read. I might be a little biased because I have an obsession for Mac, but I'm also in love with Joey W. Hill and her incredibly emotional, incredibly sensual, gorgeous writing. She's one of a kind. (And her male subs drive me crazy)

Vettech says

This was such a fun read surrounding the pregnancy of Mistress Violet & her hot sexy hubby Mackenzie. Get a bunch of Doms and subs together for a baby shower and you just never know what will happen.

Cute update on characters from Natural Law. Very short and you have to join the author's fan forum website to get to it.

I love Mac and Violet. Love their dynamic. Great follow-up. These 2 are up there with my favorite book couple.
